

The War This Week

Production And Conversion

The President authorized the War and Navy Departments and the Maritime Commission to guarantee or make direct loans to small businesses seeking to engage in war production. Any Federal Reserve Bank may serve as agent for the Departments concerned. Loans, discounts, advances and commitments may be arranged with private banks.

Rationing

The OPA said county clerks throughout the country now have 180 million sugar rationing books which will be transferred to schools for registration of commercial sugar users April 18 and 19, and of individual consumers May 4 through May 7. The Office released for rationing beginning April 13 more than 100,000 new typewriters now in the hands

of distributors, wholesalers and dealers.

Civilian Defense

The President signed a bill providing Federal insurance for homes, factories and farms damaged by enemy action. Civilian Defense Director Landis said establishment of first-aid supply centers which duplicate equipment already existing in the OCD Emergency Medical Service threatens to cause a serious shortage of medical essentials. The OCD said an air raid siren that could efficiently serve an area of eight to 10 square miles will be in production soon and might cost as little as \$1,500.

Priorities and Allocations

The WPB ordered manufacture of electric toasters, flatirons and other electrical appliances to cease after May 31, preparatory to converting the \$60 million industry to war production. The Board ordered production of straight and safety razors and blades held to the 1940 total. The Board also prohibited manufacture of metal household furniture after May 31, curtailed manufacture of floor lamps and portable electric lamps, (Continued on page 2)

America's Trojan Horse

(Because of the demand for action against pro-Fascist and anti-Semitic publications in this country, we are reprinting the following editorial from The Christian Science Monitor, which illustrates the viewpoint being expressed in many daily newspapers.)

When Patrick Henry voiced the hope that George III might profit by a recollection of what happened to Caesar and to Charles I, he was willing to take the consequences of his act. "If this be treason," he shouted, "make the most of it."

Are the secret Bundists, Jew-baiters, Silver Shirts, White Shirts, Ku Kluxers, Coughlinites, "American Destiny" devotees, and other home-grown Fascists in the United States willing similarly to submit their defeatist, anti-democratic, pro-Nazi, and pro-Japanese propaganda to recognized tests for what is treasonable or seditious?

Passages from "The Galilean," "Social Justice," "America in Danger," and other such publications have been quoted. A reading of these provokes questions. Whether they violate the law of the land is a matter for the Department of Justice, but each citizen can form his own opinion as to whether they offend against the fundamentals of liberty and republicanism on which the American Government is based and which it is fighting to defend.

Treason is defined by the United States Constitution as consisting "in levying war against (the United States) or in adhering to their enemies, giving them aid and comfort." With this as a yardstick, citizens may ask if the various pro-Fascist publications are not "adhering" in editorial policy to the enemies of the United States, and if they are not engaged in levying psychological warfare against America in such a way as to give aid and comfort to the totalitarians?

It is well for the people to know what the law provides for the protection of institutions in which they have a vital interest.

Lincoln wrote in 1863, "He who dissuades one man from volunteering, or induces one soldier to desert, weakens the Union cause as much as he who kills a Union soldier in battle." Referring to the death penalty required for desertion, he added, "Must I shoot a simple-minded soldier boy who deserts, while I must touch a hair of a wily agitator who in-

To Hold Third Seder on April 5

Arrangements have been completed for the opening of the Annual Campaign of the National Labor Committee and for the Third Seder Celebration, to be held on Sunday evening, 6:30 o'clock in the Ballroom of the Narragansett Hotel, it was announced today.

The program will include an address by Mrs. Archibald Silverman, and entertainment by H. Levik of New York, Jewish poet, and M. Rubin, who will present several vocal selections.

Mrs. Henry Burt, chairman of arrangements, will be assisted by a large committee of men and women. Alter Boymen will preside.

Name Rosenfeld To Production Board

WASHINGTON — In a reorganization of the Bureau of Industry Operations, the War Production Board established 24 industry branches and named Herbert T. Rosenfeld chief of Toiletries and Cosmetics and of Safety, and Technical Equipment.

President of the Los Angeles Paper Bag Company, Mr. Rosenfeld is president of San Fernando Valley Lodge of B'nai B'rith and is connected with other Jewish groups. He was born in New Haven, Conn.

Forecast Change in Welfare Programs During Wartime

SAN FRANCISCO — Reorganization of the country's Jewish welfare programs to meet the country's victory needs was advanced as a basic necessity by more than 250 Jewish community leaders attending the annual regional conference of the Western States Region of the Council of Jewish Federations and Welfare Funds.

