## Palestine Prepares To Meet Threat of German Invasion

### Dickstein Scores Medical Schools

#### Introduces Bill For Gov't Academy

WASHINGTON — The festering sore of racial and religious discrimination in American medical schools was publicly exposed to view for the first time in the halls of Congress when Representative Samuel Dickstein of New York attacked Columbia University and other medical schools for "discriminating against people of certain races."

Pointing out that the discriminatory policy was particularly harmful when America at war is in need of more physicians, Mr. Dickstein introduced H. R. 7231, a bill to create a government academy of medicine along the lines of the academies at West Point and Annapolis, so that "every boy and girl who desires to study medicine" may have "the opportunity to become a great physician under the guidance of . . . the government of the United States."

### Say Polish Relief Officials Discriminate Against Jews

MOSCOW — Though the Polish embassy in Russia has issued definite instructions to its officials that American relief for Polish citizens stranded in the USSR should be distributed to Polish

### Populace Begins Voluntary War Service Mobilization

NEW YORK — Fighting for their lives with a fierce determination to keep the Nazis away from the last haven of hundreds of thousands of Jewish refugees in Palestine, the entire Jewish population in the Holy Land has undertaken a voluntary mobilization for war service under the supervision of its supreme body, the Jewish Agency for Palestine. All men and women between the ages of 17 and 45 are being conscripted and assigned to the task for which they are best fitted either in the armed forces, or in the war production industries and on the farms.

There are now 47,000 Jewish men and women in the combatant services. In the regular army units 12,331 men and 1,045 women are serving, most of them in the front lines in Egypt.

The Jewish Home Guard under British army command which will be immediately greatly enlarged, now consists of 23,700 of whom 2,700 are fulltime personnel and 21,000 trained volunteers. The entire force has been armed and trained to cooperate immediately and effectively with regular army units in case of invasion. There are also 5,000 Jewish police under army command guarding railways, enemy prison camps, military offices, arsenals, Jewish settlements, frontier posts and other military objectives.

### Zionists Sell \$15,000 in Bonds

Fifteen thousand dollars have been sold in War Bonds and Stamps by the Zionist District of Providence, it was reported by Dr. Myron Keller and Philip V. Marcus at a board meeting last week at the Biltmore Hotel.

A resolution was adopted commemorating the 20th anniversary of Congressional action in behalf of Palestine. A resolution was also adopted expressing sorrow at the death of Abraham Goldberg, noted Zionist leader, in New York. A short talk eulogizing the great writer and Zionist was given by Morris Shoham. Dr. Harry A. Cohen of Norwich was guest speaker. Dr. Israel M. Goldman presided.

### Negro Student Wins B'nai B'rith Award

COLUMBUS, OHIO — Louis Douglas Mitchell, a leading Negro student and a sophomore in the Arts College, and Jane Frances Scott, an Episcopalian and a sophomore in the Commerce College, were awarded the second annual Arnold Schiff Memorial Scholarships, established by the B'nai B'rith Foundation, at Ohio State University's commencement exercises, as the students who have done the most during the year to develop and strengthen inter-faith ideals and contacts on the campus.

### Nazis Condemn Red Cross Service

STOCKHOLM — The International Red Cross was condemned as a "Jewish organization" by the official publication of the Nazi party in Belgium this week. The Nazi newspaper based its charge on the fact that the Red Cross has evinced an interest in the welfare of captured Jewish soldiers in Germany.

### Jews Will Defend Suez, Says Wise

ATLANTIC CITY — Before General Rommel's army gets far into Egypt on the way to Suez Jewish youths from Palestine will join with the British and "give an account of themselves that the world will never forget," it is predicted by Rabbi Stephen S. Wise of New York, president of the American Jewish Congress.

Rabbi Wise addressed the Independent Order of Brith Shalom last week and declared "Jewish youth is going to help the United Nations win this war." One of their post-war aims must be, he added, that "never again must the Jew be put in such position as he has been in the last 10 years."

