NEW YORK — The past twelve months witnessed an intensive mobilization of manpower and resources on the part of the 550,000 Jews in Palestine for the defense of the Jewish homeland and democracy in the Middle East, through the aid of the United Palestine Appeal. More than 12,000 Jewish soldiers like those pictured above are today enrolled with the British forces...

**Editorials****Watch With Vigilance**

Tradition, almost an unwritten law, has been broken in the case of Representative William P. Lambertson of Kansas.

Several weeks ago Lambertson made a statement in Congress that Rosenbaum, David Stern, Dr. Leon Levy and other Philadelphia Jews had boycotted one of Lindbergh's America First Committee speeches from the radio. Lambertson also dragged in — purposefully but inconsistently — the fact that President Roosevelt was being helped in the writing of his speech that week by Judge Samuel I. Rosenbaum and Arthur Hays Sulzberger.

Now Congressman McGranery has read into the record the complete set of letters exchanged between Lambertson and Samuel Rosenbaum after Lambertson's accusation. Rosenbaum proved that Lindbergh's speech had been broadcast over his station, and that it had been given the same spot-news notice that all such matter received.

Congressman Lambertson has refused to withdraw his charges and to apologize to Rosenbaum and the others. Therefore Congressman McGranery broke the tacit Congressional rule that no member of Congress makes any direct charges against another, and Congressman Eberhardt backed him, saying that it was "regrettable that the gentleman from Kansas refused to correct what obviously is an injustice not only to (Mr. Rosenbaum) but also to the citizens of a great State of the Union."

The question at the moment is not what Congressman Lambertson's attitude signifies in itself, but what it denotes as far as carelessness, even in the halls of Congress, about casting aspersions on Jews is concerned.

The death of Congressman M. Michael Edelstein did not bring the issue to the end it should have, in a democratic country. This is a fact to remember, and to watch with vigilance.

**F. B. I. Gets Data On Klan Meeting**

NEW YORK—Details of a "secret" convention of the New York Ku Klux Klan, held at Newburgh, New York, over the week-end, were turned over to the F. B. I. by the Non-Sectarian Anti-Nazi League, which described the meeting as the "most colossal flop in the history of the Klan".

Only ten Klansmen participated in the "Konklave", according to the Anti-Nazi League, which also stated that it believed the German American Bund was represented through an unofficial delegate.

Klan officials attempted to surround the convention with an aura of mystery, describing it as a meeting of the Circle Club, a social group.

LONDON — Dr. Hans Grunberg of University College, London, has found a new type of red blood cell, which he has named "siderocyte." The discovery, reported by the British journal, Nature, is considered of startling importance in the scientific world, inasmuch as the field of mammalian blood had been thought thoroughly explored.

It is expected that the discovery may have significance in the study of anemia.

**Senator Nye Denies That He Slurred Jews in Speech**

NEW YORK — In the St. Louis speech in which he mentioned only the names of Jewish movie magnates, Senator Gerald P. Nye had "no desire to infer that the international bankers were Jews." He has told George Seldes, editor of "In Fact."

The noted newspaperman had written to Senator Nye, with whom he had been familiar in Senate investigations, to ask whether it was true that catcalls against "Jews" from among the audience punctuated his recitation of the names of Jewish movie leaders.

The isolationist Senator wrote Mr. Seldes that "if there was such a demonstration it failed to reach my ears. My reference to the international bankers was

ATLANTIC CITY, N. J. — The following statement was today released by Edmund I. Kaufman, President of the Zionist Organization of America.

"After my recent and protracted illness, my doctors ordered me not to continue the strain of office of the President of the Zionist Organization of America. Although the instructions of the physicians were clear and imperative, I refused to consider them as final until I had carefully gone over the entire situation and consulted many associates, friends and advisers as to the future.

BUFFALO — A holder of the Congressional Medal of Honor, Benjamin Kaufman, Trenton, N. J., is the new national commander of the Jewish War Veterans of the United States.

Succeeding Fred S. Harris, Meriden, Conn., Mr. Kaufman, a Buffalo native who manages the New Jersey State Employment Service, was elected unanimously at the close of the veterans' 46th annual convention.

The final session adopted resolutions condemning Communism, Fascism and Nazism and urging labor and management "to rise above purely individual interests" so production continues uninterrupted.

