Dies Slated to Head Inquiry Into Nazis, Reds

Congress Approves Official Investigation

Washington—A 36-year-old blond giant from Texas, self-named president of the "House Demagogues Club," is slated for the chairmanship of a seven-month official investigation into Nazis, Fascists and Communists.

He is Representative Martin Dies, one of the most entertaining, likeable and unpredictable members of the House, in which he has served since 1931.

Mr. Dies is a conservative Democrat, a lawyer, an opponent of the pending wage-hour bill, and as strong a defender of Americanism as the Nazis are of Aryanism.

It was his resolution providing for a seven-man committee to investigate Nazi and other foreign activities that the House passed last Thursday, and Speaker Bankhead is expected to name him as chairman. But further action by the House in voting an appropriation is necessary to start the inquiry.

During the debate Representative Dies disclaimed any intention of attacking Germans as such, asserting that his own mother was of German descent.

Guest Speaker

ISOBEL STEELE

To Hear Noted Spy Victim of Nazi-Land

Paul Robin Heads Jewish Committee

Isobel Steele, writer, and erstwhile spy against Nazi-Germany, will be the guest of Rhode Island Post No. 23, Jewish War Veterans next Tuesday evening, at which time the Post, in conjunction with the allied veteran organizations in Rhode Island, will open its campaign against Nazism, Fascism and Communism.

Born in Toronto, Miss Steele lived for several years in Hollywood, was graduated from Occidental College, and in 1931 went to Germany to continue her study of the violin. Accompanied by her mother and sister, she settled in Berlin. She participated in the lives of newspaper correspondents and other young people of the city, but as economic conditions became pressing, turned to free lance writing. She became acquainted with Baron Susnowski, now in exile in Germany, and her arrest later as a spy, was definitely traced to this acquaintance. Evidence was manufactured to prove that she had sent valuable information to her brother, Archie Steele, a correspondent for a N. Y. paper in China.

Grilled by Police

Taken from her home in 1935, she was grilled for several hours by the police, and then thrown into a Nazi prison to spend four months of solitary confinement. At the intervention of Secretary of State Hull and Senator Borah, she was released and sent back to America, where she settled in Newton, Conn.

Warburgs Quit Own Bank in Hamburg

Stock Convention Founded in 1797;

Hamburg—The private banking house of M. M. Warburg and Co., which was founded in 1797, will be converted to a limited company, whose stock will be held chiefly by banks and industrial corporations, it was announced this week.

Four of the partners of the old firm resigned. They were:—

Max M. Warburg, Fritz M. Warburg, Erich M. Warburg and Ernst Spiegelberg.

Major interest in the firm will be held by Siemens and Halska, the Bank fuer Deutsche Industrie-Obliigationen, the Berliner Handels-Gesellschaft and Gute Hoffnungshuette and Siemens Schuckert.

The Warburg banking house of Amsterdam was not affected by the change and will remain the property of the Warburg family.

PLEDGE FUND

Vienna—Funds to finance a long-range program of selective emigration of Jews from Austria will be forthcoming from the United States and England as soon as the Jewish community here is in a position to administer them, it was declared by David J. Schweitzer, European vice-chairman and fiscal adviser of the Joint Distribution Committee on his arrival here.

Jimmy Foxx to be Guest of Beth-El Men's Club Wed. Night

At the annual Father and Son Night of the Men's Club of Temple Beth El, to be held on Wednesday evening in the vestry of the Temple, Jimmy Foxx, first baseman of the Boston Red Sox baseball team, will be the guest of honor.

Nomination, election and installation of officers will also be a feature of the evening. The slate submitted for the ensuing season is as follows:—Bertram L. Bernhardt, president; Irving L. Shein, vice-president, Samuel Kaplan, treasurer; Milton F. Tucker, financial secretary; A. Lincoln Abel, recording secretary. Directors for two years:—Herman Bennett, William Herman, Elliot Paris, Matthew E. Segool, and Benjamin Rossman.