### Willimantic Doctor Missing in Action

HARTFORD, CONN. — Among the gallant band of Americans whose heroic exploits in the battles of Bataan and Corregidor will be written in golden letters across the pages of history is included the name of an outstanding Zionist and communal worker in Connecticut. He is Dr. Sidney Vernon, former president of the Willimantic, Conn., District of the Zionist Organization of America, who is listed as missing in action, according to advisers that have reached his Zionist friends here. Dr. Vernon, who volunteered for service in the Army Medical Corps last July, was commissioned a captain soon after the Japanese attack on Pearl Harbor.

### Weizmann Asks 5 Million War Loan

CHICAGO — Floating of a "war loan" of \$5,000,000 to redeem 1,000,000 dunams of land in Palestine was proposed this week by Dr. Chaim Weizmann, president of the Jewish Agency for Palestine, speaking at a dinner here in his honor under the auspices of the Jewish National Fund.

Touching upon the tense political and military situation in the Middle East, Dr. Weizmann stated that in spite of temporary setbacks "we must have faith in victory. The spirit of Jerusalem will triumph over the forces of evil."

### Jewish Workers Chose Mrs. FDR

NEW YORK — Mrs. Franklin D. Roosevelt has been selected as "the working girl's best friend" by the Jewish Working Girls Vacation Society, a non-profit organization affiliated with the Federation for the Support of Jewish Philanthropic Societies.

Mrs. Maxwell Steinhart, society president, said that the changed type of girl camper at the society's two summer camps in recent years was "a living monument to Mrs. Roosevelt's great work in promoting the cause of the working girl."

### Sokolsky Follows Pegler-Goes All-Out Anti-Refugee

NEW YORK — Dark, rotund, Japanese-looking George E. Sokolsky, widely syndicated columnist, who spent many years of his life in Russia, China and Japan, even marrying a Chinese woman for his first wife, vigorously attacks the refugees in particular and aliens in general in a column which declares that aliens are interfering too much with the thinking and acting of the American government.

He even introduces a new note in pro-Axis slurs by alleging that many people are speaking of a "Laski-Frankfurter Axis" as being "in control of American policy." The reference is to Prof. Harold Laski, Labor Party spokesman in England, and Mr. Justice Felix Frankfurter.

Mr. Sokolsky, who stems from a New York Jewish family and who was once himself associated with a national Jewish organization, takes up the theme sounded

a week before by Wetsbrook Pegler, who asserted that the post-war period must see a clean denunciation between the rights of aliens and citizens and who also attacked Mr. Justice Frankfurter as typical of the immigrants who are hurting the United States.

Immigrant-son George Sokolsky says "we are still, in some respects, a colonial people," and is hurt by the fact that "the alien in our midst rarely realizes that he is a visitor, a guest in the house."

He then says that he lives "in a part of town where there are a lot of refugees, some of them apparently well-heeled." The refugee women, he says, act "as though they had all been queens in the countries from which they came. They dislike waiting their turn at the grocer's counter. They speak triflingly of our American ways." Several incidents are then cited.

It is goot to hear Americans are now puddng 10% of der pay into Bunds!

Herman, you tell him it iss BONDS-not BUNDS!

For VICTORY...put at least 10% of every pay into WAR BONDS!

### The Laurel of Immortality

By DR. CHAIM WEIZMANN

If we speak of Theodor Herzl, it is not to measure the extent of his success or to institute comparisons with other leaders of thought or action, but as an act of homage to the man, who, in the eyes of Zionists stands out incomparable. In adopting this attitude, there is no desire to create a cult of hero-worship, but an endeavor to avoid the development of false values in our assessment of what he did and of that which he sought to achieve.

It is related by Herzl himself how in his first appearance before the Jewish masses — it was in the Whitechapel Ghetto in 1896 — he then felt that legend was beginning to weave its threads around his personality. A true aristocrat by nature, he was instinctively drawn towards the "common people" who so trustfully acclaimed him at first sight as their leader; but little did he know of those who were prepared to follow him.

The people whom he confidently expected to understand him — the men of great affairs and, above all, his fellow-intellectuals at the Maccabean Club in London, to whom he turned in the first instance, these "soi-disant" leaders of their "coreligionists" had not a shred of sympathy for his idea. Unconscious even of his forerunners, he yet intuitively interpreted as no man had before him, the age-long yearnings of the humble and inarticulate.

