Lehman Reinstates General Morgan

British UNRRA Chief Denies Anti-Semitism
WASHINGTON — Director General Herbert H. Lehman of UNRRA (United Nations Relief and Rehabilitation Administration) announced this week that he had reinstated British Lt. Gen. Frederick Morgan, UNRRA director in Central Germany, who had been accused of anti-Semitism.

Morgan asserted at a press conference at Frankfurt, Germany, January 2, that "an organization" was directing a mass exodus of Jews from Poland into the U. S. occupation zone in Germany with Palestine their ultimate destination. He said many were well fed and had money.

Lehman ordered Morgan dismissed but the General refused to quit. Instead he appealed to Lehman for a hearing. Lehman consented and the two met last week in New York.

In clearing Morgan of the charges Lehman released a letter from him in which he apologized for his remarks and said they had been misconstrued. To this was attached a statement from Lehman in which he said he ordered reinstatement after he had determined that the General did not intend to "impute sinister motives to individual or organizations seeking to improve the sorry plight of displaced persons."

"I reject utterly any suggestion that I am anti-semitic in outlook," Morgan said.

An Obligation

The Jews of America are gripped by an acute sense of realism these first months of the postwar era. It was not expected that the day after the cease fire order was given all would be for the best in a fairly perfect world. But it was expected, eight months after V-E Day, that the great nations of the earth, united to build a new order on the ruins of the old, would by this time have proffered some constructive solution of the problems which make Jewish life tragically difficult and almost impossible in certain areas of the world.

It is not our desire to catalogue the sufferings and crimes committed against our people during the war.

But redress and reparation for the crimes has not been offered. The process of righting the wrongs has not been achieved. On the contrary, since war formally came to an end, the position of the Jewish people has greatly deteriorated.

The Jews of Europe are still homeless and dispossessed and without proper defense. In European countries the harvest of anti-Semitism has cast new needs in favorable soil. Signs

Jewish Community Center Starts Membership Drive

Plans are now being completed by the board of directors of the Providence Jewish Community Center for the first membership drive since before the war. Purpose of the drive aside from the additional names to be added to the Center rolls, will be to acquaint more people with the activities and services available at the Center.

Saul Abrams, president of the Center, has appointed a steering committee to conduct the campaign. Several meetings have been held by this group and a course has been charted which it is hoped will add over 500 persons to the membership roster.

Heading the committee is Saul Feinberg with Mrs. Isadore S. Low as co-chairman; Simon Lesser will head the men's division; Mrs. William Weinstein will take over the work in the women's division, with Claire Ernstoff and Mrs. Nathaniel Bodner working with the young women. Jerry Weiss and Sidney Green will tackle the problems in the young men's division.

When the campaign gets under way on February 17, the coordinating work of this committee, with its captains and field workers, will

carry the Center story into every section of Providence.

Mr. Feinberg, in discussing the campaign said, "We want everyone in Providence to know just what can be done at the Center. It has excellent facilities for both adult and child education and recreation. It offers young men and women many athletic and social activities and it affords all an opportunity for intellectual and culture development."

Nazi Loot to Aid Displaced Persons

WASHINGTON — Nazi loot will be used to establish, among other things, a small fund for the rehabilitation and resettlement of non-repatriable victims of Nazi concentration camps, according to the terms of the Paris Conference on Reparations made public by the State Department.

In addition to \$5,000,000 in non-monetary gold—consisting of rings, jewelry, and tooth fillings taken from Nazi victims—another \$25,000,000 will be obtained from other sources and used to alleviate the suffering of displaced persons.

ACJ Opposes Palestine State

PHILADELPHIA — The Second Annual conference of the American Council for Judaism closed its two day sessions Sunday night with the re-election of Lessing J. Rosenwald as president; the adoption of a \$300,000 budget for the year 1946; and the adoption of resolutions implementing the program of the American Council for Judaism, for equality of rights and obligations of Jews all over the world; integration of Jews and opposition to the formation of a Jewish National State in Palestine.

92 Refugees Receive Visas

NEW YORK — The hope of freedom and security which has sustained 924 men, women and children in the Emergency Refugee Shelter at Port Ontario, Oswego, N. Y., through years of Nazi persecution, homelessness and flight, was realized when the first group of 92 was released.