Each boy present at the Father and Son dinner, will receive an autographed baseball, donated by Max L. Grant. A special program

Thousands of Jews Register for Migration

Vienna—The Jewish Community of Vienna has assumed the authority of the registration of Jews who wish to migrate. This step is being made upon the urge of the Nazi Governor of Vienna, Buerckel, who expressed his barbaric wish that at least 25,000 Jews leave the city annually.

Thousands of Jews are crowding the offices of registration with the hope that they will be able to leave the former Heaven of Vienna which Hitler has turned into Hell.

The difficulty of this registration, however, is that no one knows where to direct the registrants to migrate.

Immigration Curb In Palestine Hit

New York—Removal by Great Britain of "obstructive restrictions" on Jewish immigration in Palestine was urged by 700 persons attending a meeting in Mecca Temple sponsored by the Pro-Palestine Federation of America.

The organization is composed of Christians who support Jewish aspirations in Palestine. Twenty pickets from the Arab National League, 303 Fifth Avenue, carried placards on the sidewalk in front of the meeting place.

They declared that "Arabs are not against the Jews, they are against the Zionists who are the worst enemy of the Jews."

Refugees Watched for Smuggling; Customs Now to Search Baggage

New York—Baggage of German and Austrian refugees, when parcels are too numerous for thorough examination on the piers, will be sent to the appraisers' stores for inspection, Custom authorities announced this week.

The move was taken to halt increasing smuggling of cameras, binoculars and other items of valuable merchandise. Scores of expensive cameras have been seized in recent weeks and it is believed that many more escaped the notice of the Customs inspectors.

German refugees, denied permission to take money out of the Reich, frequently invest their cash in merchandise which, through ignorance or by design, they do not de-

clare when they arrive here.

Cuts Delay at Piers

The new practice of sending baggage to the appraisers' stores was put into effect last night on the arrival of more than 400 refugees on the United States liner Washington.

Customs men explained that by sending the bulk of the baggage to the appraisers' stores, aliens will be able to leave the piers without long delays. The baggage may be claimed within a few days of arrival.

Each incoming refugee brings from five to fifteen pieces of baggage, it was said.

55,000 Enter U. S. Since Hitler Rise

New York—Rumors that from five to ten thousand refugees from Germany had been admitted to the United States each month since the Hitler government came to power in Germany in January, 1933, were spiked by Federal immigration officials here when they estimated that a monthly average of only 1,100 refugees from Germany have entered the country since 1933.

If the 1,100 monthly figure is correct it would indicate that the total number of refugees admitted in five years is 55,000. How many of these entered as quota immigrants is not known because immigration officials say there is no way of distinguishing quota immigrants from refugees.

Methodist Bishop is Confirmed, Synagogue

St. Louis—Exercises confirming a Christian church dignity were held in a synagogue for the first time when Bishop Ivan Lee Holt of the Methodist Episcopal Church, South, was honored at special confirmation ceremonies in Temple Israel, with Rabbi Ferdinand M. Isserman presiding. "I feel it was a second

Deportee, Drowned, Left Note Telling of Love for Miami Girl

New York—The body of a man who vowed that immigration authorities would not part him from his sweetheart alive, has been washed up at Hoboken and identified as that of Albert Heinz, 25, a German.

He apparently had leaped from a ship or from Ellis Island while being deported to Germany. A letter in the man's pocket, addressed to Lou Annice Summers, of Miami, and written on stationery of the Clyde Mallory Line follows:—

"Dear Honey:—They are taking me away from you, from America and all the happiness which you have given me. I cannot do anything about it. Please forgive me if I have done you any harm and thanks for everything you have done for me. You gave me life, you gave me everything to be happy, and what have I given you?"

"They took me out of jail and did not even give me time enough to say goodbye to you. They will send me back to Germany, but I will never get there.

Do not tell anyone when you get mail from me for I am fighting for my life and your happiness. You

like you used to do. I know I made a mistake, but from now on I will be a different person if I should come out of it alive. Yours forever, Albert." A postscript added:—

"I gave up my country, Germany, for America and its honorable flag, for its freedom and history and for my girl from Mississippi. They didn't believe what I said. They sent me back to Hitler. But I will prove, alive or dead, my honesty and the mistake they make. Yours forever, Albert."