Thus there arose the leader who knew not of the people he was destined to show the way, and who, in the short span of eight years of his public life, nevertheless became enshrined in the hearts of hundreds of thousands of his fellow-Jews. The task he undertook would seem now to the initiated as one that was worth attempting; but if we throw our minds back to those far-off days of thirty-odd years ago, when the Jewish world seemed so young, when new ideas germinated in the Jewish Gass, we realize how the naive faith in the unlimited power of our will to accomplish the well nigh impossible set in motion hidden forces evoked by the genius of Herzl.

GASOLATIONISTS!

According to a Washington report, over 600 men have lost their lives at sea in an effort to deliver gasoline for pleasure driving in the Eastern States. This means that the gas shortage is no longer a question of burning gasoline. It is now a matter of burning conscience.

Some people and certain newspapers continue to grumble about their loss of gas. But our armed forces have yet to protest their loss of blood. There are so-called Americans complaining today that they may have to walk. There are other Americans, casualties in battle, praying that some day they may be able to walk again.

The measure of their heroism is the measure of the gas slacker's cowardice. The gas slacker has his constitutional rights mixed up with his driver's license. He thinks that 10 million Americans are ready to stand behind a gun so that he can sit behind a wheel. It never occurs to him that cheating an ambulance out of its gasoline is as rotten as cheating the wounded out of their bandages.

To the Gasolationists, America is only a road map. But for a man who doesn't need it, a full gas tank means an empty heart.

#### THE STORY TELLERS:

Heheheh: Mefoofsky's little boy, Max, Jr., fell in with some toughies on the block who taught him the Nazi salute. He came home parading all over the house, doing it, yelling, "Hi, Hitler!" Mefoofsky's shocked entreaties were of no avail. In desperation he called in Dr. Schmetric.

"Nu, doctor?" was Mefoofsky's frantic cry, "Do you tink we'll have to hamputate?"

Include Him Out! A favorite Goldwyn story isn't a one-line snapper, to hear a Liberty editor tell it. It's a yarn that throws a spotlight on the famed producer.

Mr. Goldwyn sent for Edward Chodorov to discuss writing a picture. He was shown a script. He told Goldwyn he didn't think it would make a good flicker. Of course, Goldwyn didn't hire him. The story was "Woman Chases Man" and was one of Goldwyn's few failures.

Several years later, Goldwyn needed a writer. The new story editor suggested Eddie Chodorov. Goldwyn hit the ceiling.

"Never mention that name to me," he thundered. "I won't have him around. He was connected with one of my worst flops!"

The Dept. of Justice is working over-time probing backgrounds of a crowd of candidates for various Federal benches ... Admiral Kimmel, suspended following the Pearl Harbor disaster, was cheered by

200 of his Annapolis college-mates at a Washington dinner recently. ... Reader's Digest, which advertises 4 million circ, has 5.

#### NEW YORK HEARTBEAT:

The Big Parade: Eve Curie, chin cupped in hand, studying the Hudson from a Claremont Inn ring-side table ... Jeanne Cagney, Jimmy's kid sister, a refreshing breeze ... Lieut. J. Bryan, 3rd, of the Curtis mags, and his bride doing the midtown before shoving off to a naval indoctrination school ... Dean Murphy, the mimic of FDR and other well-knowns, treating the Loew's Staters to his art.

Memos of a Midnighter: Lord Mountbatten, while here, dwelled at the Lowell Hotel under the name of Major Phillips ... Billy Conn's chums says he needs a fight, too, to pay income taxes of \$11,000 ... Add to the Ferdoodnessakes Dept Brig. Gen'l Hale's punch line about Midway: "The Navy found the enemy—and the Army, Navy and Marines gave 'em hell!" was edited by some radio stations to: "—gave 'm the works!" ... The Hays Office changed the movie title: "The Magnificent Jerk" to "The Magnificent Dope," and what happens? In the film, the word jerk is heard three times.

