**WAR THIS WEEK**

**Pay-As-You-Go Tax Plan**

A Treasury Department statement said the simplest and most effective method of placing individual income tax payments on a current basis is collection of the taxes at the source of the income. Stanley S. Surrey, Tax Legislative Counsel of the Treasury Department, explained that if income tax collections at the source were made applicable at the normal (plus first bracket surtax) rate, the vast majority of our taxpayers - about 25 million of the es-

timated 35 million income taxpayers - would be placed on a current basis and would also have their income taxes automatically budgeted for them.

Americans are already subject to one withholding tax - the Victory Tax. Treasury officials have pointed out that withholding, in this case, is a collection device rather than a tax in itself, a device designed to help the taxpayer pay his 1943 Victory Tax when it falls due in March 1944. The methods developed for administering the withholding provisions were determined upon as the most equitable for all taxpayers affected, under the terms of the statute imposing the tax.

**Women in War**

This week WMC Chairman McNutt, announcing that 4 million women are now working in war plants, predicted that in a very short time one out of every four workers in American war industries will be a woman. To meet 1943 war production goals, the number of women workers must increase, until, by the end of the year, 6 million women will be engaged in war production work.

**Dr. Stephen Wise Sees Secretary Hull, Eisenhower**

WASHINGTON—Dr. Stephen S. Wise, president of the American Jewish Congress, this week called on Secretary of State Cordell Hull, with whom he discussed a number of Jewish problems. He also saw Milton Eisenhower, OWI official who recently returned from North Africa.

**Editorials**

**Sabotage?**

Men and women of America, your government is appealing to you not to impair the war efficiency nor to jeopardize this crusade of liberation by curtailing your U. S. War Bond purchases. Your loans to your government mean more than an investment in victory; they mean the resurrection of blighted peoples everywhere. Humankind was never accorded a greater privilege.

Sabotage is the interpretation that might easily be placed upon the failure of citizens to fulfill these important war pledges. Yet such appears the desire and intent of some who voluntarily subscribed to purchase War Bonds on the tremendously important Pay Roll War Savings Plan.

The American worker is not a quitter, particularly in adversity. Certainly he would not like the realization that it might be his own son whom he would thus surrender to a vicious and implacable foe by so abandoning his promise to the greatest government in the world. To curtail the Pay Roll War Savings Plan by reducing weekly allotments is the equivalent of sending some mother's boy into battle without ammunition for his rifle, sole means of his survival; to place a crew in a P-T Boat, headed for an enemy cruiser, without sufficient gasoline, or a complement of soldiers in a tank minus machine guns and cannon.

This is a fatal time to let down, and the facts indicate it is not necessary. The average American will have for living expenses in 1943 - after payment of Income Tax, Victory Tax, Federal, State local, and property taxes - a larger sum in dollars than he has had since the boom year of 1929. This is because of the great increase in income due to the impetus of the war. To abandon our savior nation in view of this fact could prove nothing short of a calamity, with world-wide repercussion.

**February War Bond Month for Zionists**

WASHINGTON, D. C.—The U. S. Treasury has designated February as War Saving Bond Month for members of the Zionist Organization of America, the national headquarters of the organization announced here today.

The decision to "designate the month of February, 1943, for the participation of every Zionist group throughout the United States in sponsoring an active War Savings Bond Campaign" was taken in consultation with Judge Louis E. Levinthal, president of the Zionist Organization of America, and Judge Morris Rothenberg, chairman of its National War Effort committee.

**Fascist Political Plot Revealed by League; Dictaphonic Recordings of Bribery Played**

NEW YORK—Sensational evidence of a plot by native Americans pro-fascists to form an organized political movement to be inaugurated shortly by a smear campaign against anti-Nazi groups and leaders throughout the United States, was today revealed by the Non-Sectarian Anti-Nazi League which, at a press conference played dictaphonic recordings of attempts by a secret agent to bribe League representatives to steal information from its files concerning individuals indicted by the government for sedition and for attempting to undermine the morale of our armed forces.

The recordings were obtained through a dictaphone, installed in a mid-town hotel room, in which the conversations between the agent and League intermediaries took place, during which substantial sums of

**Neutral Nationals Warned Not to Purchase Confiscated Property Belonging to Jews**

LONDON—Jewish leaders here are conferring with Government officials on methods to be adopted by the United Nations after the war in restoring to the rightful owners property confiscated by the Axis powers in occupied countries. Several neutral countries warned their nationals in occupied Europe not to buy any enterprises formerly owned by Jews.

The Governments of Sweden, Switzerland and Portugal this week advised their nationals living in Na-

zi-occupied Europe not to invest any money in enterprises owned in pre-Hitler days by Jews.