Philanthropies Receive Large Sums in Will

New York—Bequests amounting to \$367,798 were left to the Hebrew Orphan Asylum, the Mt. Sinai Hospital, the National Jewish Hospital in Denver, Montefiore Hospital and the Crippled Children's East Side Free School in the will of the late Frederick C. Goldsmith, a transfer tax appraisal of his estate revealed. He left \$183,899, one-third of his residue estate to the first two named institutions and a similar amount to be divided equally among

S. African Nationalists Trowned in Election

Cape Town—Complete urban returns in South Africa's general parliamentary election show that Dr. D. F. Malan's anti-Semitic Nationalist Party was swamped by the United Party of Prime Minister J. B. M. Hertzog and Vice-Prime Minister Jan Christian Smuts, the Nationalists failing to win a single seat.

It is expected, however, that Malan will win ten seats after the returns from the rural areas are in.

Among the winning candidates in the urban districts were six Jews, including one woman, Bertha Solomon, the first Jewess elected to the South African Parliament.

Hadassah Not to Participate in Congress Referendum Election

New York—The American Jewish Congress' national referendum on the question of unifying all American Jewish groups engaged in safeguarding equal rights of Jews into a single all-inclusive agency organized on a democratic basis suffered an important setback when the national board of Hadassah announced that the organization would not participate officially in the voting to be held June 25, 26 and 27.

Hadassah's action was disclosed in a letter sent to all chapters by Mrs. Moses P. Epstein, national president, in which she said Hadassah had originally endorsed the poll "on the assumption that the sole purpose of the poll was the democratic election of delegates to the forthcoming national conference of the American Jewish Congress in the fall. Introduction of a question upon which there is likely to be wide divergence of opinion in our ranks makes it impossible for us, nationally, to adopt an affirmative stand. The national board is therefore of the opinion that Hadassah officially should not participate in the election, in its present form. It is understood that this decision of the

Jews Disappearing From Nazi Cities

New York—With ten large German cities having lost more than 40 per cent of their Jewish population and many smaller communities disappearing altogether, according to report made public by the American Jewish Joint Distribution Committee, the ability of Jews in Germany to support their welfare work is steadily diminishing.

Belgian Fascists Stage Anti-Semite Parades

Brussels—Flouting an official ban, small groups of Rexists (Belgian Fascists) last week staged city-wide anti-Jewish demonstrations. With thousands looking on in apparent amusement, the Rexists paraded through the streets shouting, "Jews, go to Tel Aviv! Out with the Jews! Let's act like Germany and Austria!" Anti-Semitic propaganda is increasing in connection with the forthcoming municipal elections.

Claims Anti-Semitism In Franco Program

Correspondent Quotes Official Posters

New York—Anti-Semitism is part of the official program of the Franco (rebel) government in Spain, according to a dispatch to the New York Times by Harold Callender.

Discussing the Fascist form of the Franco regime, Callender quotes a Spaniard as saying "France is controlled by Jewish interests, hence her association with Russia. Freemasonry, which is Jewish, is part of the British Intelligence Service. The conflict of Fascism and Bolshevism is between Jews and countries where they do not have power."

This anti-Semitism, the correspondent says, "in a country that drove out Jews four centuries ago seemed odd. Lest it be regarded as an isolated case, it should be noted that official propaganda posters depict a broom (General Franco) sweeping out 'Masons' as well as Reds and other alleged enemies of Spain."

Nazis to Liquidate Jewish Enterprises

Berlin—Jewish enterprises in Germany will be "liquidated and suppressed" after the census ordered by Marshal Hermann Goering is completed, the National Sozialistische Reichspiegel said.

Commenting on the economic

dictator's order to all German and foreign Jews to declare whatever property they own in the Reich, The Combat, organ of the Nazi Party legal office, declared such businesses would not be turned over for operation by "Aryans," but would be driven out of existence, Jewish-owned properties which are not being operated "in the spirit of the four-year plan" or which are deemed to have gained undue advantage from German economic recovery will fall under the ax, the publication said.