3rd Army Claims Zionists Finance Trek to U. S. Zone

BAD TOELZ, Germany — A U. S. Third Army intelligence report on the infiltration of Polish Jews into the U. S. occupation zone in Germany says Zionist groups within Poland financed and

organized such movements westward over firmly established routes.

The report said it had been found that the Jews were organized in Poland by "kibbutzes"—groups established there to prepare the Jews for life in Palestine.

"All the Zionist 'committees' have this much in common: they all render assistance to the prospective infiltrators by giving them advice on what routes to follow, where to go, how to cross the border and whom to see along the routes for further help," said the report, which has not yet been made public officially. "Where necessary, they provide material aid in the form of money and clothing."

The report said the majority of the Jews making such trips were bent on reaching Palestine, but those infiltrating into the American zone firmly believed that "if Palestine is inaccessible to them, a Jewish state will be established in Bavaria."

In Frankfurt, Judge Simon W. Rifkind, adviser on Jewish affairs to Gen. Joseph T. McNarney, commented:

"It is not to say these people want to settle in Bavaria. Except for perhaps a handful of German Jews of advanced years who may wish to return to their homes, the Jews do not want to live in Germany or any part of it."

ROSENMAN RESIGNS

WASHINGTON — President Truman announced with "deep regret" the official departure from the White House of Judge Samuel I. Rosenman, who served him and the late President Roosevelt as special counsel.

To Oppose Bilbo In State Primary

NEW YORK — Comdr. Nelson Trimble Levings, USNR, of Gulfport, Miss., after announcing that he would run against Senator Theodore G. Bilbo in the July primaries, said he would leave soon for his home state to begin an active campaign.

Commander Levings recently returned from duty in the Pacific on the battleship Mississippi. He is a descendant of Gen. Thomas Nelson, Jr., of Yorktown, Va., a signer of the Declaration of Independence.

Thanks Herald

DEAR EDITOR:

May I take this opportunity to thank you for your splendid cooperation in the past two years in publicizing USO-JWB activities for servicemen in this area. To the best of my knowledge you have given us 100% cooperation in printing stories of the activities of the many committees and organizations which comprise the Providence and Kent County Army and Navy Committees of the Jewish Welfare Board.

In this way you have kept your readers and the Rhode Island Jewish community completely informed of the work done by each of the member organizations of the Jewish Welfare Board and of the many fine contributions of the volunteers.

Through their efforts servicemen have carried the story of Rhode Island's generosity and friendliness with them to all parts of the world.

Now that I am leaving Providence and USO-Jewish Welfare Board for other fields, I wish to thank each of these individuals and organizations for their wonderful cooperation. Everyone has been most kind and helpful to me in the work of caring for servicemen's needs and I am extremely grateful for their warm-hearted cooperation. My wife and I have made many friends in the course of my work and we shall miss them very much.

May I again thank you and the Jewish Herald for your part in making our work a success. I am asking at this time that you continue sending the Herald to me so that I can have news of my many friends in Rhode Island.

With best wishes to you, to the Jewish Herald and to the Rhode Island community, I am,

WILLIAM ROSENBERG,
Area Director

Opera Stars, Dancers Mark Music Week at Center Sunday

A program of Jewish music and dances will be presented this Sunday night, at the Jewish Community Center when Katya Delakova and Fred Berk, concert dancers, and Josef and Hilda Lampe Leungyel, stars of the opera stage, will appear in a festival of Jewish Folk culture celebrating Jewish Music Week.

Delakova and Berk, assisted by Sylvia Marshall at the piano, will present dance stories about habits and customs of the many peoples among whom Jews have lived. There will be dances of Palestine, traditional Jewish character dances and scenes on timely subjects, accompanied by music and words. Varied costumes and scenery will lend color to the performance.

"The music of Israel" is the descriptive caption for the performance to be given by the Leungyels. It will include melodies that echo a rich tradition and catch the spirit of modern Palestine. The Leungyels achieved fame on the opera stage in Europe and toured this country under the management of Sol Hurok. Josef Leungyel was leading tenor of the Berlin Opera and his wife, Hilde Lampe, was prima donna. They are now Rhode Island residents, living in Woonsocket.

The program, the third in the Center Sunday evening concert and lecture series, has been arranged by a committee headed by Dr. Louis I. Kramer and Samuel Workman.

