

## The War This Week

### Housing And Construction

The WPB prohibited unauthorized residential construction costing more than \$500 except for maintenance and repair, agricultural construction of more than \$1,000, and all other construction costing more than \$5,000. The Board prohibited sale, purchase, delivery or withdrawal from inventory of any construction material for such purposes. Projects of certain Government agencies and those to restore property destroyed by fire or floods were made exempt from the order.

### Civilian Supply

The WPB ordered a reduction in gasoline deliveries to filling stations in 17 Eastern States, the District of Columbia, Washington and Oregon, effective April 16, from the current four-fifths to two-thirds of the average amount they received in December, January and February. Petroleum Coordinator Ickes said the reduction may remove the necessity for card rationing of gasoline.

The WPB curtailed radical style changes in women's clothes and ordered manufacturers and dress-makers to eliminate excessive trimming in order to save an estimated 100 million yards of material. The Board ordered production of golf clubs halted May 31, and limited amounts of tinplate for canning condensed soups.

### Prices

The Labor Department reported the average family food bill advanced 1.5 percent from February 17 to March 17. The OPA authorized increased prices of one cent on each five pounds of sugar in six New England States to offset increased transportation costs. The agency also authorized motor fuel retailers in 17 Eastern States, Washington, Oregon and the District of Columbia to charge three cents a gallon more than wholesale prices. The Office stated uncontrolled inflation would add an additional \$100 billion to the nation's war bill.

## Editorials

### No Martyr

The truth distorted has forced our government to assume a firm attitude against Father Coughlin and his mouthpiece, "Social Justice." Quoting from the malicious pages of the radio priest's weekly, it is obvious that the Axis line of propaganda is copied without the semblance of rewriting to disguise the source of material. Defeatism, anti-Semitism and totalitarianism fill its pages. There is no question that "Social Justice" is actively undermining the war effort.

But banning this magazine from the mails has its resultant dangers. Father Coughlin has demanded that he be heard. He visualizes the press of America as his sounding board. He senses that through shrewd showmanship he can capitalize on the situation.

If a public hearing is arranged he will not be martyred.

### On The Alert

"We, the Mothers Mobilize," a pro-Fascist auxiliary, planned a demonstration recently in front of the Chicago City Hall to demand that the sugar rationing plan be called off on the grounds that it was an international plot to rob American children of their sweets.

The Chicago Daily News exposed the plan with the result that only ten women showed up. After mulling around with ineffective action the group dispersed and went home.

The News deserves a pat on the back for its alertness. By stripping the plan of its veneer the public was shown the hate and motive that inspired the demonstration. Similar action before the war, by newspapers throughout the country would have stifled hundreds of like organizations.

### Labor Campaign

As in previous years, the American Jewish community asked to contribute to the Gevorkshafen campaign. The fund raised supply tools and machinery for the co-operatives of the Histadrut in Palestine.

And now a word about the Histadrut—it is an organization not only to protect the interests of the Jewish workers in Palestine but to recreate and reclassify the tens of thousands of young people.

## Beth-Israel to be Dedicated May 17

According to an announcement this week, formal dedication exercises for the newly rebuilt Temple Beth Israel, will commence with Sabbath services on Friday evening, May 15, and conclude with formal exercises on May 17, at which time Prof. Louis Finkelstein, president of the Jewish Theological Seminary of America, will be guest speaker.

One of the first public functions to occur at the Temple will be a dance, on April 30, dedicated to service men under the sponsorship of the Temple Daughtershood. Men in uniform will be guests of the organization.

More details on dedication plans will be published in a later edition of The Herald.

## Kisch Appointed Brigadier General

TEL AVIV — Frederick H. Kisch, who was the chairman of the Jewish Agency Executive for Palestine from 1923 to 1931 was recently appointed a Brigadier General. He is serving with the British army on the Western Desert.

General Kisch visited the United States on several occasions and is widely known in American Zionist circles.

In the first war he served as a Colonel. He retired from the army in 1922, when he settled in Palestine.