Polo Grounds Vignette: Johnny Long and Bob Chester relay it. ... Both stood, of course, when the National Anthem prefaced the game ... Directly in front of them stood a bloke wearing his sombrero ... Bob tapped him lightly on the shoulder and said: "How about your millinery?" ... "Oh, I forgot," was the reply, "I'm so sensitive about being bald" ... You're in good company," said Johnny, "so's the American Eagle!"

How is the war going? On the neutral exchanges in Switzerland the Nazi mark has taken a terrific dive—dropped 20 per cent in the last two weeks. And to our whiners about inflation: The U. S. \$ has gone up correspondingly in Zurich ... Hanson Baldwin, naval expert, believes the war will last seven years. One important exec (not FDR) believes that by 1945 Germany will again belong to the Germans—and that Hitler will belong to the historians ... H. L. Mencken's next book will be reminiscences of his mag days ...

## Arrange Dental Service for Needy; Galkin Explains Plan

A Panel of dentists has been set up by the Jewish Family Welfare Society in order to render dental care to needy persons in the community, it was announced this week following a meeting of dentists at the Carpenter Memorial Building. Charles C. Brown was chairman of the meeting.

Joseph Galkin, executive director, outlined the plan and stated that the project, although on an experimental basis for the time being, is badly needed in the community, as there are many families who are not actually on relief, but whose earnings are too small to allow them to pay for proper dental care at the prevailing rates. The panel will not duplicate any existing services already established in the community, Mr. Galkin said.

It is hoped that the Miriam Hospital Association, which has afforded dental care to needy Jewish persons in the past, will co-

operate with the Jewish Family Welfare Society in this project.

So far twelve dentists have offered to give their services free of charge to those cases referred to them by the agency, and more will be added as the need requires. In addition, two dental laboratories have agreed to do necessary mechanical work, making only a small charge for materials used.

The dentists include: Dr. Allen Novogroski, chairman, Dr. Ira Blum, Dr. Edward Brown, Dr. Harry Dimond, Dr. LeRoy Fishman, Dr. Philip Gordon, Dr. Morris Lebow, Dr. Nathan Levitt, Dr. A. Budner Lewis, Dr. Burton Litchman, Dr. Walter Nelson and Dr. Solomon Rubinstein.

Dr. Milton Finberg of the Edward Dental Laboratory and Charles Silverman of the R. I. Dental Laboratory and Supply Co. represent the volunteering laboratories.

## Announce Nurses Aid Class At Miriam Hospital; 20 Join

A nurses' aid class has been organized at the Miriam Hospital under the direction of the director of nurses, Miss Anna E. Dennis, it was announced this week by Maurice Stollerman, superintendent of the hospital. There are approximately twenty girls, ranging in age from 18 to 21, in this class. They are receiving theoretical instruction, pertaining to nursing care, methods and procedures, and practical demonstration.

It is planned to utilize the ser-

vices of the nurses' aid to relieve the pressure of work for the graduate nurses.

The nurses' aid will be under the supervision and direction of graduate nurses. Following completion of their course of study and practical apprenticeship they will be given permanent positions at the Miriam Hospital.

This plan has been made necessary as an emergency measure, to assure an ample supply of help in the various departments.

## Jewish Woman is First Gold Star Mother of War

NEW YORK — Black-haired, 44-year-old Mrs. Abraham Kram, whose 18-year-old son Leonard, lost his life while serving as a Navy gunner, is the first Gold Star mother of this war.

Mrs. Kram, whose 18-year-old son had lost his life in the sinking of a tanker last winter, received membership into the patriotic group at ceremonies attended by 40 other Gold Star mothers. The Jewish woman from the Bronx is herself the daughter of a Gold Star mother, for her brother, Sergeant Isaac M. Freed-

man died in France during the last conflict.

The second and third applicants for admission to the select group were the mothers of Sergeant Herbert Keelson of the Marines, who died from gunfire wounds in the Pacific and whose body was brought back for burial on American soil, and Morris Schwartzberg, lost in the torpedoing of a submarine chaser. He had enlisted at the age of 19 after he had learned that his father's eleven sisters and brothers had died in Warsaw.

