## A Dangerous Plan

The inconsistencies of human nature stagger logical reasoning. For example, there are those in the United States who blast the totalitarian powers as destroyers of democracy—which is the truth. In the next breath, they promote policies in our own community that are as totalitarian in their ultimate effect as the program of any dictator.

An illustration of this fact is demonstrated by the Council of Jewish Federation and Welfare Funds whose proposal of an advisory budgeting committee would result in a mandatory coordinator of Jewish life in this country.

The development of local community responsibility is an integral part of the strengthening of the democratic process and to deprive Jewish communities raising funds of freedom of choice as to allocation is a negation of community responsibility and a contradiction of the democratic process.

Granting of control of funds to a small group is tantamount to surrendering all individual and organizational rights to a body which may, at a future time, hamper and even undermine programs vital to the future development of American Jewry and of the Jewish people as a whole.

## Petty Politics

The decision by the Palestine authorities not to grant a Jewish immigration schedule for the next half year, has aroused widespread resentment and concern throughout this country.

The act itself savours of petty politics practiced by colonial administrators without the knowledge and approval of the British government.

When Prime Minister Churchill spoke of the fight for freedom that the Empire was waging, it was all inclusive. It is not Palestine nor even the Jewish people alone who are involved. What is involved is nothing less than the principle for which this war is being fought.

## Jewish National Workers' Alliance

Organized more than 25 years ago, the Jewish National Workers' Alliance has the following program to offer Jews in all walks of life.

(1) A positive approach to Jewish life and culture. (2) Rehabilitation and productivization of Jewish life wherever possible. (3) The democratization of Jewish communal life. (4) The establishment of the Jewish National Homeland in Palestine on the basis of Jewish labor. (5) The organization of labor generally for the protection of its economic interests, and politically for the ultimate reshaping of our social order. (6) The linking of the struggle for Jewish emancipation with the general struggle for a more equitable and harmonious world.

Through this program of action, it is no wonder that the Jewish National Workers' Alliance has won an enviable position among fraternal orders in this country. To those who have wished to affiliate themselves with a progressive organization the Alliance offers numerous opportunities for intelligent and energetic people.

Cohen Stated as  
Winant London Aide  
To Interpret Legal  
Aspects of Work

WASHINGTON. — Ambassador John G. Winant will have Benjamin V. Cohen, New Deal attorney and former brain-trust, as legal counselor when he goes to London to assume his post, it was learned here this week.

The decision to send Cohen, a prominent figure for five years on the New Deal bandwagon, arose from a desire to have a legal expert, thoroughly conversant with New Deal policies, attached to the Embassy to work out the practical side of British-American relations.

Cohen was one of the chief draftsmen of such legislation as the Holding Company Act, the Securities and Exchange Act and the Social Security Act.

Moes Chitim Starts  
Passover Campaign

The South Providence Moes Chitim Association has started its 1941 campaign for funds, Israel Kaufman, chairman, announced this week. Money raised is distributed among the needy in the community during Passover.

In a letter released this week, Mr. Kaufman urged the cooperation of all individuals and organizations, in order that this worthy work can be continued. Contributions may be sent to Rabbi Joshua Werner, 345 Blackstone street, or to Fred Youngstein, honorary secretary.

29 Lauded for  
Bravery by British

LONDON. — Twenty-nine Jewish officers and soldiers, assigned to various British fighting forces, were cited for bravery in military despatches. Several of them were decorated.

A number of the Jewish men cited were aboard the warships, which successfully convoyed merchant ships to Greece. The warships were attacked by Nazi warplanes and during the battle 12 Nazi planes were shot down and two British vessels damaged.

Ask Providence to Support  
ORT, Labor Group Program

With nearly \$200,000 spent to bring 400 men and women to the United States, the Jewish Labor Committee and the ORT announced this week that in order to continue the work of rescuing Jewish and labor leaders from Hitler's hands it will be necessary to raise many more hundreds of thousands of dollars. Delegates of Jewish organizations who attended a Providence meeting last Sunday afternoon at the Narragansett Hotel were asked to obtain \$5,000, as their share, so that this vital work might be continued.