### GIVEN FELLOWSHIPS

### Indict Ten Firms For Discriminating

#### Must Rectify Hiring Methods

WASHINGTON — General Motors is one of the ten companies against which unfavorable verdicts are returned by the President's Committee on Fair Employment Practices in a report made public this week. The findings revealed that GM has been guilty of discrimination against Jewish and Negro workers in hiring men for the new Buick aviation engine plant in Melrose Park, Ill. The Buick plant was the only one found to be prejudiced against both Jews and Negroes.

Outstanding in the list of concerns found guilty of discriminating against Negro workers was the Stewart-Warner Corp. The

### Refugees Oppose Separate Units

NEW YORK — Opposing recent proposals that refugee groups in this country join the United States Army in small national units, the German-Jewish refugees in the United States declared at a meeting here of the Federation of Central European Jews that they want to serve as Americans.

Passing a resolution to that effect, the refugees group asserted that "as American citizens of the future we want to become American soldiers of the present."

corporation confessed its error and promised to hire Negroes in the future.

The Committee also found the

## English Jews Back Their Causes Despite War-Silver

NEW YORK — Declaring that he found the Jews of Great Britain "alert, well organized and fully responsive not only to their obligations as British subjects but also as loyal members of the household of Israel," Dr. Abba Hillel Silver, national chairman of the United Jewish Appeal, who returned last week from a flying trip to England, called upon the Jewish community in the United States to emulate the example of British Jewry which has been most

generous in support of Jewish causes despite the sacrifices of two and a half years of war.

Dr. Silver spent three weeks in England conferring with Jewish leaders and British statesmen regarding post-war reconstruction problems facing world Jewry and the future status of Palestine as a homeland and haven for Jewish refugees. In his statement Dr. Silver asserted that it would be highly desirable that closer contact be established for the pooling of thought and deliberation of the two great Jewish communities of England and the United States on these basic issues.

In his travels through England, Dr. Silver found that interest in Palestine was keen and widespread among the Jews of that country who, he said, realized the importance of Palestine today not merely as a vital sector in the wide front of the United Nations against the Axis, but also as the only place for large-scale Jewish immigration after the war.

## MacArthur Aide Safe in Australia

CHICAGO — Twenty-year-old Sergeant Abraham Teitelbaum arrived safely in Australia from the Philippines together with General Douglas MacArthur, America's No. 1 hero in the war, it was revealed here. That Sergeant Teitelbaum was a member of the MacArthur staff was learned when the young soldier cabled to his parents informing them of his arrival.

Teitelbaum's father is a former war veteran. His mother, Emma, said, "I was worried about him, but I feel better now that General MacArthur is in Australia."

## Urges Reporting Of Anti-Semites

NEW YORK — Pointing out that the stirring up of racial hatreds is one of the Fascists' favorite devices for dividing their foes, H. V. Kaltenborn, noted radio commentator and journalist, urged his nationwide afternoon radio audience to report to the Federal Bureau of Investigation any persons who continue anti-Semitic activities during war.

"Anti-Semitism is always un-American," Kaltenborn declared. He told his listeners that after the first lull induced by America's entry into the war the subversive elements of our land were now again becoming more bold and open.

### TROUBLE

NEW YORK — British Jewry this week was shocked by a scandal concerning the Revisionist Party in England and the Polish Government-in-Exile.

## Hear Testimony Of Rep. Hoffman

### Seek Information On "Judas" Speech

WASHINGTON — New evidence, making imminent many more arrests for sedition in the Government's determined campaign to put an end to subversive activities of Pro-Fascist groups in the United States, has been amassed by the Department of Justice, it was authoritatively revealed this week.

This is the reply-direct and the pointed answer to the political and personal pressure which has recently been brought upon the Department either to intimidate or to persuade it to soft-pedal its round-up of the ringleaders of the subversive propaganda organizations.