## Sisterhood Annual Donor's Luncheon

Mrs. Ben. Greenberg and Mrs. Y. Cutler were chairmen of the annual donor's luncheon of the Ahavath Sholom Sisterhood, held June 16 at Weinstein's Restaurant. Mesdames D. Chorney, B. Taber, W. Zelniker, A. Cleinman, I. Grossman and M. Letch assisted on the committee.

The tables were decorated with a center piece of home-made holly, made by Mrs. Cutler. Mrs. A. Strauss, president of the organization, extended greetings. Mrs. Morris G. Silk, toastmaster, opened the meeting with a prayer. Rabbi Morris G. Silk praised the women for their work during the past season. Mrs. Goldenberg, president of the Pawtucket Ahavath Sholom Sisterhood was guest of honor.

Bridge and Mah Jong concluded the meeting.

#### SYNAGOGUE BOMBED

LONDON — One of the oldest synagogues in England, the 180-year-old structure at Exeter, near Plymouth, was hit and practically destroyed by a Nazi bomb during one of the "reprisal" raids by the Nazis.

## Backers of Fascist Cause Near Riot

CLEVELAND — A near riot resulted this week, when city Councilmen were bombarded with newspapers and magazines, as they discussed the barring of Gerald L. K. Smith, chairman of the committee of 1,000,000 and notorious proponent of Fascism, from appearing in Public Hall here.

After police responded, they escorted from the Council Chambers nearly 100 women, identified as members of the United Mothers of America, an isolationist, Coughlinitic group.

The paper-wad barrage followed women's booing at the mention of President Roosevelt and cheering for Smith, who appeared unexpectedly at a Council legislative committee's public hearing, Councilmen said.

## Name Albert Kahn No. 1 Plant Designer

NEW YORK — Albert Kahn of Detroit, noted architect and often called "The World's No. 1 Industrial Designer," has received a special medal from the American Institute of Architects for significant war contributions. The institute added that he is the "United Nations' No. 1 War Plant Designer."

## The Laurel of Immortality

(Continued from Page 1)

It would be idle to speculate on what Theodor Herzl would have done if, faced by the blank wall of Turkish rule in Palestine, he had not been able to lead his people forward; or what he might have done in these days. His record, now open to the world, shows that he would assuredly not have stood still, and would not even have shrunk from heroic measures to achieve the object he had set himself. It is for this reason that Theodor Herzl will for all time be justly regarded as one of those fortunate men of destiny who, in their very hour of death, have wrested from seeming failure the laurels of immortality.

## The War Spreads

Spy stories and films have always depicted the saloon as spots where men with important military secrets are drugged with drink to loosen their tongues. But, alas, those days are ended.

Boston bartenders have voted to cock an attentive ear whenever they believe revealing information is being dispensed. In addition these volunteer espionage agents will keep a wary lookout for axis agents who might use the saloon as fertile oases for the dissemination of rumors and propaganda.

And to bartenders and their standing partners come under the influence of total war.

## Don't Wait

Government officials are again urging that all consumers fill their coal bins as soon as possible. There is no coal shortage, and there won't be—the coal industry is completely able to fill war demands and normal demands alike. But, if we wait until winter before ordering, a serious strain on our transportation systems will result. So, if you use coal, call your dealer today.

Editor: To the management of the Miriam Hospital and its superintendent Maurice W. Stollerman, in particular, and to the physicians and nurses, I wish to express my deepest gratitude for their consideration and kindness shown me in this very fine hospital.

Words fail me to express my true sentiments of thanks. They were like true brothers to me in my moments of pain. May the Almighty, the healer of the sick, recompense the staff of the hospital.

# For a Woman's Fancy

By IRENE

We women are really privileged that there is so much that we can contribute to the all-out for victory drive, even without actually being engaged in war work... First we hunted all over kitchen and cellar for old aluminum, and we know that there were many, almost new, pots and pans that went on their way to airplane factories...

Now we are busily searching house and garage, attic and cellar for anything that stretches to make our contribution to the President's call for all the scrap rubber we can lay our hands on... Don't be overzealous, though, and take hubby's almost new inner tube down to the gas dealer, he might get awfully mad... But all your old girdles, if they contain any rubber, worn down rubber heels, no matter how small, bathing caps, etc., will help to keep our boys marching to victory....