David Eisenberg, representative of the Labor Committee and the ORT this week said, "In connection with our attempt to rescue European labor leadership, we have gained new and effective entry in a number of non-Jewish

Waiting For  
A Boat That  
Did Not Sail

With patient resignation, these Jewish war refugees are seated on a Lisbon dock next to the SS Nea Hellas, Greek liner, which was scheduled to sail to the United States from Lisbon last month, but whose voyage was cancelled because of the Italian invasion of Greece. More than 12,000 others like them are crowded in Lisbon awaiting the opportunity to emigrate.

Mass Migration Planned  
For Nazi-owned PolandFive Million People  
Forced from Homes  
Bar Jews from  
All Private Work

LONDON. — Five million persons will be involved in the next great compulsory mass migration and the scene of this vast upheaval will be Poland, it was announced in the Official Gazette in Cracow.

According to the report all Germans living in the Polish Government-General will be transferred to the Nazi-annexed part of Poland while all Poles living in the latter area will be moved to the Government-General.

The Nazi authorities in Poland have taken action to bar Jews completely from private employment. The Krakauer Zeitung published a decree of German Governor-General Hans Frank providing for issuance of labor cards "in order to bring efficient distribution of labor." Jews will be forbidden such cards, without which no one may henceforth hold a job.

Jews in Kattowice are hastily gathering their personal belongings and moving to the nearby mining district of Dobrowa to avoid seizure of their property by arriving Germans, Polish Government sources reported.

Silverman, Mrs. Michaelson  
Named to Conclave Office

Archie Silverman and Mrs. Samuel Michaelson, both of Providence, were named to office at the emergency conference of Palestine held last week in Boston.

Mr. Silverman was elected a New England vice-chairman of the United Palestine Appeal and Mrs. Michaelson was appointed a Jewish National Fund officer.

Eight Hundred Jewish leaders from New England endorsed a program to help solve the problem of Jewish homelessness in Europe by bringing to Palestine at least three million refugees in the next 20 years.

New England Jewry was asked to aid Palestine by providing to the United Palestine Appeal at least fifty per cent of all funds raised locally for overseas and refugee needs. The conference gave unqualified endorsement

and complete support to the lease-lend bill now under discussion in Congress.

The conference expressed the hope that the victory of the Allied cause will vindicate and permanently establish the principles of individual and national freedom.

JUST AN UNKNOWN  
INDIANAPOLIS. — A woman asked the Public Library for a certain book. She knew the name of it but couldn't remember the author. The book was "Mein Kampf."

Religious Teaching in N. Y.  
Brings Praise, Opposition

NEW YORK. — Praised as a necessity in these times by many Protestant, Jewish, and Roman Catholic leaders and opposed as endangering the separation of church and state by parents, teachers, and civil-liberty groups, the first experiment in religious education for New York City public school children began last week with 3,500 boys and girls attending one-hour instructional

periods in churches and synagogues.

Dr. William Jansen, Assistant Superintendent of Schools, reported smooth functioning of the program, under which pupils were excused from classes in 18 schools.

Typical of the programs offered, it was said, was that on tolerance and brotherly love at the Central Baptist Church, where pupils heard and helped enact the story of Roger Williams, who befriended a Jewish and a Roman Catholic traveler and gave them warm lodging and food.

The problem of what to do with children who remain in regular classes on Wednesday afternoons has not yet arisen, Dr. Jansen said. No class lost more than 30 per cent of its enrollment, and some had only one or two absences.

Refugees Duped-  
Sold Invalid Visas

PANAMA. — Hundreds of refugees from Germany and other Nazi-occupied lands have arrived here in recent months with visas that are invalid but for which the refugees paid as high as 6,000 marks to representatives of certain Central American Countries, an investigation disclosed.