Seek Clothing, Food for Palestine

A regular meeting of the South Providence Women's Mizrahi was conducted last Monday evening by Mrs. Morris Lecht, president. Contributions for food and clothing to be sent to Palestine were requested. Mrs. Harry Orenstein, chairman of the movie project, stressed the importance of this affair since the proceeds will go to the Restoration Fund in Palestine.

Mrs. Myron Keller, guest speaker, gave a talk on "The Beginning of Mizrahi."

To Appoint Advisor For Jewish Affairs

LONDON.—An advisor for Jewish Affairs will shortly be appointed to the British occupation staff in Germany, John Hynd, Government spokesman in the House of Commons on all problems dealing with military occupation, informed Laborite M.P. Samuel Silverman. He added that the Government has decided, however, not to establish separate Jewish centers in the British zone, because it would conflict with the Government's policy of not distinguishing among displaced persons on religious grounds.

In a written reply to Silverman, Foreign Minister Ernest Bevin said that it has not yet been decided whether any Government departments would testify.

Mrs. Ethel J. Cohen, past national president of the Jewish War Veterans Ladies' Auxiliary, last week organized the Auxiliary of the Gerald Clamon Post.

The following temporary officers were chosen: Mrs. Prudence Waldman, president; Mrs. Leonora Kahn, secretary; and Miss Rose Sock, treasurer.

Election and installation of permanent officers will be held Tuesday evening at the Jewish Community Center.

announcing the exclusion of Jews still deface the gates of Palestine. Those who have declared that they would usher in a world of freedom have acquiesced in the sealing of the doors of the Jewish National Home to the homeless Jews seeking to enter.

Under pressure to resolve the self-made impasse, but anxious to delay action that might open the doors of Palestine to Jewish immigration, the British Government as mandatory Power suggested, and the American Government agreed to, the appointment of a joint Committee of Inquiry. This Committee has completed its first hearings in Washington and will now resume its investigations in Europe and in Palestine. Its recommendations will be presented four months later to the governments of England and the United States. A solution of the problem most await termination of the work of the Committee.

Faced with the lack of international resolution to accord justice to the Jewish people even to the extent of relieving their immediate distress, the American Jewish Conference has issued a call for the third session of its delegates.

The purpose of this session must be to unify and articulate the demands of American Jewry at this time of crisis. The Jews of America have at this hour a particular responsibility; and on the American Jewish Conference, the democratic representative of American Jewry, rests the chief burden of that responsibility.

See Problem in Children's Education

NEW YORK.—One of the most important and little-known problems facing Jews in France, Holland and Belgium is that of re-educating their children to Jewish customs and traditions, Capt. Robert S. Marcus declared. Many children in those countries, he related, found refuge through the Catholic Church and in Catholic homes when the Germans invaded.

"For four years thousands of these youngsters were brought up as Catholics, attending church and learning the customs of their benefactors," he said. "The problem now is, how are we going to reacquaint them with Judaism?"

STORIES ABOUT WELL-KNOWN PEOPLE

The current March of Dimes campaign recalls a delightful story about a grand lady: A New York merchant once approached F.D.R.'s mother at a banquet and offered to contribute \$500 to the Warm Springs Foundation if she would pose for a picture with his mother. Sarah Roosevelt replied she would be willing to pose even if he didn't contribute any money. The merchant then said he would give \$1000. "And now," he added, "I'll bring my mother over here. She is 92, and this will be the biggest thrill in her life."

"In that case," said the 84-year-old Mrs. Roosevelt, "I'll go to her—I'm younger."

Queen Victoria used to write a daily letter to each of her nine children. It was short and sweet. "Dear Child: I am fairly well and I hope you are very well. Lovingly, Ma."

When Winston Churchill debarbed from the Queen Elizabeth in N. Y. last week a reporter asked why he wasn't going to defend British policy in Palestine at the Garden's "That We May Live" rally.

"I'm only going to vacation here two months," he replied.

The reporter observed that most U. S. politicians are lucky to vacation one month. Churchill bit into his cigar and quipped: "If I were a politician, I'd still be Prime Minister."

While working as an editor for several leading magazines, Theodore Dreiser wrote a fabulous amount of wonderful wordage—short stories, poems, plays, essays, social studies and novels, including his most famous work, "An American Tragedy." In '27 he visited the Soviet Union as a guest of the government. When he stopped in England on his way back Mr. Churchill asked him: "Well, what do you think of Russia?"