Bauercrest Stresses Good Social Habits

Camp Bauercrest will open its 8th Season on July 3 with the finest staff of counsellors it has ever had. Most of them teach and handle children at their local Temples or Synagogue, and so are well fitted to carry on with children's activities at Camp.

The welfare, happiness and health of every boy at camp is the primary concern of the entire staff.

A "Super Inspection" takes place every Sunday morning. At this time, every boy receives a thorough me-

dical inspection by the camp doctor and nurse.

Habits of cleanliness, neatness and promptness when taught properly at camp will have a lasting influence on boys in their everyday life. Director "Uncle Joe" Bloomfield states that of all the activities at a camp those that mould good social habits are of the greatest importance.

Early reports indicate that Camp Bauercrest will have a most successful season. Parents are urged to register as soon as possible to insure a reservation at camp.

For further information parents may write to Joseph Bloomfield, 75 Greenwood Street, Auburn, R. I.

Thunder in the East

Nazi propaganda in the Near East is at last beginning to bear fruit.

For more than a year the agents of Goebbels have been laboring in Palestine, Syria, Iraq, Lebanon and Egypt to convert Moslem hostility to Zionism into anti-Semitism. How successful they have been is evidenced by recent events.

Taking advantage of the growing Arab resentment in Palestine, Moslem agitators, stirred up and financed by Nazi propagandists, have been promoting anti-Jewish incitement throughout the Near East. Anti-Jewish demonstrations have occurred in Bagdad, Beirut, Cairo and Alexandria.

In the mosques, anti-Jewish harangues have been made.

An anti-Zionist resolution adopted in the Syrian parliament was couched in anti-Jewish language.

Creation of a united Moslem front against Jews was openly advocated by speakers from Egypt, Syria, Yeman, Saudia Arabia, Iraq and Lebanon at a mass meeting in Cairo.

A boycott of the Jews was urged by many Arab spokesmen.

In Cairo there were large scale anti-Jewish demonstrations for the first time. The Egyptian government has already taken steps to curb the movement.

How much of this artificially stimulated anti-Semitism is due to Nazi activities and how much originates in Arab fanaticism is difficult to determine. But there is little doubt that Nazi propaganda has played an important part.

How the Nazis Use the Radio

From an article by Chester T. Crowell in the current Saturday Evening Post, concerning European short-wave broadcasts to South America:

"One of the sharpest German tricks is to fudge a bit toward the frequency channel of an English station just as an English news broadcast is coming to a close, and pick up where the Englishman stops. The voice of the German broadcaster will be as English as that of the original speaker; consequently the listener might readily assume that he was still listening to Daventry instead of Zeesen. Another sharp trick of the German stations is to blanket (interfere with) foreign broadcasts that are objectionable..."

The German stations, says Mr. Crowell, spread the "inuendo, and sometimes the blunt statement, with very little subtlety in the phrasing, that the democratic nations are wabbling toward the sunset and decay. They are therefore, by implication, not the best to depend upon for future world trade."

Children Are Born Fibbers, She Says

Chicago—Children are born untruthful.

Such is the contention of Mrs. Sidonie M. Gruenberg, director of the Child Study Assn. of America.

To 300 educators and sociologists attending a session of the Chicago Assn. for Child Study and Parent Education she said:—

"No child is born truthful. Like morality, that virtue is not inherent. But it can be acquired if proper methods are used to teach it.

"A child must never be punished for untruthfulness, for although he tells an untruth he is not a liar."

EARLY SETTLEMENTS

Free Loan Group Has Housewarming

Auction Also Held At New Quarters

With new and spacious headquarters, located at 154 Prairie Avenue, the South Providence Hebrew Free Loan Association recently held a house warming. Hyman Brotman, president of the institution, spoke on the significance of the gathering. Simon Wolk, toastmaster, gave an address on the work of the organization. Louis Shanbrun, chairman of the social committee, also spoke briefly.