H. L. Lurie, executive director of the council, told the West Coast leaders that "we must expect profound changes in our way of life by the war and the post-war settlements."

Ephraim Gomburg, representing the National Refugee Service, reported to the regional assembly on the steps taken by the American Jewish community to meet the problem of possible evacuation of Jewish refugees from certain areas.

Speakers at the conferences stressed that "our new obligations are not substitutes for the old" and expressed confidence that with greater sacrifice in time, effort and giving, fund-raising campaigns in 1942 will be highly successful.

Jail Two Boys For Hitler Tactics

PHILADELPHIA — Two 19-year-old boys were sentenced to three months to three years in prison as ringleaders of an anti-Semitic gang, who, shouting "we give you the same treatment as Hitler would give the Jews," invaded a Jewish store, demolished its merchandise and injured the owner, Philip Bain.

In issuing the sentence, Judge Edwin O. Lewis condemned the "Hitler tactics" of the boys. "I want you and every other person to understand that the use of Hitler tactics on storekeepers because of their religious beliefs will not be tolerated in this country," he said.

Polish Doctors With British Army

LONDON—Nine Polish Jewish army doctors are included among a number of Polish officers who have been assigned to serve with the British army, it was learned here this week. The officers have been transferred because at present there is a surplus of officers in the Polish forces.

DEFENDS POSITION

HOLLYWOOD — Melvyn Douglas, who had been appointed to the Office of Civilian Defense as Director of Information and head of theatrical affairs, this week defended his position against attack by Congressmen who said his post was unnecessary.

Old License Plates Will Be Salvaged

Announcement was made this week by Frederick A. Young, chairman of the R. I. Salvage Committee, that arrangements have been made for the collection of old automobile license plates throughout the entire state.

Mr. Young said that money received from the sale of license plates will be presented to the U. S. O. State organization, and urged all automobile owners to cooperate in the collection of this vitally needed steel by bringing old plates to neighborhood garages or service stations.

NEW YORK—The Jewish Welfare Board has organized a Department of War Records.

YMCA Bares Nazi Scheme To Divide and Conquer U. S.

NEW YORK—Nazi persecutions of Jews and the Nazi racial theory is condemned in a survey on "scapegoats in history" published here this week by the Y. M. C. A.

The survey, issued in the form of a booklet entitled "They Got the Blame," is to be distributed to religious, civic, cultural, educational and labor organizations in America, with a view "of helping Americans counter divisive pressures in our democracy."

It shows that Hitler's trick of making the Jew a scapegoat is not new and that dictators have always worked up unreasoning prejudice against innocent scapegoats to provide an outlet for the grievances of their people and to

divert the blame from themselves. It relates how the Jews for more than 1,000 years have been the favorite scapegoats in various countries, and how the early Christians were martyred by Roman emperors who hoped to hide their own incompetence from the public.

The survey also deals with the agitation which American fascist groups are conducting against aliens. It proves that there is less crime among foreign-born than among natives, that the states having the greatest concentration of foreign-born actually rank highest in per capita income and lowest in illiteracy, and that refugees create more jobs than they take.

Agents Arrest Two Seditious

To Act Against Subversive Papers

WASHINGTON—The first seditious prosecutions, begun this week end by the Department of Justice, show that the Government is at last acting vigorously to thwart subversive forces openly seeking to disrupt the war effort.

Action will be brought against both the editors of subversive publications and the leaders of subversive organizations.

United States Attorneys are proceeding immediately against two alleged seditious. They are George W. Christians of Chattanooga, Tenn., a leader of the crusader White Shirts whose anti-American utterances have recently been exposed in the columns of The Christian Science Monitor, and Rudolph Fahl, a discharged physical instructor of Denver, Colo., who is described by the Federal Bureau of Investigation as "100 per cent for Hitler."

It is evident from the character of these prosecutions that the Justice Department is now ready to bring into Court every individual who in any important way tries, through subversive writings or utterances, to retard the prosecution of the war or damage the morale of the nation.

Mussolini Issue Starts Labor Rift

NEW YORK—Signs of a rift in the International Ladies Garment Workers' Union, of which David Dubinsky is president but in which Italian workers now form a substantial group, are reflected in a letter which Luigi Antoni, liberal labor leader and president of the Italian-American Labor Council, sent to the New York Sun upbraiding those Jews who tried to differentiate between Hitler and Mussolini before the latter espoused anti-Semitism.