"I told him," Dreiser said (to Bob Gelder), "that I thought it was a wonderful country, a wonderful system."

"Nonsense, Churchill said, 'it won't last seven years.'"

An admirer once asked James Barrie how he managed to grow old so gracefully. He answered: "My dear lady, I give all my time to it."

A couple of typewriter hunt-and-peckers were chatting about the arrest of Mrs. Leigh White, Spanish-born wife of a U. S. newsmen, who'd been bullied, then jailed by Franco's Gestapo men, because she'd allegedly made derogatory remarks about the dictator.

"Makes me think of home sweet home," said a scribe. "Around here, people who've been denouncing Franco have been bullied by Rankin's thought police, while those who are Franco-fans say whatever they like at Madison Square Garden."

Grant Receives Hospital Presentation

Max L. Grant, honorary president of Miriam Hospital, (left), and Maurice Stollerman, superintendent of the Miriam Hospital, (right) examine the watch presented by Alvin Sopkin (center), on behalf of the Hospital, to Mr. Grant for "distinguished leadership of the Hospital for 20 years."

Miriam Hospital Meets; 1480 New Admissions in '45

During the past year, Miriam Hospital has cared for 1480 new admissions. It was reported by Maurice Stollerman, superintendent of the Hospital, at the annual meeting of the Corporation held last Sunday night at the Biltmore Hotel.

In 1945 the Hospital provided for 287 deliveries, 835 surgical operations, 10,793 laboratory examinations, 476 X-ray examinations, 952 out-patient visits, 487 emergency treatments and 569 Blue Cross admissions. Its net operating income for the year, he said, was \$117,000.

"In connection with Blue Cross," Mr. Stollerman said, "it is inter-

Two columnists were discussing their sons. The first 3-dotted said: "Do you want him to become a columnist when he grows up?" "No-uh," said the other. "Why not? What's wrong with becoming a columnist?" "I don't want him to be another imitator!" George Jessel's speech at the Alfred E. Smith memorial delighted everyone. Georgie was immaculately groomed—white tie, tails, etc. When he penguinized into the Stork Club later one of his severest critics warned: "Hey, Georgie, fergossakes don't lie down—or somebody'll bury you!"

THE STORY TELLERS:

Scrivener Ira Wolfert reviewed Erich Maria Remarque's latest novel ("Arch of Triumph") in a Sabbath gazette. Mr. Wolfert revealed that the novel contains one of this column's anecdotes and is replete with the type of material backed into New York columns. When a Broadway historian uses such material it is called gossip and trivia; when a novelist does it—it is literature. Ho-hmf. Walter Davenport in a national weekly lists the contributions of some landlords to the Age of Chiselry. The petty methods used to circumvent the OPA make Scrooge look like a bush-leaguer. Capt. Harry C. Butcher's diary offered this eye-popper: Eisenhower threatened to return to the U. S. three months before D-Day. Because Churchill insisted that RAF should operate independently of the supreme commander.

Poll Reveals 80 Per Cent in Favor of State

WASHINGTON — Over 80 per cent American Jewry favors the establishment of a Jewish state in Palestine, a poll conducted by opinion-sampler Elmo Roper for the Hausman Foundation of New York City revealed. Senators Robert F. Wagner (D. N. Y.) and Robert A. Taft (R. Ohio), declared here.

Those for and against a Jewish state held strong prejudices for their position. The pro-Jewish staters constitute 80 per cent of those polled, 10.5 per cent were opposed to a Jewish state, and 9.4 were undecided. In the group opposing a Jewish state were a high proportion of people in the higher economic level, and an equally high number of opponents and persons without opinion were found among those who do not attend religious functions.

The poll, the senators said, showed that Foreign Secretary Bevin's distinction between Jews and Zionists was wholly without foundation.

Jewish Center Players Reorganize

The Center Players are being reorganized at the Jewish Community Center.

Former members of the group are now engaged in the reorganization. They will start with several one act plays, which will be presented during the next few months. The first of these, "The Bathroom Door," has already been cast and is in rehearsal. A second play, as yet unannounced, will be cast this week.

Tryouts and rehearsals are held every Tuesday and Thursday evening at the Center.