Following the addresses, an auction was held, with Benjamin Friedman appointed as auctioneer. The golden key to the new headquarters was bought by David Golden, an ex-officer and diligent worker of the organization. A cake, with thirty-four candles, commemorating the 34th anniversary of the group, was baked and presented for auction by Mrs. Benjamin Friedman. The first candle was bought by Hyman Shindler, one of the founders of the organization. The remaining candles were purchased by members and guests. Proceeds of the auction will go to the treasury of the organization.

Grateful appreciation was extended to Barney Stone, president of the South Providence Hebrew Congregation, who with several members of his congregation, attended the housewarming and auction, to help make it a success. Appreciation was also expressed to Louis Shanbrun and his large committee who planned for the affair. Morris Margolis is publicity chairman for the institution.

The Rabbi also gave a Memorial Address at the Veterans Service at the cemetery Monday morning, Decoration Day.

Attack on Regent's Wife Shakes Cabinet

Budapest—Inability of Daranyi to cope with a rash of posters attacking the Jewish descent of Regent Horthy's wife was reliably reported to have played an important part in the downfall of his cabinet.

The Regent has for some time been greatly irritated over signs reading, "Rebecca, Leave the Royal Palace!" which Rightists had been posting on walls and fences throughout the capital, an authoritative source said. Mme. Horthy is the former Magdalene Jozshashely, descendant of the Wodianer family, 18th-century Jewish banking family of Vienna.

Scene Around Town

By JACOB LEICHTER

Oh, these eligible men about town
These bachelors so skittish and sporty
They date each years' crop of the new Pembroke lot
And they think about marriage at forty

They consider the girls that they've known
And Lord alone knows there are plenty
But with masculine pride, they toss those aside
Who are over the dead-line of twenty

—Leda

It has come to light that a group of disgruntled individuals, headed by a defeated president for re-election of a major orthodox organization, are stirring the pot in a very ignoble manner... These abdomen Jews who attend synagogue with a pious regularity have seen fit to threaten and heap calumny on the head of their former spiritual leader... Not satisfied with the result via the verbal hammer, they have attempted to gain their ends in a more subtle manner... Singling out an individual, whose honesty and integrity is unquestioned, but who happens to be opposed to their Fascistic policy, they attempted to buy up mortgages held on his business property and home... It was through an accident that the entire proceeding came to light, and since we know well the gentlemen who stir the pot, we will be glad to allow them space in any of the ensuing editions of The Herald, to state their case, that is—if they have one...

HOME TOWN BITS

We note that PHIL FINKLE is leaving McGill University with D. D. S. safely tucked away in his pocket... To whom it may concern:—DON JOSEPHSON has remained constant in his female preference for several months—and it still goes on!... The CHARLES RUTMANS have been visiting in the East for the past few weeks... By the time this paper is off the press, RUTH ABRAMS will be on her journey to California, where she will marry LEO KOUFFMAN... Seen everywhere together:—GERTRUDE METH and ROBERT HOCHBERG... Some of the jitterbugs at BENNY GOODMAN'S jam session last Friday:—The SIDNEY AUGUSTS... the MO PRITSKERS... FRANCES HALBACH... SHIRLEY SINGER... MORRIS OLLOVE... MORRIS BAKER... INTERNATIONALITIES

BILLY ROSE, famous creator of "JUMBO," was stopped by a flattering admirer... "MR. ROSE," he gushed, "your name is as well-known in America as—STALIN, HITLER, MUSSOLINI, and FRANKLIN D. ROOSEVELT..." "With the exception of F. D. R." was the caustic retort, "I don't approve of the company I'm keeping!"... KENRAD HELEIN'S CZECH NAZIS have fallen heir to a Jewish fortune said to amount to six million dollars... The Jewish legator is one LEO BENEDICT, who died three months ago... He made HENLEIN'S SUDETEN party his heir a long time ago when the party still claimed to be democratic and was admitting Jews to membership... BENEDICT'S family has started legal action to annul his will...