**Admits Prejudice Decreases in N. Y.**

ALBANY — Miss Frieda S. Miller, chairman of Governor Lehman's committee on discrimination in employment, reported a steady increase in discrimination by employers in New York state against Jewish, Italian and negro workers. She admitted, however, that the problem of discrimination was "still a formidable one" and that "misunderstanding" continued to exist.

"Hundreds of employers in this state who have discriminated against qualified workers because they were negroes, or Jewish, or of Italian or German extraction, are reversing their practices," Miss Miller said. She disclosed that a Brooklyn loan corporation had begun to hire Jews for the first time in its history.

As Chairman of the Administrative Council of the Zionist Organization of America for the past two years, Judge Leventhal has earned the affection and admiration of all. I have every hope that the forthcoming Convention of the Zionist Organization of America at Cincinnati, beginning Saturday, will prevail upon him to serve. With such a leader as President of the Zionist Organization of America, the organization can go forward to greater achievements, in a spirit of unity, and of deep devotion to the cause of Zion.

I shall leave the active office with a profound sense of appreciation of the honors conferred upon me. I shall participate in the work of the organization during the coming year in whatever capacity the convention may see fit to designate. I also want to say that I feel enriched by the many personal friendships which I have made in the past year and which I hope will be permanent."

## Hate Leaflets Circulated in N. Y.

### Blame Jews as War Promoters

NEW YORK — A new low in anti-Semitic propaganda was reached by pro-Nazi superpatriots and professional anti-Semites when they distributed in the streets of New York a printed circular which warned American mothers against sending their sons out to die "to save the Jews."

The leaflet, which was headed "Jews Are the War Makers," carried some of the more choice Hitler statements "proving" that only American Jews were interested in prolonging the war and putting a stop to Fascist aggression.

No names of individual or organizations were attached to the circulars but the slogan, "American Christians Wake Up," had

## Hamilton Fish Charged With Abuse of Congressional Frank

NEW YORK: Representative Hamilton Fish, New York Republican and isolationist spokesman, could not be reached for comment early this week, following a charge by leaders of Fight for Freedom, Inc. that he was responsible for a blatant abuse of the Congressional franking (free mail) privilege, in which anti-Semitic literature was sent through the U. S. mails.

In at least one case, the senders were sufficiently arrogant to include a racial slur in the address on the outside of the franked envelope. Under Representa-

## Mother, Daughter Still Require Help

NEW YORK — "Saved from the depths of the ocean, but again in urgent need for rescue" — this is the strange but true condition in which Anna Gutmann and her daughter, Annette, 10, find themselves in Lisbon, Portugal, the only European port now open for overseas immigration.

Formerly of Lodz, Poland, Anna Gutmann accompanied by her daughter, sought to join her husband who preceded them in finding a temporary haven in Shanghai, China. Their ship was torpedoed at a distance of twenty-four hours from the coast. Mother and daughter spent three nights and two days in the Atlantic without a drop of water or a morsel of food before a Spanish fishing boat rescued and brought them back to the mainland.

In a statement, the Fight for Freedom Committee said: "This is not the first time we have found evidence of the Congressional frank being used by pro-Nazi, anti-Semitic and pro-German groups. It is, however, the first time such evidence has come unsolicited, into our own office.

"If Hamilton Fish knows nothing about who uses his frank, or when, there is urgent need for an immediate re-examination of the use of the Congressional frank."

## New Anti-Jewish Movie Prepared

LISBON. — The Nazi WFA film company has prepared for distribution in all Nazi-occupied countries a new anti-Jewish film "The Sinister Power of Jewish Bolshevism," which "proves" the Jews are responsible for the present war and that all Jews are Communists, it was learned here.

The film purports to show rabbis taking an active role in the guerrilla warfare against Nazi troops and describes "how Jewish women stab Nazi soldiers." A part of the pogrom-inciting film is devoted to scenes showing Jewish men and women setting fire to Christian homes and churches.

## Lwow Residents Fined 4 Millions

ANKARA. — After capturing Southwest Poland from Russia the Germans fined the Jews of Lwow 20 million rubles (about \$4,000,000), according to reports in Polish circles here.