Rep. Clare Hoffman (R., Mich.), who once whipped up a characteristic speech titled "Roosevelt Is A Judas," which became one of the most popular numbers for the editors of sixth-column publications, testified on Monday before the Federal grand jury, inquiring into the activities of unregistered

## Appeals for Full Support of Russia

NEW YORK — Edward M. M. Warburg, noted Jewish philanthropist who has enlisted in the army as a private, took the occasion of his induction to issue an appeal to the American Jewish people to lend its full support to the Russian people in their fight to rid the world of Nazism.

Warburg is a member of the National Board of Directors of Russian War Relief, Inc.

Characterizing Russia's campaign as America's battle and Judaism's battle, Warburg appealed that "it never be said of America and the Jewish people that we gave 'too little and too late'."

## Menuhin Plays For Red Cross

NEW YORK — Violin master Yehudi Menuhin, former child prodigy who developed into a full-fledged artist, has contributed his fiddle and his artistry to the American Red Cross with a benefit performance for the relief society in Carnegie Hall. The young violinist played "The Star Spangled Banner" as well as a group of classical melodies.

A few days before the concert he visited Red Cross headquarters and rolled bandages.

## Shertock Confers With Army Chiefs

CAIRO — The arrival here this week of Moshe Shertock for conferences with the British military authorities, coupled with the call issued in Palestine last week by the Jewish Agency urging more able-bodied Jews to enlist in the British forces, were taken here to mean that Jewish leaders in Palestine are seriously concerned over what the next few weeks may bring to the Yishuv.

## Ask Investigation of Gerald Smith, 'Axis Sounding Board'

NEW YORK — The Non-Sectarian Anti-Nazi League this week urged the Department of Justice to investigate the activities of Gerald L. K. Smith, whom it described as "a rabble-rouser associate of Coughlin, Pelley and

the late Huey Long", for evidence of activity as a "transmission-belt" for propaganda.

The league pointed to excerpts from a recently published pamphlet of Smith's, titled "The Hoop of Steel", which attempts to show that the United States was "manoeuvred" into the war by Prime Minister Churchill, as indicating that Nazi short-wave broadcasts set the line which Smith follows. One passage from the Smith pamphlet reads:

(Mr. Churchill) now boasts that he alone, virtually took the United States into the war, even though we were brought into it by the Japanese attack.

The League quoted the following excerpt from an Axis short-wave broadcast emanating from Rome on February 25, beamed at the United States, to show the "startling parallel":

"Churchill did everything to get Japan into this war when all other efforts to bring in the United States had failed."

Perusal of the Smith leaflet shows that it is packed with passages paralleling standard Nazi propaganda lines and closely resembling arguments currently advanced in Social Justice and recent publications of William Dudley Pelley, the Silver Shirt leader.

Nazi agents. The questioning of Mr. Hoffman arose in connection with the fact that 145,000 reprints of his "Judas" speech, with 95,000 franked envelopes, seemed to fall most readily into the hands of pro-fascists groups in the United States, which are urging that Americans let the Axis win the war.

In his hour-long address in the House, Mr. Hoffman talked at length about fan dancers, boogie-woggers, bowlers, and horseshoe pitchers, he discoursed freely on "government waste," he attacked the President, berated the advocates of "Union Now," branded the Justice Department's prosecutor a "smear artist" and hinted that newspapers learned things they shouldn't be allowed to know, but he didn't come to grips with one matter on which many of his colleagues wanted information, now his isolationist speeches tell so readily into the hands of subversive groups.

He didn't deal with the mailing of his speech by Charles E. Houston, anti-Semitic, anti-ally, pro-enemy agitator, in the same envelope with a seditious postcard and an offer to sell copies of the Hoffman speech in job lots.

But Representative Clifton A. Woodrum (D) of Virginia wanted to know how his colleague's speeches got out in such large quantities to these groups, if he didn't want them to.

Mr. Woodrum remarked that he, for one had no trouble keeping his speeches from being circulated by a subversive group.