The investigation disclosed that some of the consuls sold worthless visas to Jews, who are barred by law, if they are refugees, from entering certain Central American countries. It was learned that the Costa Rican consulate in Berlin charged 2,300 marks for a visa, while the Haitian consulate there demanded as much as 6,000 marks.

PARLIAMENTARIANS FINED  
VICHY. — Senator Maurice Rothschild and Deputy Edouard Jonas are among five parliamentarians ousted from their positions as a result of deprivation of French nationality, it was announced.

Paris Groups Form  
"Hunger Committee"

VICHY. — Fighting for survival as they face an imposed shortage of rations, the Jews of Paris have organized a "Hunger Committee".

The new organization will undertake to pool all food allotments. It will be a case of all for one and one for all. It will operate through eight branches, each with a community kitchen. After receiving their weekly rations, Jewish housewives will take them to the community kitchens.

There will be no pooling. It is anticipated that in this way the food will go farther.

### British Laud 14-Year Old Jewish Soldier Army Regretfully Discharges Youth

LONDON. — The distinction of being the youngest soldier in the British Army fell to a tall, broad-shouldered 14-year-old Jew, Geoffrey Blumberg, who told army officials when he enlisted several months ago that he was 18 years old.

The Jewish youth, idolized by the British press for his bravery, said that he was anxious to emulate his father, a veteran of the first World War with a brilliant war record. Young Blumberg's family resides in Leeds, one of the towns frequently visited by Nazi bombers.

Army officials regretfully gave Blumberg an honorable discharge when they discovered he was 14 years of age. He acquitted himself in the best tradition of a British soldier for the past few months.

### Suggested Reading

(The following article, was printed by the Louisville Courier-Journal, one of the most progressive newspapers in the country. Its appearance in the Herald is for one purpose — Herald readers should clip it and show it to their non-Jewish friends. It will help correct erroneous notions.)

### Hitler's Agents Are the Jew Baiters

"For the Christian the challenge is clear-cut. The Jew can stand persecution; under it he survives and strengthens. But you and I cannot hate, for hate and intolerance are corroding poisons from which there is no survival. Civilization cannot persecute and survive. America cannot tolerate persecutions and continue."

This eminently sound doctrine was enunciated by Daniel A. Poling, international president of the Christian Endeavor, in one of the best statements that Americans have heard since the world moved into crisis. Dr. Poling has been deluged by anti-Jewish pamphlets from anonymous sources, and has heard supposedly intelligent people repeat whispered rumors of Jewish machinations in this country. He sees in such manifestations the seed of destruction, not for the Jews, but for America.

These rumors are rife all around us. There is a particularly fantastic one which has been repeated in certain Wall Street quarters, to the effect that "all this aid-to-England stuff has been developed and put over by

the Jews." The absurdity of such a statement does not prevent its repetition by people who call themselves educated and intelligent.

The time has come when such rumors have got to be spiked, for the sake of American survival. We all should know enough about Nazi methods by now to recognize that the first move in the Hitler attack is the stirring up of hatred against the Jews. The pattern has been followed with perfect regularity in each and every one of the conquered countries. Each in turn fell for this odd device. And yet with such an example in front of them, many Americans are falling for it all over again.

The simple fact is that any American citizen who repeats ugly rumors about the Jews is making himself an agent of Adolf Hitler. He may profess to hate Hitler as much as the next man, but he is playing Hitler's game just as effectively as if he were receiving money from the Nazi propaganda fund. Whatever his motives may be, the result of his action is the same: he is betraying his country.

Dr. Poling is right. There is no use mincing words by talking about "race prejudice" and "intolerance." It is Jew-baiting that is our danger. It is Jew-baiting that is the classic Nazi formula for dividing a nation in order to conquer it. We in America cannot afford the luxury of continuing any group of American citizens, when we need unity as never before. Watch the man who talks against the Jews. Whether he knows it or not, he is Hitler's agent in America.