The occasion for the letter was a recent concert given for the Ort in Carnegie Hall during which "the Italian anti-Fascists received the unofficial stigma of 'enemy aliens.'"

Reds Laud Exploits of Jewish Aviator

GENEVA—Soviet Russia, which has been boasting of the caliber of its Jews in the armed services, has publicized another Jewish war hero.

He is Lieutenant M. Polakoff, flier on the Leningrad front, who has, according to the Russians, shot down hundreds of Nazi planes. The Soviet press has been praising his exploits and stressing the fact that he is a Jew.

Japs Demand
French Island

Plan to Establish
Madagascar Ghetto

LONDON — Adolf Hitler has given his complete support to Japan's demand that the Vichy government allow Japanese troops to use the French African island as a military base, it was reliably reported here. In return for Hitler's support, Japan has agreed to establish a Jewish "reservation" in Madagascar.

Nazi authorities are now exerting pressure on Marshal Petain to yield to the Japanese demands. For some time Hitler has been reported planning to transport Europe's Jewish population to Madagascar. Now that Japan has entered the picture, Nazi spokesmen are urging Japan to become "the instrument for saving the civilization of Europe from the Jewish danger."

In the event the deal goes through, Japan will probably ship the 20,000 Jewish refugees in occupied Shanghai to Madagascar. These refugees will constitute the nucleus of the Jewish "reservation," which Hitler hopes will be large enough to take in all of the Continent's Jews.

Aliens

Attorney General Biddle reported the Justice Department will start proceedings in 30 or 40 cases, and later in hundreds more, to denaturalize disloyal foreign-born citizens, particularly members of the German-American Bund. The War Relocation Authority said the first large-scale relocation of 20,000 alien and citizen Japanese residents from West coast military areas will be established on the Colorado River Indian Reservation, Parker, Ariz.

Anti-Jewish Laws
Extended to Tunis

VICHY—The 60,000 Jews in Tunis may henceforth publish only one Jewish newspaper, and even this paper must carry the subtitle, "Tunisian Jewish Newspaper," the Lyons radio announced this week.

The announcement was made in connection with the recent decree providing for the application of the Vichy anti-Jewish laws to Tunis. The details of this law, as interpreted by the Lyons radio, aim at the elimination of Jews from business and professions, by regulating their enterprises and assets and by barring them from all the professions from which Jews in France have been ousted.

duces him to desert?"

When Patrick Henry and his compatriots braved the wrath of a tyrannical Government, it was to establish freedom. How valuable that freedom is may be inferred from the fact that its very traducers and enemies still invoke it. The Nation should encourage the Department of Justice in a close surveillance of these publications to determine if and when there is a basis for prosecution.

Confiscate Jewish
Property for Soldiers

BERNE — Confiscated Jewish property, especially property taken from German Jews who were deported to Poland and other Nazi-occupied territories in Eastern Europe, will only be sold to soldiers who have seen service at the front and who have a record of "high merit in the fight for the liberation of the Fatherland," according to new regulations made public in Berlin.

The regulations are a result of the complaints voiced by German soldiers that while they are risking their fate at the front, Germans in the rear benefit from Jewish deportations by the fact that being on the spot they acquire all the Jewish property.

For a Woman's Fancy

By EDYTHE JAY

Cheerful femininity is the thing
To watch for — this wartime Spring ...

In the week's mail, came a note from one of our female audience, who, we think, expresses the current feeling among girls when she declares: "These day I want my clothes to be both glamorous and down-to-earth ... I don't want fads and furbelows ... I want pretty, feminine styles and things that are destined to live long and lead an active life, and please my favorite person, when he comes to see me on his leave ..."

She's right as rain, having that outlook ... Clothes that look right for now — 1942 are cheerful and feminine ... There's a trend toward simpler styles out of respect for priorities and the times ... But judging by the number of bright red shoes we've seen tripping along with spring fashions — there's not going to be any down at the heels attitude ...

Easter bonnets are blossoming more than in any season ... White lingerie touches are fairly spilling out of the fronts of suits ... Pretty pink satin bands are used for decor on hats, pink is used for gloves, and turns many a black costume into an appealingly lovely costume ...