## Lombardo Band Appearing at Met

Guy Lombardo and his Royal Canadians, "the sweetest music this side of heaven," are appearing at the Metropolitan Theatre this week-end. No band in musical history has enjoyed the continued success of the Lombardo organization. Only recently they were adjudged winners in the radio editors poll, which marked approximately ten years at the head of the list.

Featured with Guy are his brothers, Carmen, Lebert, Victor, the Lombardo Trio and Kenny Gardner, as well as Rose Marie Lombardo. Numerous other acts will appear on the bill.

The first-run screen feature is "Mr. Wise Guy," with the East Side Kids, Billy Gilbert, Benny Rubin, Guinn Williams and others.

## Brooklyn Doctor Killed at Java

LONDON — Add another Jewish name to the ever-growing list of Jewish heroes in the war against the totalitarian powers. The latest victim is Dr. Sidney Louis Binderman, who was aboard one of the British vessels which took part in the Java sea battle that resulted in a defeat for the United Nations.

Dr. Binderman, a Brooklyn boy, had enlisted for service on the ship a week before the sea battle.

## Indict Ten Firms For Discriminating Demand Change In Hiring Methods

(Continued from Page 1)

Heil Corp., owned by Gov. Heil of Wisconsin, was discriminating against Negroes.

Studebaker Corp., which has ten Jews and forty-five Negroes in its new Chicago plant, was found guilty of discriminating against the latter because all were employed in custodial and service capacities "regardless of their ability to perform work in skilled categories."

Also found guilty of discrimination against Negroes were: Har-nischfager Corp., Allis-Chalmers Corp., A. O. Smith Corp., Nord-berg Manufacturing Corp.

Found guilty of discriminating against Jewish workers, were:

Simpson Construction, which advertised for "gentile, Protestant" workers only for its office force, though it has both Jews and Negroes in its field force.

Bearse Manufacturing Co., which advertised for "gentiles" only.

The Committee analyzed 908 applications for jobs at the Buick plant and found: Of the applicants who indicated that they were Protestants 42.7 per cent were hired. Of the applicants who indicated that they were Catholics, 36 per cent were hired. Of the applicants who indicated that they were Jews, 15 per cent were hired. Of the applicants who indicated that they were Negroes, none was hired.

All these companies were ordered to inform employment agencies with which they deal that applicants be hired irrespective of race, religion, color or national origin.

In Palestine, the newcomer finds in the Histadrut an organization that helps him obtain employment, and cares for his health and cultural needs. The tools and machinery supplied to the co-operatives enable them to extend industry and agriculture along modern lines, thus enlarging the absorptive capacity of the land.

Palestine today is one of the outposts of democracy in its struggle against the dictators. The Jewish population there is ready to fight to the last. By helping them, we also make a valuable contribution to the cause of democracy.

## MAN ABOUT TOWN

The Charlie Chaplin-Paulette Goddard bustup is in the offing. They've finally agreed to the division of the spoils. It's another image over at the War Correspondent H. R. Knickerbocker. He's in Australia. When Louise Atwell divorced General MacArthur (to wed actor Lionel Atwill) someone asked her why she divorced the hero. "Oh," was the champion eating-your-words crack of all time, "I was just exchanging a few small stars for one big one!"

The boys in the camps are sizzling over Rita Hayworth's husband (Edward Judson) for demanding a 30G settlement. They rate her the "nicest dish of all" ... Isn't Japambassador Nomura's brother in Mexico as a Jap navy specialist in hydrographic surveys? Mexico might find it advantageous to dig him up.

Mrs. O. O. McIntyre has been offered a column job after the manner of the late New York chronicler ... Here's something different in items: A B'wayite is suing a columnist for saying he was a gyp. The case is due shortly—and he's in the hoosegow on a burglary charge! ... An Upstater sought by G-Men in the lottery expose was right in Mr. Hoover's outer office at the time. He was wild to be a G-Man!

Richard Whitney, who paid his debt to Zoocety, has offered himself to the armed forces in any form. So far no takers ... From forty entries Shemp Howard was voted the homeliest man in Hollywood. All the phrases listed sound "manufactured," which language can't be. Slang is slang for the same reason that a man is tough: It can't help it.