The neutral nationals were warned that their Governments would not be in a position to help them after the war when the United Nations orders the confiscated property returned to their original Jewish owners.

Surprise was expressed in Jewish circles over the failure of the recent United Nations declaration, pledging restoration of property looted by the Nazis to include Germany and Italy in the statement. The declaration pledged to return property seized by the Axis powers in the occupied countries only.

**Palestine Births Off; Drop "Catastrophic"**

JERUSALEM—The Jewish birth rate in Palestine has dropped since 1924 to such an extent that the population gain resulting from immigration may be wiped out within two generations, it was stated here this week by Prof. Abraham H. Frankel of the Hebrew University.

Prof. Frankel said that the drop in the Jewish birth rate is "catastrophic." The natural increase among Jews has decreased from 38.2 per 1000 in 1924 to 20.7 in 1941, he stated. He appealed for more children "to replace those wiped out by the Nazis."

**Stalin Thanks Jewish Farmers**

MOSCOW — A letter of thanks from Premier Joseph Stalin to a group of Jewish collective farmers in the Jewish autonomous region of Biro-Bidjan who contributed over a quarter of a million roubles to a fund to purchase fighter planes for the Red Army was published this week in Pravda.

Pravda also reports that the Jewish collective farmers in the entire Biro-Bidjan region have already raised more than a million and a half roubles for the fighter plane fund.

**BUY FIVE PLANES**

RIO DE JANEIRO, Brazil—The Jews of Brazil have presented five training planes to the government as a symbol of their wholehearted support of the nation's war effort, it was announced here.

**B'nai B'rith Calls National Conclave**

WASHINGTON, D. C.—B'nai B'rith has invited representatives of the major national Jewish membership organizations in the United States to a preliminary conference at the William Penn Hotel, Pittsburgh, Saturday evening, January 23 and Sunday, January 24, to consider what steps should be taken to bring about some agreement on the part of the American Jewish community with respect to the post-war status of Jews and the rebuilding of a Jewish Palestine.

Announcement of the conference was made here by Henry Monsky, president of B'nai B'rith, who extended the invitation to 32 national membership organizations.

**Admit Prejudice Fight Ineffective**

NEW YORK — In a resolution condemning the Nazi slaughter of Jews in Europe and calling upon the Christians of America to fight against anti-Jewish bias, the Federal Council of Churches of Christ declared:

"We confess our own ineffectiveness in combating the influences which beget anti-Semitism in our country and urge our constituencies to intensify their efforts in behalf of friendly relations with the Jews."

**8,000 Canadian Jewish Youths Serving in Army**

MONTREAL—"Jews of Canada have contributed materially to every phase of the Dominion war effort," was the declaration made by Samuel Bronfman National President of the Canadian Jewish Congress and leading industrialist, who revealed that out of Canada's total Jewish population of 165,000 more than 8,000 Jewish youths are volunteers on active military service.

# For a Woman's Fancy

With rationing, based on the point system, just around the corner, we'll devote most of this week's column to double-budget-rationing which is based on points and money.

One of the most important considerations in planning your expenditure of points, is the fact that there will be no "change" given in stamps. For example, if you have only an 8-point stamp left in your book for canned goods, and you wish to buy a can of peas worth 6 points, you will either lose your 2 extra points or be forced to buy an item worth the 2-point's difference so as to get the full value of your stamp.

There are two things you can do to avoid such a situation:

**First Method**  
Spend your high-point value stamps first. This will leave the lower, more easily manipulated denominations for use later, when your needs may not be so clear-cut as at the beginning of the period.

## Second Method

The other way to prevent wasting your points, or spending them unwisely, is to save those left over from one period and add them to a few points in the next period, to buy something you really want and need. This will be possible because unlike the coupon ration program for sugar and coffee, points left over from one ration period will be redeemable during the beginning of the next period. So don't feel that you have to rush out on the last day of any points ration period and spend your last few points, trying to fit your needs to the exact number of points left in your book.

## Combined Books

The housewife will have two or more ration books to work with. If top values stamps are spent first, she will have plenty of "change" left in the combined books of her

family. It is apparent that under point rationing, two (or more) can live - not cheaper - but more satisfyingly, than one. In the case of an individual living on one ration book, one luxury (or scarce) canned delicacy, might wipe out a whole week's canned food points budget.

On the other hand, a family operating on four ration books, might easily afford one such luxury to be shared by the four persons.

The Chinese method of cooking rice produces fluffy, well-cooked kernels. It is imperative to use a heavy pot, either thick crockery or heavy metal will do. The rice is washed five or six times and put in the pot.

Boiling water is added to stand a good inch above the rice. Cook over high heat, boiling rapidly for about five minutes, or until the water boils down. Lower the flame and cook about 15 minutes longer, letting a crust form around the edges of the pot. The rice is then tender and ready to serve.