TEMPLE VS. "I AM THE LAW" HAGUE

From the newspaper reports of the incident you might get the idea that the fight between the JERSEY CITY JEWISH COMMUNITY CENTER and RABBI PLOTKIN is of recent vintage... The fact is, it goes back more than five years, long before Haguism became an issue... And we also happen to know that just before the whole matter made the nation's front pages, an important Jewish leader in New York was consulted with a view to arbitration... Which reminds us that FRITZ KUHN, America's No. 1 Nazi, is suing WALTER WINCHELL for calling the Nazis, "Ratzis"... The MUNROE (La.) MORNING WORLD recently flaunted this cryptic headline: "Seven Waterproof Men Drowned"... (The victims lived in Waterproof, La.)...

HOLIDAY NOTES

There was feverish activity up at BETHLEHEM, N. H. last Friday to open that haven of hayfever habituants on time for the week-end... Among the many who "got away from it all" were the SID HANZELS, BOB HALPERTS and MINNIE SEEFER, who attended the B. B. conference in Toronto... STAN FRIEDMAN and NATHAN EUGENE motored to Old Orchard... JAY FISHBEIN landed at the GRISWALD in New London... ITZIE KORN gave the big town a break... The JOE FINKLES and LEO MANN'S almost froze to death on the rocks of Point Judith... And incidentally, if you are vacation-bound this summer a trip to our office may save you plenty of time and a bit of money, after you choose your favorite spot...

The frau of DR. IGNATZ T. GRIEBL, the missing key witness in Uncle Sam's probe of Nazi spying, is a Brooklyn Jewess whose earnings supported her husband while he went to medical school... But she's a fanatic Nazi, so much so that she once refused to testify before former U. S. DISTRICT ATTORNEY GEORGE Z. MEDALIE on the ground that he is a Jew... GRIEBL, incidentally, is suspected of being the promoter of Nazi propaganda in the National Guard...

Reich Blames Jews For Onion Shortage

Berlin—An acute onion shortage has developed in Germany. The general public became aware of it when the Nazi co-ordinated Press announced that Jewish speculation had deprived the German housewife of the all-important onion, and advised her to wait patiently for the new crop.

Professor Flink Defends Plotkin

Rabbi No Communist He Tells Followers

Claims Red Charge Just Smoke Screen

New York—Solomon Flink, Professor of Economics at Newark University, attacked the administration of Mayor Frank Hague and urged Jews to support Rabbi Benjamin Plotkin, whose Congregation Emanu-El has been ordered to quit its quarters in the Jewish Community Center in Jersey City, June 30.

No Communist, He Says.

"Jews should support Rabbi Plotkin en masse and not individually," he said, "in order to dispel the slander that Rabbi Plotkin is a Communist. A Jew can't be a Communist and a Jew at the same time. Our religion is against Communism, and the appellation 'Communist,' in this case, is a red herring.

"Everyone knows that the real issue here is whether good government or graft exists in Jersey City. The charge of communism against the rabbi was a mask to becloud the real issue, which is that the authorities in Jersey City feel that no one should criticize their type of government.

"It is not Rabbi Plotkin but his slanderers who are on trial now. They must be stopped now or an anti-Semitic feeling will spread over the country if this type of attack is allowed to continue.

Proposes Social Boycott.

"You can't leave the Center without fighting to the last ditch. You should organize a social boycott against those who have accused your rabbi of being a Communist.

"I predict that the newspaper headline:—'Jews Charge Rabbi Is Communist' will appear soon in Germany, if it has not already done so."

Without mentioning Mayor Hague by name he attacked 'the authorities of Jersey City' for their "suppression of free speech and civil rights."

Symbolic of Religious Freedom

Fortress of Judaism in a land menaced by anti-Semitism on all sides, this ancient Synagogue in Prague, Czecho-slovakia, is pictured here from a photograph in the files of the Union of American Hebrew Congregations. It is the famous Altenu Synagogue. The date of its erection is buried in the mists of the centuries but it is known to be more than eight hundred years old.