### Attleboro Synagogue Donates to Charities

## Budget Advisory Proposal Scored

### Jewish Congress To Fight Move

NEW YORK. — The Governing Council of the American Jewish Congress, meeting last Wednesday, unanimously adopted a resolution expressing its opposition to the proposal that there be set up under the aegis of the Council of Jewish Federations and Welfare Funds, a National Budgeting Committee for the purpose of establishing the facts concerning the activities and the budgets of national and overseas agencies, with a view to advising local Welfare Funds regarding budgetary appropriations to be made. This decision was made known by Dr. Stephen S. Wise, president.

Dr. Wise also made known that a communication had been addressed to the representatives of the American Jewish Congress in cities where there are Welfare Funds and Community Councils, advising them to act in concert with other agencies to register their opposition to this proposal.

The Board of Directors of the Council of Jewish Federations and Welfare Funds approved the proposal to set up the National Budgeting Committee at the General Assembly held in Atlanta, Georgia recently.

## Hadassah Protests British "Appeasement" in Palestine

NEW YORK. — Hadassah, the Women's Zionist Organization of America, having a membership of nearly 100,000 and comprising the largest Zionist body in the world, charged here that Great Britain is following a policy of "appeasement in Palestine."

Hadassah declared that the confusion of war is being employed as a screen behind which appears unfriendly to the Zionist ideal mean to achieve the implementation of the White Paper. The White Paper, issued on May 17, 1939, seeks to restrict

zones of settlement and land purchase for Jews in Palestine and sets the immigration figure for a period of five years at 75,000.

Hadassah further pointed out that "the hurt to us grievous though it be, is exceeded by the damage done to the British cause by acts of a narrow officialdom 'clothed with brief authority.' By fighting these designs we shall help England to clear herself of the imputation of guilt so destructive to that high morale which alone bears the seed of victory."

## Household Out-Scares Prowler Forcing Him to Evacuate Pronto

PHILADELPHIA. — Hyman Sherman rose to the occasion one night last week by bluffing a burglar and forcing the thief to evacuate the Sherman home in a hurry.

Awakened by someone stumbling in the hall, Sherman asked sleepily, "Is that you, Meriam?" thinking the shadowy figure in the hall was one of his three daughters.

There was no answer. "Rose?" Sherman tried again. Still silence.

"Is that Phyllis?" Sherman called, and again—no answer. He tried a new strategy.

"You'd better answer or I'll shoot," he shouted, although he had no gun.

"It's William," the wavering voice from the hall answered.

Since there is no William in the Sherman family, Sherman ran toward the hall shouting:

"I'll kill you! John Oh, John, come here quick!"

That was Sherman's second bluff. There isn't any John in his family either, but the intruder fled.

## For a WOMAN'S fancy

BY EDYTHE JAY

Pawtucket's smart set came to town

On Wednesday nite at the Hotel Crown . . .

Lest something noteworthy be overlooked

Girl Friday, on duty, got these notes booked . . .

Recalling the severe snow storm, of February 14 last year, when Junior Hadassah of Pawtucket and Central Falls was forced to postpone its annual formal dance, one can't resist crediting the weather man for his "all clear" signal last Wednesday nite, when the girls held this year's affair . . . The sky and air had something about them like Spring, and the dance somehow, had a "Hooray, Winter's over" spirit to it . . . Frank Fallon's music was rhythmic and tuneful . . .

Refreshing and colorful as the first croci were the gowns of the female attendants . . . As usual, Girl Friday remains anonymous, but supplies the following notes on fashion . . .

Molly Cokin, in a luscious tangerine chiffon skirt, topped with a lime bodice, and a green studded girdle . . . Very décolletage was the aqua organza frock of Adele Stampel, with its bewitching black lace edging the low neckline . . . Velvet tiers on the full skirt, featured the aqua taffeta gown, so becoming to Mrs. Norman Feinberg . . .