Palestine Probers Must Satisfy Jews And Arabs

WASHINGTON — The United States and Britain this week laid down a four-point set of instructions to the 12-man committee set up to investigate the Palestine problem.

The "terms of reference," made public simultaneously in Washington and London, direct the committee to:

1. Examine "political, economic and social conditions," in Palestine to determine how they affect Jewish desires for increased immigration into the Holy Land, taking

into account the well being of the people now living there.

2. Investigate the plight of Jewish refugees in Europe and estimate how many want to migrate to Palestine and also to see "what practical measures" have been taken or are contemplated in the European countries where they now live to enable them to live without discrimination or oppression.

3. Hear the views of "competent witnesses and to consult representative Arabs and Jews" on Palestine problems before making specific recommendations.

4. Make "such other recommendations...that may be necessary" to facilitate the emigration and settlement of Jews to countries within and outside of Europe.

Agency Scores Bevin Move To Make Transjordan Free

LONDON — The expected British recommendation that Transjordan become a sovereign independent state was made this week by Foreign Secretary Bevin in an address before the General Assembly of the United Nations Organization.

With regard to Palestine which is under the same mandate as Transjordan, the British Foreign Secretary declared: "The Assembly is aware that an Anglo-American inquiry committee is at this very moment examining the question of European Jewry and also the Palestine problem. We think

it necessary to await the committee's report before putting forward any proposals concerning the future of Palestine."

Leaders of the Jewish Agency declined to comment on Bevin's announcement, but the world executives of the New Zionist Organization issued a statement expressing opposition to the imminent independence of Transjordan on the grounds that this territory was an integral part of mandated Palestine. "Mr. Bevin's announcement must be fought not only on a purely political level, but also on a legal plane," the statement said.

COMING TO NEW ENGLAND*
BY THE END OF 1946

ENOUGH
NEW TELEPHONES
TO SERVE
A CITY OF
350,000
PEOPLE...

*By New England, in this advertisement, we mean the territory served by this company... New England except Connecticut.

The installations planned for 1946 call not only for new telephones, but for new central office equipment, more wires and cables, new land and buildings. The job will be spread over five New England states... will cover 58,307 square miles... will include hundreds of communities, each with its special requirements. It's like building the complete telephone plant for a city of 350,000... but vastly more complex, considering the wide area covered and the number of individual problems involved.

This big construction program has already enabled us to fill thousands of requests for telephone service. By late summer, we hope to fill all order now on hand, and many, of course, will be filled long before that time.

About \$35,000,000 will be invested in new telephone plant this year. It will give New England some 100,000 more telephones than it had in 1945. It will put more people than ever within reach of your telephone.

Convict Christian Fronters On Charges Of War Vets

NEW YORK — In a most significant trial which may have far-reaching consequences, three Christian Fronters were found guilty and convicted in the Long Island City Court of Special Sessions, N. Y., on January 10th for "breaching the public peace." The charges were brought by the Jewish War Veterans.

"Breach of the peace" in this case consisted in distributing anti-Semitic literature, containing

statements of such a nature as to cause one of the trial judges to comment "most villainous, venomous trouble inciting, hatred inciting statements. I have ever heard in my life... I cannot imagine a more dastardly thing to do than to put in black and white statements of that sort. For either Jews or Christians, it is a terrific gesture against peace and harmony in the United States of America." Mr. Justice Curran, who made the statement as part of the court record referred to one of the pieces of anti-Semitic literature, a pamphlet titled "Jewish Ritual murder" distributed at the Christian Front meeting held in Queens Village, New York, on October 8, 1945.

Those convicted were Homer Maertz, former Silver Shirts; Kurt Mertig, pro-Nazi, and Ernest Elmhurst one of the 29 defendants in the Washington Sedition trial.

Tells White Lie To Comfort Boy On Dog's Death

WASHINGTON — This week's story about a boy and his dog comes from Minneapolis, where Ronnie Haskvitz, 8, cherishes an official letter from the War Dept. stating that his shepherd dog, Laddie, died in the service of the country. This is a falsehood, but it proves that a heart of gold beats under the War Dept.'s brass exterior. It seems that a chain of white lies got started three years ago when Laddie died and Mr. and Mrs. Haskvitz told Ronnie his pet had enlisted in the K-9 Corps.