Vienna - After One Nazi Week

New York—Six chaperoned girls from the Hockaday School of Dallas, Tex., came back from a finishing course in

Europe on the Queen Mary today and said they didn't think a city could change as Vienna did in a week under German occupation.

They thought Vienna was a happy place when they first went there. Then they left for a week's visit to Budapest, and when they returned to Vienna found it "solemn," with "very few people dancing" and "nobody waltzing at all."

The girls are Virginia Skeen, Hazel Pinkston, Josephine Chipman, Gloria Forst, Elizabeth Durand and Mary Vines, and their chaperones were Mrs. H. S. Grenan and Miss Jennie Hudson—all now on the way back to Texas.

Plans Under Consideration For Settling 100,000 Jewish Refugees

Geneva.—It is understood that at the International Refugee Conference called by President Roosevelt to be held in Evian-les-Bains, France, beginning June 6, a plan will be proposed regarding the settlement of 100,000 Jewish refugees. According to the plan, the United States is to take care of 25,000; the South American countries, 50,000 and the British Empire, 25,000. An additional 25,000 should be taken

care of by the Central European countries.

The transportation of these refugees is to be provided by private organizations. It is expected that the Council of the League of Nations will approve the plan and will eliminate the High Commissioner or German Refugees and the Nansen Bureau, and will create a new refugee body in accordance with the contemplated International Conference.

German Exile Says Hitler Plans to Seize Parts of South America

New York—Adolf Hitler's immediate ambition is not to recover former German colonies in Africa, but to seize control of parts of South America, and then to extend his influence everywhere to groups whose ancestry was German.

This is the conviction of Fritz T. H. Tetans, a journalist who arrived this week from Buenos Aires, who said he was forced to flee from Germany in 1934 because of his political beliefs.

Tetans was to have been shot in Germany, he said, but escaped to Switzerland, and thence went to South America, where he has studied Nazi activity for two years.

Nazi propaganda in Brazil and Argentina, he said, has reached a state where people of German blood are seeking autonomy. The aim of

the Nazi government, he declared, is to claim the 33,000,000 people outside of the Reich whose forebears were German, welding them into a world empire. There are 14,000,000 of German blood in North and South America, he said, toward whom the Nazis are concentrating their efforts.

The Conference unanimously adopted a resolution calling for the intensification of the Anti-Nazi Boycott, the sponsorship by the Women's Division of a Pavilion at the World's Fair to display American substitutes for Nazi made merchandise and the continuance of peaceful picketing of Boycott violators.

The Conference also called upon the delegates to write and wire the Conference Committee studying H. R. 8099 to have the subdivisions in the Bill amending the marking provisions of the Tariff Act stricken from the Measure. The official extension of the Boycott to Austria was also announced.

Drive for Congress Support Strengthens

Seek Record Vote Here June 25-26

Recognizing the importance of the conference, to be convened by the American Jewish Congress for the Jews of the entire world, and particularly for Jews in Central Europe, where they are severely oppressed and deprived of every means of making their voices heard, Joseph Smith, president of the local American Jewish Congress, stated this week that the committee was determined to establish a record vote for delegates on June 25 and 26.

Mr. Smith further stated that "their unanimous adherence will enable the Congress to lend powerful support to the Jews of Europe in the unequal struggle for the defense of their most elementary rights, which has been thrust upon them."

The referendum question is as follows: "Do you favor a union of all American Jewish groups engaged in safeguarding the equal rights of Jews, which shall undertake to create, for the defense of such rights, a single all-inclusive agency organized on a democratic, representative basis, in accordance with American ideals?"

Tickets for the right to vote, costing ten cents each, may be purchased from any member of the large committee.

Sky High - Lake Tarleton Club To Open Season on June 24

Already established as one of Jewry's outstanding vacation resorts, the Lake Tarleton Club in the White Mountains at Pike New Hampshire is getting itself in readiness for its second season under the ownership management of the family Jacobs.

For many years the club was the private retreat of society's cream and through the years they had built an outstanding golf course which is one of New England's oldest and sportiest.