To prepare fried rice for four, put two beaten eggs in a lightly greased skillet. Stir lightly and add two or three cups of warm cooked rice. (Reheat rice in double boiler if necessary.) Add onion to taste and any amount of cooked diced meat.

## Name Members of Telephone Squad

**West Point at War**

By Maj. Gen. Francis B. Wilby  
(Supt. of West Point Academy)  
Being a newspaper columnist and reporter is a new experience for me. However, I feel that I can give you a "Reporter's Report to the Nation" from West Point, which should be of interest to every red-blooded American.

I wish that everyone could visit West Point for just one day, and see what I see. You would get an inspiration that you cannot help but feel when you see the men of the Corps and what they are doing. They are not only fitting themselves for winning this war, but also for winning the peace, and preventing, if possible, the recurrence of such another world conflagration as we are passing through today.

As you know, a cross-section of American youth is selected from all parts of the country to come to West Point. They are selected by the most democratic of methods, many of them by winning competitive examinations.

Starting with these young men, we aim to develop a rigorously trained soldier-officer, a job which is greatly facilitated by the fact that the Cadets themselves sincerely desire to make the most of the opportunity they have here. With the rapidly changing weapons and new methods developed in modern warfare, we are constantly working to keep up to date and give the latest, most accurate information and training to the Cadets.

WALTER WINCHELL is on a tour of duty outside Continental U. S. During his absence, contributors will substitute.

The Cadets learned and were doing everything a thoroughly trained enlisted man ought to be able to do, and before the Summer was over, they looked like veterans.

Summer maneuvers, don't end the story of tough training at West Point. Summer maneuvers are just a phase of the year-around program which is built to train fighting leaders.

Every minute of the 16-hour day (6 a. m. to 10 p. m.) is filled by a tight schedule of instruction, study, and athletics plus tactical training in the arms and branches of the Service. The program is designed to turn out officers schooled in all types of army operation, and each Cadet is familiarized with the use of every weapon from the pistol to the airplane.

So one can see the West Pointer is TOUGH—physically and mentally. He has to be.

At the close of the Summer, the Cadets came back into the classrooms for what we call academics. During the Winter months emphasis is placed upon academic instruction while the schedule in tactical training is somewhat reduced.

A reporter probably would say that we have a highly mathematical and stiff engineering course. Perhaps that is right, but the West Point curriculum aims at teaching a man to think, to reason, and to draw sound conclusions expressed clearly and concisely. Mathematics and the sciences provide this training of the mind which we believe is so essential in order to produce the finest military leaders.

I am happy to announce that this week the West Point instruction is being given a first-hand inspection by some of the leading educators in our country. I have invited Doctor Compton, President of the Massachusetts Institute of Technology, and Doctor Hopkins, President of Dartmouth, along with the principal military experts on training in our Army today, Major General Bull of the Replacement Training Center of the Ground Forces, Brigadier Huebner of the Training Division of the Services of Supply, Brigadier General Edwards of the Training Division of the War Department General Staff, and Colonel Schlatter of the Flying Training Command of the Army Air Forces, to meet, confer and review our plans for the new 3-year course at the Military Academy. With this course we propose to produce a graduate of West Point who will have the finest education and training it is possible to afford in the time available. By constantly keeping abreast of the latest developments, we aim to do the job which America and Americans have asked us to do.

In the days of Robert E. Lee and U. S. Grant, West Point produced men to meet the challenge of that era. John J. Pershing fulfilled his task in the days of the Kaiser.

During the past Summer over 2,000 West Pointers went through the most rigorous field maneuvers that have been held in the history of the Academy. Every phase of combat training was given the Cadets. They worked, they sweated, they maneuvered over the hills and through the rivers of northwest New York State, as well as here at West Point. They had a good taste of how modern campaigns are fought.

During these maneuvers some of the toughest combat problems were carried out by the Cadets.

**CLOSING MEETING**

The closing meeting of the Junior Division of the United Jewish Appeal will be held Saturday night at the home of Miss Evelyn Block, 139 Lenox avenue, Miss Florence Zwoeden, chairman, announced this week.

**Britain May Ease Immigration Rules**

**To Grant Entry if Other Countries Will**

LONDON—The British War Cabinet is considering relaxing the immigration restrictions for Jews escaping from the Nazis, it was reported this week.

The government will make the admission of the Jews to Britain conditional on Allied and neutral countries doing the same, to ensure aid for the Jews on the widest possible scale, it was stated.

Commenting on the fact that 600 Polish Jewish children who left Iran for Palestine last week to go by way of India, which adds hundreds of miles to their journey, because the Iraq government refused them transit passage through Iraq despite American and British intervention, British newspapers demand that either Prime Minister Churchill or Foreign Secretary Eden make a statement in Parliament regarding Iraq's conduct.