Mrs. Sydney August wore a beige hooded gown, of a very sheer material . . . White net skirt, with a sequins top was chosen by Betty Kaplan . . . Exciting red silk jersey, with a full skirt of rustling red taffeta was outstanding on Mrs. Jack Mellion . . .

A stunning gown of black and white faille, very bouffant, was worn by Gish Levin . . . It was topped with a long tight-sleeved black faille jacket . . . Evelyn Goldenberg, in a South American print skirt, with a long torso white taffeta bodice . . . Isabelle Fruit wore deep purple taffeta, sleeveless . . . ## Demand Investigation of W. J. Cameron's Citizenship

BULLETIN

WASHINGTON. — Lemuel B. Schofield, chief of the U. S. Immigration and Naturalization Service today cleared W. J. Cameron of being illegally naturalized as a citizen. Mr. Schofield explained that the FBI had discovered that Cameron had voted 11 times from 1908 to 1926 and that his answers on his application for citizenship were not incorrect.

WASHINGTON. — Investigation of the granting of U. S. citizenship to W. J. Cameron, spokesman for Henry Ford, was demanded last week by Rep. Lee E. Geyer, of California, who introduced a resolution in the House asking that steps be taken to revoke Cameron's citizenship if it is found that it was obtained by fraud or other illegality.

In a speech to the House before introducing the resolution Rep. Geyer said in part:

Swore Falsely  
"Cameron's own statements, under oath, indicate that he obtained his citizenship by fraud or was guilty of fraud in exercising his rights of citizenship. He either swore falsely when he petitioned for citizenship or when he registered to vote.

## Considering Palestine Army, Says Halifax

WASHINGTON. — Britain may accept a Palestine Army corps on an equal footing with those of Australia, Canada and other British Empire Commonwealths, British Ambassador Lord Halifax revealed this week at his first Embassy press conference. The British Government has also been giving "serious consideration" to readjustment of its administrative policy in Palestine, he further stated.

Lord Halifax would not venture beyond the admission that the subject has been under consideration, stating: "I know the matter has been discussed but I don't know what stage the discussions have reached in recent weeks."

## Jews Feed Lice For Nazi Vaccine

BERLIN. — One million lice, collected to produce spotted fever vaccine, are being fed by 60 Jews, the Nazi party newspaper, Volkischer Beobachter, said last week.

Each Jew, the newspaper said, was appointed a share of the lice to feed on his blood and was paid three Polish zloty a day.

The newspaper said that there was a rush of Jewish applicants for the jobs.

Jews in German held areas have been barred from most occupations and have been forced by Nazis into the most degrading work.

ing his rights of citizenship. He either swore falsely when he petitioned for citizenship or when he registered to vote.

"Cameron obtained American citizenship in 1935 without the usual five-year waiting period by claiming that he had voted quite regularly from 1900 to 1927. One month later when he registered to vote in Detroit, he swore under oath, that he had never before voted. The records of Dearborn County, where he lived prior to 1927, show he never voted there.

"Mr. Cameron was unworthy of citizenship to begin with. His actions since then have reflected discredit on Americanism. I call upon the Attorney General of the United States to immediately investigate the granting of citizenship to Cameron."

## Dickstein Speeds Action on Quota Bill

WASHINGTON.—Sources close to Representative Samuel Dickstein disclosed in Washington this week that the New York Congressman plans to speed action on his bill to create an international refugee quota for settlement in Alaska.

The Dickstein bill, which has been referred to the House Immigration Committee, would establish a special quota of all unused immigration quotas for the past six years. European refugees would be admitted to Alaska under this special quota.

## Vichy Exempts 2 From Office Ban

VICHY. — Two French war veterans were exempted this week from a law which prevents Jews from holding public office.