Your clothes philosophy should take into account all the government bulletins that have been issued in the last two months ... But, don't forget that the men in uniform have put in their request on how they want us to look this spring too ... BEAUTIFUL, more beautiful than ever ... After the regimentation of army life, they're in no mood to look at more uniforms on women ... A wisp of lace, a pretty flower hat and a liting impression is going to be appreciated now more than ever.

Here are some window reflections from our town:

Pink appleblossom print on black crepe for a dress ... Black faille coat, fitted at the waist, with a swing to the back in skirt fullness ... Topped by a shiny, black straw hat, sheerest black veil neatly held at the back of the hat ... No frou frou—but very feminine ...

**Catholic Urges
Anti-Coughlin Stand**

CHICAGO—"It is about time for Catholics in this country to declare themselves on Father Coughlin in no uncertain terms," says Edwin A. Lahey, a Catholic writer, in the Chicago Daily News, condemning the anti-Jewish outbursts in Social Justice.

The writer points out that not only the Jews but also organized labor boycotted the Nazis. Mr. Lahey also recalls that Meyer Levin, was the bombardier who sank the Japanese battleship Haruna. "I relate this only because I have heard the traditional canard that the Jews are 'not in this war,'" he writes.

VISITING PARENTS

Benjamin Davis, of the teachers staff at the Sons of Abraham Sunday and Hebrew Schools, is visiting with his parents, Mrs. and Mrs. Gershon Davis of Stamford, Conn., for the Passover holiday. Announcement has been made that school classes at the Synagogue will be resumed on Sunday, April 12.

**Witness Reveals
Coughlin Income**

**Radio Priest Paid
Million and a Half**

DETROIT—More than \$1,458,658 has been paid to the parish of Charles Coughlin, anti-Semitic radio priest, by Coughlin's Radio League of the Little Flower.

This figure of the income of the League since its inception was revealed by Alberta Ward, employee of the Coughlin organization, at a hearing before an Unemployment Compensation Commission investigation.

The League claims that it is a charitable organization and need not pay taxes.

The Commission ruled that the League is not a charitable organization.

The woman testified that the League's income was \$404,469 in 1937, \$574,416 in 1938, \$102,254 in 1929 and \$82,283 in 1940.

**48,000 Serve
In British Army**

LONDON—Israel Cohen, historian, stated in an address which he delivered at Droitwich recently that the latest figures of Jews now serving in the British forces were: 40,000 professed Jews in the British army and 8,000 in the Royal Air Force.

It is known that there are many more Jews who have made no profession of their Judaism in both forces. The heroism shown by Jewish officers at Dunkirk won them 36 decorations and mentions in dispatches. By the end of 1941 two George Crosses, six George Medals and eleven British Empire Medals had been awarded to Jews.

**Jimmy Durante On
Metropolitan Stage**

Hollywood's Cyrano De Bergerac, Jimmy Durante, heads the stage show at the Metropolitan Theatre this week-end for two days only.

Co-starring is Bob Allen and his orchestra; Nan Rae and Mrs. Waterfall of the Kate Smith program; and Pops and Louie, the "Sepia Speed Kings."

The first-run screen attraction is "Duke of the Navy," starring Ralph Byrd, Veda Ann Borg and Sammy Cohen.

**Pawt. Synagogue
To Give Broadcast**

A Passover program will be broadcast over Station WFCI by the Pawtucket Ahavath Shalom Synagogue on Sunday evening, 7 o'clock, it has been announced.

Rabbi Aaron Goldin will lecture on the subject, "Our March To Our Freedom." Liturgy music will also feature the program.

**Charged With
Being Too Friendly**

GENEVA — Otto Nansen, son of Fritjof Nansen, explorer and humanitarian, has been sent to a concentration camp in Norway, charged with leadership in a liberal movement seeking to mitigate anti-Jewish laws.

He also was accused of having shared in the formulation of a pastoral letter issued by a Norwegian bishop urging tolerance for Jews.

**Complain Because
Jews Fight Back**

LONDON—That Russia's Jewry is doing its full share against the Nazi invader is evidenced by the complaint of the Nazi Deutsche Zeitung, published in Budapest, that hundreds of Jews in the Carpatho-Russian mountains are waging successful guerrilla warfare against the Germans.

Cape jacket suit in black, worn with pin dot blouse of pale blue ... The hat of pin dot fabric, too ... Pale blue gloves ...