The original fifteen members who established the club as their own playground had accumulated the 5500 acres as a hunting preserve and in later years each of the members built his own home. The years brought their friends and the clubhouse was added for them. Later they built the manor hall.

The preserve has 5 lakes varying in size from 1 mile in length which is Mirror Lake to Tarleton which is over 3 miles long.

In the preserve, too, are over 90 miles of hiking and riding trails with a stable of horses brought north from the exclusive Sun Club at Mountain Trials, Kentucky.

Without increasing the accommodations Tarleton will offer for its second season not a larger but a finer and most perfect resort. Plans are being completed for a continuance of its social activities featuring the Yankee Troupers, Eddie Ashman and his music. Leopold Fiske and his music will play dinner music and concerts through the summer. Mac Raymond will present the divertissements during the summer. The club opens June 24th.

95-Year-Old Woman Leads in Speed And Skill at Sewing Sessions

Mrs. Sarah Kaminsky, 95 years old, of Indianapolis, Ind., walks six blocks to a sewing circle every Monday morning, regardless of season or weather, and with the expertness of a tailor works steadily for five hours making buttonholes on men's shirts.

Mrs. Kaminsky is the oldest member of the Indianapolis chapter of Hadassah, the Women's Zionist Organization of America, which sponsors the sewing of garments and linens as one of its activities for Palestine. The youngest member of the chapter is the president, Mrs. Lewis Levy.

Except for a two-month period of illness last year, Mrs. Kaminsky has not missed a single meeting of the sewing group for six years. In steadiness of attendance and in speed and excellence of performance, she sets the pace for the thirty-five other seamstresses of the group, who are half her age or younger. Mrs. Meyer Wild, chairman of the sewing group, said today that in

cold and stormy weather the members arrive, admittedly with reluctance, and invariably say: "If Tante (Aunt) Kaminsky can come out in this weather, nothing should keep us home."

The nonagenarian, whose home is at 4111 North Illinois Street, was born in Vishtinitz, on the border of Germany and Poland, in 1843, and has lived in Indianapolis for fifty-two years. She has a quantity of exquisite hand work which she made during her long residence in Indianapolis.

"I feel young and useful when I attend the Hadassah sewing groups and am able, with my own hands, to make clothing for the workers of the Jewish Homeland in Palestine," Mrs. Kaminsky said today.

The local Hadassah sewing group is one of 1,000 throughout this country, which provide clothing, hospital garments and linens to all the Hadassah hospitals and allied health institutions and sixty-six others in Palestine.

Noted Spy Victim To Address Veterans

Meeting Scheduled For Tuesday Night

(Continued from page 1)

Many will recall the motion picture, released last year, "I Was A Captive of Nazi Germany," in which Miss Steele had the lead. She will address the Jewish War Veterans on the subject, "My Four Months in a German Prison."

To Fight Bund Camp

The Jewish Veterans are convinced that the establishment of un-American camps has but one purpose in view—to foist European hatred upon peaceful America. The Post's anti-ism committee, headed by Paul J. Robin, past commander, has adopted the slogan, "America belongs to Americans and to American traditions of good will, free speech and free press."

Assisting Mr. Robin are Dr. Samuel I. Kennison and Harry A. Hoffman, past commanders, and Dr. Carl Jagolinzer and Joseph Elowitz, comrades. The public is cordially invited to attend the affair, to be held in the Ball Room of the Post's home, 100 Niagara Street, at 8 o'clock on Thursday evening.

Hints of Solution of Palestine Problem

Cairo—A solution of the Palestine problem "to the advantage of Palestine" and "satisfactory to the Arabs generally and to the Egyptians particularly" was promised by Premier Mohammed Mahmoud Pasha in a statement in the Senate, answering a question by Senator Mubammed el-Ghindi.

At the same time the Premier received from Yousuf Cattawi, political chieftain, a letter denying an allegation in the newspaper El Mokakatam that the Palestine Jews covet the Moslem holy places. The Premier's assurance of a new Palestine solution stimulated speculation as to whether he was referring to a proposal that Palestine be combined with Egypt.