They are Armand Mayer, state mining engineer, who established the first soil mechanics laboratory in France, and Pierre Lion, mining engineer and international power expert.

## Italy Drafts Jews For Hospital Service

ROME. — Faced with a shortage of competent medical doctors as a result of the large contingents of wounded soldiers returning from the Albanian and Libyan fronts, the Italian War Ministry has begun drafting Jewish doctors for service in medical hospitals. The Ministry also instructed Jewish students in their last year at medical school to report for service.

TO SETTLE 1000

STOCKHOLM. — Soviet newspapers reported 1,000 more Jewish families will be settled on cooperative farms in the Biro-Bidjan area of Soviet Siberia during the current year.

SOUR GRAPES FROM FLORIDA

Roses are red

But whatever you think

Flamingos are not;

They're just a pale pink!

We still have the South on our minds, and for the record we have the following: Bette Rand returned Tuesday after a rainy week in Miami . . . Charlotte Kaufman is back with a nice tan . . . The Harry I. Teslers and the Isidore Feldmans leave tomorrow for many weeks under the Miami sun . . . Some of the folks who are down there now include Mildred Elias . . . the newly wedded Barney (Dotty Raphael) Rozefskys . . . Al Kouffman . . . and Lou Fishman . . . By the time you read this the Harry Singers will be unpacking in Florida . . . Eddie and Bess Dressler are visiting in Wauchula, Florida, Bess' home town . . . Major Hoffman, superintendent of the Miriam Hospital leaves Saturday for a well-earned vacation in the South . . . A last minute message, brings word that Rose Jacobs is also leaving some time during this week . . .

Bachelor Parties

Al Abrams will be guest of honor at a bachelor party, to be held Thursday night at Weinstein's . . . Al will soon be wed to Arline Swartz . . . Another stag, given last night, was for Phil Lieberman, who's to be married to Sophie Ellis on Sunday . . . Some of Phil's friends who were at the party, at the Lafayette House, were Lou Rubinstein, Leo Sonkin, Milton Rosen . . . Harold Biller . . . Dan Jacobs . . . Jerry Fish . . . Irving Brodsky . . . Milton Levin . . . and Phil Hak . . . Saul Miller will middle-aisle it soon with Estelle Silk of Fall River . . . Dr. Stanley Freedman will soon be hearing wedding bells . . .

Salvation For Sonny

An ingenious East Side mother who just couldn't persuade her young son to keep his shirt tails tucked in, solved the problem by sewing lace to the edge of the tails — and maybe Sonny Boy didn't keep 'em tucked in then! . . . The Harold Corris' (she the former Fredda Lisker) may make Providence their home town . . . If you're an alto or soprano and want to sing in a choir, get in touch with me . . . I know of several openings, where singers get paid for vocalizing . . .

Parable

A sign in a delicatessen advertisers "Hitler Herring" . . . Ask what it is, and the owner explains, "I take a Bismarck herring, cut out the brains, remove the backbone and open the mouth." . . . Dr. Gilbert Woiler left for Camp Edwards on the Cape this week, where he's a commissioned officer . . . While Philip Finklestein, a new draftee under the Selective Service Act

is on his way to Fort Devens . . . Congratulations to the Ben Mendelovitz's, who are the proud parents of a baby boy . . . Joe Pulver won the hobby race last Saturday night in the Indian Room of the Narragansett . . .

Turnabout

Leonard Lyons tells the story of the Danish counsel in Buenos Aires who was told by a Nazi that if he persisted in his Anti-Nazi activities his relatives in Denmark would be held as hostages for his cooperation . . . "On the contrary," said the Dane, "YOU'RE the one who is the hostage. Because, frankly, if anything happens to them — I will kill you." Until the Nazi authorities put back the funds of the Nobel committee which they stole from the Bank of Norway in Oslo last October, there'll be no further Nobel awards for peace . . . That's all for new . . .