Colour strokes: A chartreuse blouse, hat and gloves with slate blue suit ... Red, green and white print blouse with a suit of lucky green ... Bright coloured coats lined in print over matching print dress—gray ones with red hearts ... A sulphur yellow hat and gloves with a grey and yellow print dress topped by a coat of mahogany coloured wool ... Pansy print dress with pouch pockets giving front skirt fullness, a few pansies cut out and applied on black veiling that wraps the crown of a big, black hat ... Feminine, but not floppy ...

WARNING: The milliner, the robe designer, the glove, bag and blouse departments of all shops are likely to consider that each is to supply THE accent for you: costume, that everything else you own is plain Jane and you MUST have their dramatic gesture ... Don't be swayed ... No matter how beguiling, there's no room on one costume for pin stripe patent leather shoes, a fragile floral fuss of a hat, decorated gloves and a suede purse that screams for attention ... Some of the parts have got to match ...

Scene Around Town

By HENRY DAVIS

Call of Ages

Passover wagged a beckoning finger to Florida vacationists, and back to town they came in time for the holiday ... Among them were the Isidore Millers, Mrs. Annie Goldenberg, the Morris Chusmirs, Samuel Michaelsons, the Benjamin Chasets, and Dr. Berger who is expected back tomorrow ... Those lapel buttons, miniatures of police badges, which were given to members of the Volunteer Providence Mobile Radio Patrol, were donated by Benjamin Brier ... That recent blackout which affected the downtown area, elicited the following from a colored news boy: "It's like Yom Kippur, you know, the Jewish holiday," he said ... "Cut my business 50 per cent ... Think what it costs the theaters, the restaurants; think what it costs the light company ... Not cheap, his blackout, you bet" ...

Get It Wholesale

It took a Jew to turn the tables on the "You Can Get It Wholesale" slander ... A story from St. Louis tells of a Harry Sabol, 61-year-old tailor who unabashedly is going about spreading the practice of buying wholesale ... With a son in the Army Air Corps, Sabol, who is a native of Russia, but a naturalized citizen of the United States these past thirty years, has been making a door-to-door canvass of his neighborhood selling defense stamps "wholesale" — \$10 worth for \$9.50 ... The idea has caught on, for Sabol who pays the other 50 cents himself as a contribution to the nation's war effort, has already sold more than \$300 worth of the stamps ...

and Auxiliary of B'nai B'rith are planning joint installation ceremonies for April 19 at the West Warwick Country Club ...

Weekly Slate

As soon as the new pews arrive, remodelled and re-faced Temple Beth Israel will be completed ... Services are now being held at the Temple ... When finished, the Temple will be one of the most modern structures in the city ... if you meet a soldier whose nickname is "Icicle" don't for a moment believe it's because of his composure and indifference ... the camp's definition says "an icicle is a drip caught in the draft ..." Carolyn Sydel, looking like a breath of Spring, visited here last week-end from Washington ... George Jessel is a disappointed man, because his application for navy service was rejected on physical grounds ... He should have expected it, for George—after all—is no chicken, being well over forty ...

Late News

Just learned that Lt. Herman Marks, U. S. Navy, has been transferred from the Marine Hospital in Pensacola, Florida, to a post in Chicago. Mrs. Marks, formerly Mildred Sydney of this city, is with him ... Statistics showing that the first seventy-five recipients of the Distinguished Flying Cross in this war among American forces, six pilots—that is eight per cent—are Jews, have been unearthed by Winchell ...

Localia

From the sounding studio comes word that the Irving Pedlikem, became parents of a daughter, born last week at Miriam Hospital ... The mother was the former Sophie Tolchinsky ... And did you know that Marjorie Ann is the name of the newcomer at the James Saneks? ... She was the former Madeline Bogin of Pawtucket ... Second Lieutenant Leonard Goldman, proud papa of only a few weeks, was inducted into the army last Wednesday ... He is stationed at Camp Edwards ... Leonard was entertained at a party given by the Bill Bojars last Sunday nite ... Kent Lodge

**Moes Chitim Drive
Officials Give Thanks**

Morris Feinberg and Max J. Richter, chairman and co-chairman, respectively, of the Providence Moes Chitim Association, this week extended thanks to all contributors, and to the committee of workers who assisted by collection and distribution of funds.

Officials of the drive have expressed the belief that all indigent Jewish families and individuals throughout the city were supplied with Passover needs, and have announced that in the event some were overlooked, application may be made to any of the local orthodox rabbis.