Midtowners are laughing over the big shot who threw a party at the Copa for Hollywood people and paid off with a check that bounced ... The FBI took away three Fifth Avenue department store employees—suspected of Nazi activities.

## Notes of an Innocent Bystander:

The Wireless: There's the makings of a nice feud in the Elmer Davis - H. V. Kaltenborn disagreement. Davis took Kaltenborn's labor blast apart piece by piece and said "Nh-nh" to the charges. It claims it's the old demand for lower wages wearing a new frock ... All those quips on the radio about tires are wearing thin ... A must of the week is the "This Is War" program. Big-time playwrighting ... Midget Joe Goebbels' spring styles in lies are being exhibited by some of the commentators. Goebbels is building a Bolshy scare, in case the Nazi offensive fizzles. The American dopes couldn't be more obliging to him.

The Front Pages: A statesman laughed off the hysteria of that Chicago ayemer. "A rag that styles itself the world's greatest newspaper," he said, "has to pitch

the rest of its reading matter in the same farce key" ... Lieut.-Gen'l Jonathan M. Wainwright authored a dispatch that belongs to America's catalogue of inspired words. The Japs sent an ultimatum to surrender to Gen. MacArthur's successor. He reported it to Washington, adding the glorious postscript: "No reply was necessary and none was made." ... Raymond Clapper cabled a line from the Far East which should be a good tip to US industry. He wrote: "China has more pilots than planes."

The Story Tellers: Could Milton Mayer's piece in the SEP be the cause of the big walkout? Race discrimination is nothing new. The Irish were abused over here for half a century. As recent as the Blaine-Cleveland campaign the anti-raid raised "the Irish question." It is all reported in "The Story of Scapegoats in History," a pamphlet by Kenneth M. Gould ... Another pamphlet, "Greece Fights," relates a wheeze about Benito. A painting of Old Baldy, hung in a Greek town, was mutilated. A fine of 10 drachmas was assessed against every inhabitant. All paid twenty, explaining that covered tomorrow's mutilation.

## Woman Biologist Makes Important Medical Discover

TEL AVIV—A former Philadelphian, Mrs. Ruth Schimmel Hoffman, who majored in biology at the University of Pennsylvania, has collaborated on what may be one of the most important discoveries in the annals of medical science, made during laboratory experiments at the Hebrew University of Jerusalem.

Mrs. Hoffman discovered that an extract from the tissues of animals heals wounds which have failed to respond to ordinary treatment. According to reports, sensational results have been obtained in tests of experimental cases in both civil and military hospitals.

tails of Palestine. Mrs. Hoffman and her collaborator, Dr. Leonid Doljansky, the laboratory director have been engaged in research for some years on reactions of animal tissues outside the body. After they had discovered an extra tissue which showed an influence on cell proliferation many times greater than was previously possible, they called on Dr. Hugo Schloss, of Hadassah Hospital in Jerusalem, former head of the famous Vienna Radiological Institute, and an extract was prepared for treatment of wounds.

Among cases which were described as remarkable, was that of a soldier who, after one year of the only medical help available, was expected to have his leg amputated. After being treated by the new method he completely recovered the use of his leg in three weeks.

The extract is now being used experimentally in several military hospitals.

### French Stars In RKO Albee Film

Two new stars flash across the American screen, with the presentation of Michele Morgan and Paul Henreid in "Joan of Paris," opening tomorrow (Saturday) at the RKO Albee Theatre. Neither is a stranger to American audiences however. Miss Morgan won fame opposite Charles Boyer and Jean Gabin in numerous continental offerings, while Mr. Henreid created a sensation by his portrayal of the Gestapo agent in the British production, "Night Train."

Also on the Albee's screen is "The Mayor of 44th Street," starring Freddy Martin and his orchestra, George Murphy and Anne Shirley.