This week the retail stores have aunched their war bond campaign and we know that it has gone over with a bang... The salesgirls have done double duty by selling stamps and bonds with their regular merchandise... Are you all wearing the victory corsage?... We think it is more beautiful and precious than even orchids... If you haven't seen it yet, on your next trip to town, get one, they have been selling like hot cakes...

Perhaps you have a garden to plant and putter around in, or you go to first-aid classes, or maybe you just want to be comfortable around the house and you envy the slim girls that can wear slacks and look good in them... But you, oh no, wearing a size 38 or over, you can't possibly make an even presentable appearance in slacks... But that's where you are wrong... Stylists have found that the larger woman can wear slacks, if they are correctly tailored for her size...

If you know that your size is 42, don't go in the store and try to buy a 38... This requires a lot of alterations, which usually take away the smartness and the fit of the outfit... Slacks for stouts must be designed with an eye to slimming lines... Fabrics must be selected that have a certain weight, or body... Gabardines have this quality, and, cut well, they also hold their shape... The rousers of the slack-outfit should be cut quite spacious, with generous pleats and a long crotch, to give freedom and also to have that all important slimming appearance...

The jackets can be cut on different lines, a deep bias peplum across the hips without a belt is smart... Princess style is always good or just a slightly nipped in waist... If you like belts never wear one in the back, it breaks up the long line and gives you a stockier appearance... But a tie in the front is all right... Avoid full sleeves, they make you look top-heavy... These are but a few pointers, we leave the rest up to your ingenuity... So wear slacks

and be happy in them, even if you are one of 38 million women that have no perfect figure...

To have the American wartime beauty look, you have to be "alive, able and ready to take it"... To achieve this just follow a few simple rules and they are as easy as pie... Have a healthy weight, not too much and not too little... Learn to move efficiently—which is gracefully... Relax, showing poise... Get some physical recreation and also give your mind a rest by doing some work which is different from your usual occupation... Decide upon a basic, becoming hair-fix, and take time to arrange it when you dress up... Spend ten minutes a day on our complexion, by cleaning, lubricating and softening your skin.

Keep your hands immaculate and smooth... Use makeup skillfully, and of course never go to bed with it on... Cultivate a pleasant voice—especially now, when women contribute in any task people carry out together... Be polite, good-natured and courteous... And least, but not last, be a woman—and take this fact easily... Don't act like a man, just because it is war, but don't become super-feminine... Think you can do it?... We know so...

## British Refuse To Give Up Mandate

LONDON — The British Government this week rejected the proposal that it surrender its twenty-year-old mandate over Palestine to the United States, in an acrimonious debate in the House of Lords raised by Lord Wedgwood of Baroston on the issue of arming the Jews of the Holy Land.

Viscount Cranborne, British Colonial Secretary, spurning Lord Wedgwood's suggestion that Britain admit its failure in Palestine and give the United States a chance there, told the House of Lords that Wedgwood's broadcast in which he made the proposal was "an incitement to civil war in Palestine."

## Reynolds to End Vindicator Society

### Says War Cancels Organization's Aims

WASHINGTON — Senator Robert R. Reynolds (D), of North Carolina, filed a petition in District Court here for the dissolution of Vindicators Association, Inc., of which he is President.

The Chairman of the Senate Military Affairs Committee informed the Court that the Association was formed March 13, 1939, with seven "fundamental" objectives, including keeping America out of war, registration and fingerprinting of all aliens, and deportation of all undesirable aliens.

He said that the war had made it "undesirable and impractical" for the Association to carry out all of its objectives, and that the only business it conducted was publication of the American Vindicator.

Justice Jesse C. Adkins signed an order requiring all persons interested in the Association to show cause why it should not be dissolved.

## What to Do With Sabbath Candles During a Blackout

NEW YORK—A series of discussions have appeared in the New York Times on the subject of what to do with ritual candles on Sabbath evening in case of an air raid. Of course the question is easily answered, when one lights the candles in a black-out room. But as we have no black-outs yet every night (and hope we may never have) one might be caught in a surprise raid, (either practise or real) with the Sabbath candles burning in a room without window shades.