The Germans tried to stir up trouble between the Poles, who form 65 percent of the population of Lwow, and the Ukrainians. A Ukrainian police force was formed to work under the G. S. P. (secret police). This was followed by a campaign of terrorism among the Poles and Jews.

A thousand young Jews were jailed during the last few days, it was claimed.

BY JAMES R. YOUNG

I. N. S. Correspondent 13 years in Japan and Author, "Behind the Rising Sun."

#### UNFINISHED STORIES

What has become of the Emperor's brother, Prince Chichibu? His failure to appear at the Empire's 2600th mythological anniversary of the founding of the Sun Goddess' country aroused queries. What will become of Japan's puppet Emperor of Manchuria, Henry Pu Yi, who rides a bicycle and plays tennis under "protection"? Not having an heir, the Japanese somehow will put the skids under him to favor his Manchu brother, whom militarists married off to a Japanese girl. How will the Japanese handle their puppet Wang Ching Wei at Nanking? Japanese guards surround him for two purposes: Keep enemy hand grenades from being tossed at him and keep him from running away. His wife, notorious in Chinese politics, stays in Shanghai selling government jobs and opium licenses.

The President's freezing order of Japanese business means: NO MORE lily bulbs for Easter, goldfish by the tankfuls for five and dime stores, oyster bed seedlings, camphor for menthol products or pyrethrum seeds for bug powder.

**Japan faces economic ruin.** Her Manchurian market depended on soy bean cake exports to Europe. That business is finished. No more silk market means Japan's second great agriculture upset and farm problem—rice and its shortage is No. 1. Next problem is shortage of fish which is Japan's staple. Mining the island kingdom's waters keep out Russian submarines from Vladivostok will restrict tens of thousands of tiny fishing junks.

The Japanese are always kidding themselves and their people. One inventor claims sardines will produce an oil convertible to gasoline. But first they need the sardines. In quantities prohibitive. Another Japanese announced Tokyo is protected from air attacks by the use of fishing nets strung over the city, suspended by balloons—the net catches the blitz bombs. Actually, Tokyo has

one bomb proof shelter, for the emperor and his family.

The Nipponese think they can overcome the acute shortage of scrap and iron ore which months ago stopped their entire heavy industry output. By salvaging old ships. Salvage available from four ships, including the President Hoover, would be sufficient for a locomotive and a string of cars.

**Bob Hueun, Richmond, Ind.**, helped build China's railways with Japanese ties—years ago he logged nearly a million ties a year. Now the Japanese army runs its trains over those ties.

**E. W. Frazar,** the oldest American Japan had, now resides in New York. He introduced to Japan the first automobile, the first phonograph, the first locomotive. He'd been in Japan nearly 70 years—just a few short of the days when Commodore Perry opened Japan to foreign trade.

Air-conditioning which became popular, has closed down. Insufficient water, milk rations, which were cut 50 per cent a year ago, have been reduced another 50 per cent—no more cows or dairy fodder. Ditto on eggs and potatoes.

#### QUESTION:

Lieut. Commander Walter Winchell, you are in the navy now on reserve service. If you have time, check with fellow officers why the State Department forced the navy's hand and permitted two Japanese spies to be released and why others remain here with diplomatic immunity, including one who is in hiding in Washington? How many American missionaries remain in Japanese prisons in Korea? Why not trade them for spies in this country?

#### IT'S A LAUGH

The State Department permits the Japanese Government news agency Domei, to operate here without registering. Why? The Japanese reply is that it is not a propaganda organ! The agency is financed by the Foreign Office, the army, the navy and the Communications Ministry for an annual propaganda deficit of near 2,000,000 Japanese yen.

Japan lacks precision tool machine oil. Only a few companies in the world make this special oil. If we had stopped shipments two years ago it would have wrecked her great armaments production.

The week Acting Secretary of State Welles condemned Japan for her seizure of Indo-China, which the Japanese planned several years back but which the silk hats refused to believe, you read of 55 transports, 30 warships, three aircraft carriers speeding south.

## Murphy Backs Schlossberg For School Committee Post

John J. Murphy, representative of the 22nd Assembly District, this week endorsed the candidacy of Joseph Schlossberg for school committee post in District F. Mr. Murphy, in a letter to The Herald, listed the following reasons why he believed Mr. Schlossberg should be elected:

"Because Mr. Schlossberg has lived and made his home in District F for over 18 years."