The glamour girl is on the wane  
The newest crown title makes that plain  
No longer is she caught in a glamour web  
In line with the times, she's just No. 1 deb ...

O' bite back the welling tears and stifle the anguished sob ... An era has passed into misty nevermore as ambrosia turned bitter to the famished tongue, as roses pressed to the heart too long ...

There is no more Glamour Girl No. 1 ... Her kind may never walk the coral strand of 53rd street again ...

The subdebutantes and their boy friends, the sub 1-As, met at Gotham's Stork Club last Sunday to close the glory and grandeur that was Brenda Frazier ... In sober deference to the times, the salt of cafe society elected to name their darling of the approaching season just plain Debutante No. 1 ...

As you already know, she is Oona O'Neill, 17-year-old daughter of Eugene O'Neill, playwright ... It was a clean, clear-cut democratic ballot victory ... To log the events in their time-order, the following chronicle will some day be invaluable to future historians who set about to do the long view, to give the over-all picture of the vanishing American Glamour Girl.

Invitations sent out by the Stork Club announced the event for 3 o'clock, a time deemed early enough for each subdeb to hold back an hour, but still time to vote and scam before the supper rush of paying guests ...

At 3:34 p. m. the first of a long series of up-swept blondes arrived, followed ten minutes later by a small task force of ensigns ...

Next activity was the arrival of news reel cameramen, burdened fellows who showed the deep tacit nature of their lives when they met on the floor, and with gravity began meditating upon the available plug-in sockets ... At 4:02 arrived the first pair of dark glasses, identified later as the property of Miss Joan Cramer ...

She was fetching in the popular hair-do, long and flowing, reaching half-way between Veronica Lake and the girl in the Dandere ads ...

At 5:05 there was the merry tinkle of shattering glass, and the

manager looked about alertly to see who was wrecking his place ... He spotted the table quickly and appraised the situation ... Then a look of quiet reassurance came upon his face ... One waiter was scooping up the glass, and another was pouring a cola ...

Ballots were then passed around, votes were taken and the box was opened at 5:07 ... The count began ...

Miss Oona was proclaimed the winner, called forward and had roses thrust into her hands ... "Speak to your subjects," the master of ceremonies implored ... "Thank you," she said, and stepped down ...

Five feet and four inches tall, 125 pounds, she is serious visaged, intensely brunette and has a good head ... When asked for a terse, clear, well-thought-out statement on world conditions, Oona proved beyond doubt that the title is in capable hands ... "Wouldn't it be silly for me sitting here in the Stork Club, to comment on that?" she asked ...

## Urge Support of Haouassah Affair

### Symposium Held on Wartime Palestine

Large numbers of women of Greater Providence have made their reservations for the Tenth Annual Donor Luncheon of Providence Chapter of Senior Hadasah, which will occur on May 6 at the Biltmore Hotel, it was announced this week. In urging support of the annual event, Mrs. Albert Pilavin, chairman, declared, "Now as never before, money is needed to carry on the work in Palestinian hospitals, which are looking after soldiers, wounded in Near East battlefields."

At the regular monthly meeting of the Chapter, held on Tuesday afternoon at the Biltmore Hotel, a symposium "Palestine in the War and in the Peace," was presented by Mrs. Irving J. Fain, chairman, and the Mesdames David Freedman, Merrill Hassenfeld, Ernst Nathan and Martin Silverstein. The discussion was followed by a musical program by Pasquale Nero, accompanied by Mrs. Ellis Rosenthal.

A feature of the meeting was the reading by Mrs. Morris Schussheim, president, of excerpts from a press conference with President Roosevelt at the White House. The president's statement read in part, "The threat to Palestine does not differ in essence from the threat to this country. The past quarter of a century has witnessed a remarkable exemplification of the vitality and wisdom of the Jewish pioneers in Palestine. It should be a source of pride to citizens of the United States that they too have had a share in this great work of revival and restoration. I look forward to the day when the work which has been accomplished in Palestine may be carried forward in peace and harmony."