The war ended as wars will and Ronnie wrote the War Dept. demanding his dog back. There was no record of a Haskvitz dog, so the War Dept. sent an officer from Fort Snelling to investigate. Mrs. Haskvitz told him the truth, which is why Ronnie Haskvitz now has a letter from the War Dept. saying:

"We received your letter... and we regret to inform you that your dog died while in the service of his country. We know you will feel bad about it, but you should be glad he died while doing something for the war. We extend to you our heartfelt sympathy."

Bill Hits at Bias in Schools

ALBANY — A resolution and a bill aimed against racial and religious discrimination in New York medical schools are before the State Legislature in Albany.

The bill, introduced by Assemblyman Peck of the Bronx would widen the scope of the State Committee Against Discrimination by empowering it to "investigate and pass upon" complaints of bias in any university or college in the state. The resolution, submitted by Assemblyman Schupler of Brooklyn calls for a joint legislative committee to investigate such bias.

The Jewish casualties comprise 8 per cent of all those suffered by the U. S. armed forces during the war. The number of Jews who served in the American forces during the war exceeds 50,000.

Dancing will follow the contest.

Reunited With Mother After 8 Years

Rudy Maschke, a Seabee, who has just returned from Tokyo after having seen service in the Normandy invasion and in New Caledonia, greets his mother, whom he hadn't seen in eight years in the office of the National Council of Jewish Women. Seaman Maschke, whose overseas service totals two and a half years, came to the U. S. eight years ago. His mother arrived here six months ago after several years in a Nazi concentration camp. Travelling alone, and without friends or relative in this country, Mrs. Maschke was met at Ellis Island by Anna Kaufman, Council Port and Dock worker. She is being assisted in legalizing her status by Council's Service to Foreign Born Department worker, Mrs. Clara Friedman (left).

Beth-El Bowling League

by GEORGE DANN

Ten Pin Alley is glad to welcome back to its midst the ex-service men who left it to attain victory scores for their country. Each week they are coming back in ever increasing numbers. G. I.'s like Sid Silverman and Lefty Goralick put the old one two to the lineup of teams when they start punching out strings over one hundred. Guess that's the reason they bowled the enemy over—just to keep in shape.

Talk about getting back into shape—Frankie Mellon is a pop! Take it easy for the next couple of weeks, Frankie. The teams are changing places so rapidly, that it is very hard for this correspondent to keep up with the lineups, but when, on top of that, he misplaces the tally sheet for the week, the Symphony of Strings must this week be an unfinished symphony.

Beth-Israel Bowling League

By M. H. SUSMAN

With all the strike headlines in the newspapers these days, they have at last reached the Temple Beth Israel Bowling League. The members should take a tip from reading these headlines and do a little striking themselves—on the alley. We are hereby giving the public a chance to see the inside records of our league. Competition among the players of the various teams is marked by increasing spirit and interest as the weeks pass. Several upsets were scored at our last meeting, in team standings and individual scores. The biggest upset of the evening was the dethroning of Epstein from the individual high three string by Nelson, who also captured the individual high average by a slim margin from Nemerow. Pennsylvania with the highest team single string displaced Navy who has held top position for the past eight weeks.

Greenberg May Get Highest Baseball Salary in Majors

LOS ANGELES — As you have undoubtedly heard Mr. Hank Greenberg is demanding a slight increase from the Detroit Tigers. He wants \$85,000, and inasmuch as old Walter Briggs, the owner, is kindly disposed to Hank, quite likely the increase will be inked into his 1946 contract.

Greenberg's \$65,000 per annum will be the second high salary in baseball history, second only to the \$80,000 the Yankees paid a penguin-footed man named George Herman Ruth.

Hank in Love

Greenberg is currently playing Romeo and Juliet with Carol Lasker in Southern California.

Miss Lasker got a divorce in Las Vegas. Jim Rowe of the Nevada Biltmore Hotel strives to make it clear that Miss Lasker got her first papers in his stumping grounds, thereby entitling Miss Lasker to life, liberty, pursuit of happiness and Hank Greenberg.

Judging from his high state of ecstasy he'll be getting married with Miss Lasker any day.

Hank may now be in Las Vegas (which Joe Frisco calls "Lost Wages") now with Miss Lasker, ready to fling himself to the crocodiles. When you pause to ponder just what Hank's \$65,000 means, conceding he gets it, there can be little comparison with the high sports incomes of the golden '20s which verily, were golden, and aptly named.