The ritual law says that a candle once lit, may not be moved during the Sabbath. But one cannot give aid to the enemy. Some of the writers point out, therefore, that where there is danger to life, as war certainly is, almost any ritual rule may be broken under the

tenets of the Jewish faith.

Meanwhile, Dr. Louis Finkelstein, president of the Jewish Theological Seminary of America, issued the following instructions: 1. Wherever possible, curtains should be provided for the room in which the candles are set. 2. If this is not feasible, the candles should be set in a room from which the light is invisible outside.

3. If this is not possible, the Sabbath should be ushered in well before dark and short candles should be used which will not burn into the night. 4. If this precaution is neglected, and there is an alarm signifying an air raid, all lights should be immediately extinguished—including the candles.

## Name Two Jews To Dutch Council

LONDON — Two Jews are among the seventeen members named by Queen Wilhelmina to the Netherlands' Extraordinary Advisory Council here, it was learned this week when the composition of the Council was announced.

One of the Jewish members in the important Dutch body is M. Sluysen, former editor of the Amsterdam Het Volk. The name of the other Jew was not made public for fear of Nazi reprisals against members of his family who are still in occupied Holland.

The earliest sea war tactic was to ram the enemy's ships.

Whenever the RAF bombs factories and troop concentrations in Holland, the Nazi press always announces that the only victim was a cow ... In Amsterdam therefore the Dutchmen report that when the war is over, Goebbels—if he's alive—will make a special visit to the city, to unveil a monument to The Unknown Cow ... On the day the news of Tokyo's bombing was announced here, this is how the interned Jap diplomats learned about it ... Their children, who were raised as Americans, heard the news while they were lunching ... The Jap youngsters immediately rushed to their parents, and shouted gleefully: "We did it! We did it! We bombed Tokyo!"

**Uncle Sam, Unintentionally Auctions Anti-Semitic Books**

NEW YORK — The U. S. Government was this week the unwitting tool of anti-Semitic elements. Scores of anti-Semitic, anti-British and pro-Nazi magazines were placed on sale this week all because Treasury agents were unaware of the type of books in the inventory of the Westermann Book Shop which was ordered liquidated by a Federal Court.

If you had the cash Uncle Sam would sell you the German Information Service's "Case of the Athenia"; "Snapshots of German

Youth in America"; "Die Strassen Adolph Hitler," as well as the Protocols of Zion.

An auctioneer opened the locked store and put all the books under the hammer—proceeds to go to the United States Treasury.

Most of the pro-Nazi titles were published by Flanders-Hall which shut down after it was exposed as being on good terms with Sylvester Viereck, convicted German agent.

Before the store closed, a large portrait of Hitler hung in the

basement. And it was known that many Fascist agents frequented the store.

Perhaps the books were sold to provide people with an idea what we are fighting against. It might be good propaganda, but the scheme can easily backfire.

**Navy Receives Two Hebrew Scrolls**

NEW YORK — Two Hebrew scrolls of Jewish law were presented to the United States Navy by the Educational Alliance in New York at graduation exercises of the Religious School, with Chaplain Joshua L. Goldberg, U.

The ceremony and presentation was preceded by talks by the graduates on the theme of Judaism and Americanism.

**Ex-Mufti Happy On Fall of Tobruk**

GENEVA — Greetings to Axis leaders on the fall of Tobruk have been sent by the Quisling of the Arab world, Haj Amin el Husseini, ex-Mufti of Jerusalem.

In messages to Hitler, Mussolini, General Irwin Rommel, the King of Italy and Italian Commander Bastika, the ex-Mufti declared:

"The fall of Tobruk opens the way to the liberation of Palestine from British-Jewish domination."

**Slovakia Goes Hitler One Better**

LONDON — Reliable reports from the continent said today that Nazi-dominated Slovakia had deported half of its estimated 100,000 Jews to ghettos in Poland and Russia and was attempting to become Europe's first "Jew-free country" by autumn.

The "Republic" sliced from dismembered Czechoslovakia was said to have "out-Hitlered Hitler" in its persecution of Jews.