"Because he is a family man. Because he is a respected business man not only in his own section, but throughout the city."

"Because he has had eight years experience as an active member of our city government, during which period he acquired a knowledge of the problems of our city government, particularly those of a financial nature."

"Because one who seeks the office of school committeeman should be experienced with, or at least familiar with, the problems of the city government."

"Because he has been active in the governmental, business, so-

## Laud 3 Ambulances Drivers For Their Gallantry on Duty

LONDON.—Three Jewish members of the East London Division of the Saint John Ambulance Brigade have been awarded Certificates of Meritorious Service for courage and devotion to duty under enemy fire. They are Ambulance Officer A. Goldstein and Privates S. Tesler and B. Wolchack.

With bombs and masonry falling on all sides and despite orders to leave the building, Mr. Goldstein persisted in removing patients from the wards of a demolished hospital. He continued at these duties for many hours, until he was sure that all had been evacuated.

Privates Tesler and Wolchack were on duty at a First Aid Station in the cellar of a Stepney Church, when a number of incendiaries set the building on fire. The police found it necessary to clear the shelter, which

## 60,000 Relieved; Nazi Threat Ended

### Iran's Jews Had Feared Fascist Coup

ISTANBUL (WNS) — Iran's 60,000 Jews, in common with other pro-democratic elements who had watched with alarm the mounting Nazi fifth column menace, breathed easier this week as the Anglo-Soviet invasion of Persia bade fair to end the menace of penetration by German agents in the guise of "experts" and "tourists," according to reports reaching here.

Recalling the pro-Nazi coup in Iraq, which had been accompanied by bloody anti-Jewish rioting, Jewish circles expressed relief at the prompt Allied action, which was taken when the Teheran Government refused to oust the German agents who had filtered into almost every key Government department and into vital communications and industrial enterprises.

More take a back dip that covers up your leonine mane during the daytime, and in extreme versions they skirt the shoulders like a collar . . . The profile gets glorified by side-swept brims, by berets that rise high and forward . . .

From this you can conclude that big hats are definitely an item to be reckoned with, despite the fact that chill winds will blow . . . Their bulk is gracefully balanced, however, so that crowns are deep enough to hug the head, and still do not bury you like the old-fashioned cloche . . .

High style milliners agree that hats for daytime will not lean on trimmings . . . There's a clean-cut chic to their silhouettes, pitched at entirely new dramatic slants . . .

After 5 o'clock is another hat story . . . Here, functionalism is tossed to the proverbial wind, and all the whimsies such as birds and flowers and veils and ribbons combine to make decorative little hats for hotel dining . . . There are gay little turbans that fit like a helmet lavished with embroidery and jewels . . . There are callots that now skirt the pompadour, that take to spangles and feathers for gaiety . . .

Ah! . . . Feathers!! . . . They are the big news -- air those forbidden ones that used to grace

the hats of the belles of the early Nineteen Hundreds . . . The modification of the law permitting their use has brought enchanting plumage out of its hiding . . . Numedi, one of the most delicate, is back again to grace fine hats and to restore the grand dame look to millinery . . .

We're willing to wager that no one dares give thee the "bird," when thou wearest feathers in thine hat . . .

**Refuses to Give Up Letter - Jailed**

HAMILTON, Bermuda — Leon Abel Akopianz of New York City, remained in custody while

awaiting funds from home to pay a £10 (about \$46) fine after pleading guilty to a charge of obstructing revenue officials.

He turned over to officials all his letters save one written to his fiancee when he arrived here on the Excalibur of the American Export Line. When the officials demanded that one, they charged, he said it did not have to be read and became abusive.

The letter finally was taken from Akopianz and read officially and it was pointed out that the contents must have been innocent enough else Akopianz would be in "a far more serious plight."

**Appeal Decision on Propaganda Film**

NEW YORK — The Non-Sectarian Anti-Nazi League announced this week that it would appeal the decision of New York Supreme Court Justice Francis Bergen, dismissing the petition of Richard Rollins, head of the department of investigation of the League, who asked that the film, "Victory in the West," a Nazi propaganda picture, be subject to license.

The requiring of a license would have placed very heavy obstacles in the way of exhibition of the film in New York State. Mr. Rollins also argued that the film be barred by the motion picture division of the State Education Department on the ground that it contains propaganda and tends to incite disorder.