**Complete Plans for David Pinski Jubilee**

The concert program for the Pinski Jubilee celebration this Sunday evening at the Biltmore Hotel is under the direction of Arthur Einstein who announced this week that Cantor Jacob Hohenemser, of Temple Emanuel, and Joseph Eckoff, violinist, will be the guest artists.

The literary-musical evening, arranged by the local labor Zionist groups, is in honor of the 70th birthday and the 50th anniversary of the literary career of David Pinski, noted Yiddish dramatist and leader in labor Zionism. Mr. Pinski will be the main speaker of the evening.

The arrangements committee includes Max Berman, Harry Chaet, Joseph Biller, Arthur Korman, Nathan Izeman, Benjamin Rakatansky, Israel Resnick, Harry Waxman, Samuel Shprecher, Solomon Lightman and Henry Halpern.

**Temple Conforms With OPA Regulation**

In accordance with regulations for conservation of heating fuel and dimout rules, Temple Beth-Israel is now holding its Friday night service in the vestry of the Temple. Rabbi Morris Schussheim's sermon this evening is "A Song of Victory."

**Visitation**

Members of the Murry Universalist Church, where Rabbi Schussheim is at present giving a series of lectures on the Hebrew Prophets will visit the Temple this Sunday morning and will be taken on a tour of inspection by Rabbi Schussheim.

**School Presentation**

Children of the Sunday School will present a dramatization, "The Hall of Fame" this Sunday morning at 10:30 o'clock. The play is produced and directed by Mrs. Henry Markoff.

**H. MASLIANSKY DIES**

NEW YORK—Rev. Hirsch Masliansky, noted Jewish scholar and internationally known Zionist orator, died here this week at the age of 87.

**It Happened This Week**

**A Cultural Evening**

A gathering of unusual interest will occur this Sunday evening at the Biltmore Hotel, when local groups turn out to pay tribute to David Pinski in honor of his 70th birthday and the 50th anniversary of his work. Pinski probably had more to do with the progress of the Jewish theatre than any other man. In addition to a program of music, Pinski himself, who will be present, will be the principal speaker. It will be a worthwhile evening. Try to be there.

**The Women**

A goodly number of Jewish girls from Providence and Pawtucket attended a party for servicemen given by the Red Cross Motor Corps of Pawtucket last weekend at the Tennis Club on the Flat. Boys from the 6th and 13th Army Corps and from Quonset were guests. Incidentally a number of the men present are stationed in the Jewish Children's Home which was recently taken over by the Army. The Berman sisters last week-end entertained for a number of Army boys stationed in Providence. Supper was served and we understand everyone had a grand time.

**Army Notes**

A note from Capt. Jay Fishbein, stationed at Fort Ord, California, says he finds the Herald a fund of news about home. Herbert Hirsch, of Providence and Norman Klein, of Newport, are two Jewish lads who joined the Navy this week.

A letter from Bloomfield N. J., to tell us that Sydney Scheck, son of the Harry Schecks, formerly of Providence, entered the service last Thursday. Evalyn Azroff was one of eight Rhode Island women who set off this week for Des Moines for basic training in the Women's Army Auxiliary Corps. Incidentally, Col. Pratt, of the Army Induction Center told us this week that the WAACS have many openings and you don't have to be skilled in a particular job to be eligible. Drop over to 40 Fountain street and a WAAC recruiting officer will provide all essential information.

**Promotions**

Two brothers of Mrs. Joseph Billineff are in the news this week. PFC Philip Feinman has been promoted to Sergeant at Camp Gruber, Oklahoma. He expects to be transferred to another camp shortly where he will become an instructor. The other brother, Norman Feinman, has completed his course at the U. S. Naval Ordnance

base at Norfolk, Va., and was promoted to Petty Officer, 3rd class. Members of the Community Center gymnasium class got together last night in honor of I. Stanley Korb, who is retiring from the class after 15 years of service. The attendants had a good meal, sport movies were shown and Stanley was presented with a gift.

**In Honor**

This evening (Friday) members of Temple Beth-El will hold a special memorial service to observe the first jahrtzeit of John J. Rosenfeld, one of the most generous benefactors of the Temple. From Miriam Hospital comes word that Frank and Augusta Berger are the proud parents of a daughter born last Tuesday. All these contradictory stories emanating from Washington remind me of the following story. Once upon a time there was a Ministry of Information carrier pigeon. And as it was flying leisurely to its destination it was jostled by a second pigeon, which bawled: "Get a move on. I've got the denial!" That's all for now.

The devil tempts all men; but the idle man tempts the devil.