The bride's veil was carried by Miss Shirley Galer, niece of the bridegroom.

An informal redingote of navy with white polka dots, was worn by the bride's mother, while the bridegroom's mother was attired in black chiffon velvet, with a collar of white French lace. Both had corsages of red roses.

## Congressman Hits America First Unit

NEW YORK — Investigation of the America First Committee by the Dies Committee on the grounds that the group is "seeking to organize the American people for Fascistic aims" has been urged by Rep. Samuel Dickstein (D. N. Y.)

Mr. Dickstein in a telegram sent to Mr. Dies charged "the source of funds with which this group operates is questionable." ### Modern Cleaning At Arrow Cleaners

You can always look smartly dressed, if your clothes are cleaned at the Arrow Cleaners, located at 512 Elmwood avenue, where modern equipment and skilled handling give your clothes longer service.

Mr. Ben Movsovit, owner of the Arrow Cleaners, revealed that his new cleansing machinery leaves no shine, no odor on garments, actually improves the fabric. One machine recently obtained removes all dust and moisture, which bring out the original, full, rich color of the suit or dress that is being cleansed.

Pressure-presses, which rejuvenate suits to look like new, are part of the extra service that makes a big difference in the final appearance. With children returning to school next week, remember that Arrow Cleaners make a specialty of cleaning children's clothes.

The Arrow Cleaners have a pick-up and delivery service. The telephone number is HOPkins 3964. Repair work, shaping of dresses and garments and blocking of hats are other services which the Arrow Cleaners provide.

Audiences at the RKO Albee Theatre, where "Tom, Dick and Harry," is now in its second week, are giving Ginger Rogers a rousing welcome in this, her first film since winning the Academy award for her work in "Kitty Foyle."

Replete with hilarious situations, the story revolves around the hectic adventures of a telephone girl who allows herself to become engaged to three men at the same time. How they influence her ultimate decision when the showdown comes and she is obliged to choose her mate, leads to the surprising climax and rounds out the film.

Also on the Albee's screen is "Lady Scarface," with Dennis O'Keefe and Judith Anderson, and the latest issue of the March of Time, "Peace" by Hitler.

## They Who Are Frightened

By AARON ZEITLIN

(Translated from the Yiddish in *The Day*)

Fear may lead to many things: to sin, to insanity, to suicide. There is a kind of fear which leads to national suicide, to the assimilation of the frightened.

At the convention of the Central Conference of American Rabbis held recently in Atlantic City Rabbi Emil Leipziger of New Orleans denounced the "panic of assimilation" which has overtaken certain elements of the Jewish population. The phrase was not a mere oratorical flourish. At an earlier conference of the Union of American Hebrew Congregations in Detroit the representatives of "liberal" American Jewry had done penance and had assailed themselves for their previous attitudes by calling for a return to tradition.

A wave of panic-assimilationism has unquestionably engulfed a segment of the American-Jewish population. It is derived from a clumsy misunderstanding of Americanism. Only a few weeks before the rabbinical conference in Atlantic City a convention of Jewish educators took place there. Here the argument was produced that Jewish children should not be taught Hebrew because it was un-American. The study of Hebrew, it was said, led to Zionism, and Zionism was un-American. Do you understand?

Or this instance: A chair in Hebrew was established at an institution of higher learning. The non-Jewish professors had nothing against it. But a group of Jewish professors asked that the appointment be revoked. They represented the scared Jews.

Greater Americanism means breadth, cosmopolitanism — a multicolored, multifarious existence. Petty Americanism makes the fright-assimilators want to crawl into dark corners and to hide their Jewish noses as if they were crimes. We are not here at all, dear Christians, nobody ever heard of us! Imagin-

ative enemies have thought us up; don't believe them, it's all a fake.

Some fright-assimilators don't go quite so far. They want Jewishness to remain a strictly private affair. They'll be non-Jews out in the world, and Jews at home. But the path of development is the same. This, too, leads to cellar-Jewishness, to the panic-assimilationism that produces, finally, national suicide.

The argument that national tradition is opposed to Americanism has been rejected often enough by good Americans. It is an anti-democratic, anti-American argument. America wants the unrestrained, harmonious development of an unrestrained, harmonious co-existence among all the peoples who breathe its air and live on its land.

America is not a totalitarian barracks. America's population is a great orchestra, playing on different instruments but sounding a symphony of freedom. America is a democracy of variety, living under a flag with forty-eight stars and thirteen stripes.

Those who want the Jewish voice in the orchestra to be stilled are called anti-Semites. And the Jews who are frightened by them choose to abide by the will of the anti-Semites. Fright has big eyes, but a small heart.

Small-hearted fear includes Zionism among un-American activities, forgetting that this labels as bad Americans such friends of Zionism as President Roosevelt and the members of Senator Wagner's American Palestine Committee.

Fright-assimilation achieves none of its ends. On the contrary, Fear breeds fear. When Jews begin to tremble, they frighten the non-Jews who don't know what to make of them. It's impossible to like people who shout: "Leave us alone because we don't exist." Cellar-Jews cannot expect to be popular.

## F. P. A. Leaves New York Post

NEW YORK — Franklin P. Adams, whose initials have become famous in the by-line of his daily column, "The Conning Tower," is no longer connected with the New York Post. After a little more than three years on the afternoon daily, he and the management have agreed to part company.

Adams, whose "F.P.A." became famous as a versifier, expert on Gilbert and Sullivan, and generally harmless misanthrope, has lately been enjoying himself on the "Information Please" program over the radio. His columns have appeared in New York newspapers since 1904. Four years ago he left the Herald Tribune, because "They wanted me to work for less money, whereas I wanted to work for more." After thirty-seven years of "columning," F.P.A. finds himself a victim of progress and change.

## List Partial Cast For Center Play

Under the direction of Mrs. Samuel Starr, rehearsals are now in progress by the Center Players, for their fall production, "The Gentle People," by Irwin Shaw, to be presented early in October.

A partial list of the cast includes Sidney D. Long, Carolyn Backerman, Herman Priest, Ruth Rotman, Aaron Sutton and Ben Greenburg.

Publicity for the production is being handled by Miss Charlotte Finkler. Other chairmen will be announced at a later date.

## Anti-Semitic Drive Begun in Shanghai

Say Japanese-Backed  
Paper is Instigator

SHANGHAI — A virulent anti-Semitic campaign, said to be one of the harshest ever launched in the Far East, is under way here.

Obscure in its motivations, the drive is ostensibly sponsored by a local Russian newspaper operating with the approval of the Japanese. Its special targets are Americans.

The newspaper is the Dalnevostochnoje Vremia, or Far Eastern Times. It is published in Hongkew, the Japanese-dominated section of the International Settlement.

The attack coincided with a Berlin outburst against American Jewry in which it was charged that both President and Mrs. Roosevelt are Semitic. It followed closely articles in nationalistic newspapers at Tokyo, particularly the Hochi, which is a German Embassy paper, against "an international Jewish cabal" designed to hamstring Japan's China war and southward expansion program.

## Ladies Aid Ass'n to Meet on Wed.

Opening its current season, the Ladies Hebrew Union Aid Association will meet on Wednesday afternoon, 2 o'clock, at 191 Orms street, at which time plans will be outlined for forthcoming activities. A speaker and several reports will be part of the program.

Mrs. Albert Cohen, president, will preside.

Manitoba, sometimes described as an inland province of Canada, has a coastline of 400 miles on Hudson Bay.

## Jewish Taxi Drivers Show Chinese how to Speed Traffic

NEW YORK — Daniel Arnshtain, who has learned all about traffic jams from his experience as a taxi operator in New York City, is now going about the business of clearing up congestion on the Burma Road, vital to the welfare of the Chinese government resisting the Japanese.

A dispatch to the New York Times from F. Tillman Durdin, its correspondent in Chungking, reveals that Arnshtain, together with his assistants, Harold Davis and Marco Hellman, has begun the preliminary work which will

eventually straighten out the tangle in getting supplies to Chiang Kai-shek. He feels that by the end of the year asphalting of the highway, still functioning despite Japanese bombardment, should be well along, with 6,000 to 7,000 American trucks operating on a continuous schedule.

Fresh from the nearly hopeless tie-ups of New York, Mr. Arnshtain is confident that there is no such thing as "road capacity." In time, he asserts, the Chinese life-line will carry all the freight which the port of Rangoon can unload.
