**May Exchange Dutch Jews for Nazis In Palestine**

NEW YORK — The Nazi Government is prepared to release a number of Dutch Jews with a view to their emigration to Palestine on the basis of an exchange of a corresponding number of Germans who are now interned in Palestine.

The report stated that the offer of the Nazi authorities was conveyed by the HIAS-ICA Emigration Association to the Jewish Agency for Palestine, at Jerusalem, with the request to suggest the names of the refugees for inclusion in the list of persons whom the British Government may be willing to exchange for the interned Germans. Most of the Dutch Jews whom the Nazi authorities are prepared to release for exchange are now inmates of the concentration camp at Westerbork drete.

**Predicts Use of Bias In Campaign**

NEW YORK — "Undoubtedly anti-Semitism will be used by some of Willkie's and Mr. Roosevelt's opponents" in the 1944 Presidential campaign, it was predicted by Victor Riesel, labor columnist in the New York Post.

Mr. Willkie's "bid for the Republican nomination", Mr. Riesel observes, has brought on an intensified campaign of isolationist politicians to "keep the Republican nomination from Willkie and to discredit the Roosevelt administration on its handling of the nation's internal affairs".

"Rabble rousers" like Gerald L. K. Smith have been trying to convince the "respectable Republican isolationists of their ability to poll big votes, he continues.

Mrs. Archibald Silverman, prominent Zionist leader, who recently returned from a trip to England on behalf of Zionism, spoke before several hundred listeners who heard her describe the accomplishments of Jews in Palestine. **Legion Demands Immigration End**

WASHINGTON — Immigration restrictions and racial problems in the United States continued to receive much attention. The American Legion, in resolutions adopted by its national convention in Omaha, demanded stoppage of immigration at the end of the war until unemployment drops to less than 1,000,000, and expressed opposition to "all hyphenated dual national groups and organizations."

A Federal grand jury in New York recommended that immigrants be admitted on the principle that the "paramount consideration is the welfare of the United States, not that of the immigrant."

Many of the escaping refugees had come into Italy recently to elude the Gestapo in France.

The refugees, Dr. Schwartz said, are being maintained in an internment camp by the Swiss Government and the Committee is providing them with clothing, medicines and other essentials.

Most of the Italian Jews were residents of Milan and Turin in Northern Italy, now occupied by Germans.

**Times Warns of Possible Riots**

LONDON — A warning that "an outbreak of serious Arab-Jewish disorders in Palestine is not impossible" was sounded this week in an article in the London Times, written in Cairo.

Declaring that both the Jews and the Arabs in Palestine "are well armed, mainly with weapons stolen and purchased from troops stationed in Palestine, the article says that the Arab-Jewish problem has become especially complicated as a result of the White Paper which provides for the closing of Palestine's doors to Jewish immigration at the end of March, 1944.

"The Arabs as a whole are prepared to stand by the White Paper," the correspondent writes, "but the Jews, influenced by extreme Zionists, are not satisfied and are clamoring, among other things, for unrestricted Jewish immigration."

**Revive Racial Laws in Rome**

**Help Pass The Ammunition**

Last year your scrap metal helped to keep America's steel mills going at full capacity. This year your scrap metal is needed to continue the steel production which must supply the ammunition, guns, tanks, planes and ships needed as our offensive against the enemy increases.

You are again asked to search your cellars, attics, garages and farms for any scrap metal you can turn in to the war effort. This drive is being conducted to build up a scrap reserve for the winter and spring. It will be stockpiled as a "Victory Scrap Bank" to be drawn on as needed. Help to fill your "Victory Scrap Bank." Get your scrap metal ready for collection now.

Locate all the scrap metal you possibly can. Anything made of iron, steel, copper, bronze and brass is wanted. Heavy material like piping, old auto parts, broken coal stoves, tools, andirons, furnace grates, ash trays and radiators make the best scrap. Porcelain and enameled metal items such as refrigerators, old gas stoves and agateware pans are NOT wanted as they cannot be used in war production. Tin cans should NOT be put out in this drive. They will be collected separately.

Trucks will collect your scrap metal on Sunday, October 24th. Have it out in front of your house by 8:00 a. m.

**Soldier Trial Called Error Court Thought Levy Innocent**

WASHINGTON — An Army court's action in courtmartialing Alton Levy, Army sergeant and former Bronx union organizer, after the president of the court said the court believed him not guilty, was described this week as "an outstanding legal error" by the defense.

Levy was found guilty of making "false statements" about the mistreatment of Negro soldiers at Lincoln Air Base, Neb., where he is stationed, and of circulating slanderous remarks about the commanding officer and his wife. He was ordered stripped of his sergeant's stripes and sentenced to four months at hard labor.

Washington, president of the court, said the court believed Levy was not guilty as charged.

At the same time Maj. Washington asked if Levy might be found guilty of a different offense. Told that he could not, the court retired and it was generally believed that Levy had been acquitted.

The following Monday the court reconvened, Despres said, and after hearing the testimony of a civilian which added nothing to a written statement submitted earlier by the witness, found Levy guilty on all counts.

Levy admitted protesting about the treatment of Negro soldiers but pointed out that the prosecution made no attempt to prove they were false. He denied the other charge.

Despres will place the facts of the case before military and civilian officials here next week. Meanwhile, President Roosevelt has been asked to use his authority as Commander-in-Chief to have the case reopened.

**ZOA Proclaims Balfour Week**

WASHINGTON — The period beginning Sunday, October 31, and ending with Sabbath services on Friday evening, November 5, and Saturday, November 6th, has been designated as Balfour Week in observance of the 26th anniversary of the issuance of the Balfour Declaration, in a proclamation issued here this week by Dr. Israel Goldstein, president of the Zionist Organization of America.

Declaring that the action of the American Jewish Conference in placing a United American Jewry behind the Zionist Program for the establishment of a Jewish Commonwealth in Palestine, gives to the forthcoming anniversary celebration a broader scope and meaning, Dr. Goldstein calls upon all Zionist District and units throughout the country to mark the event jointly with all groups and institutions in their respective communities that were represented in the Conference.

**EDITOR:**  
 Hearty congratulations to you and sincere thanks for helping, through your publication, to place Rhode Island among the leaders of the Nation in the Third War Loan campaign.

The citizenry rallied to its country's appeal to "Back the Attack" with a response never before equalled in the history of our State; The Treasury Department's War Finance Division—State and National—is fully cognizant that the tremendous number of dollars raised would not have poured in without the instrumentality of the newspapers in constantly impressing the War Bond message upon the public.

The need of financing the war is an ever-present one, and your co-operation is deeply appreciated.

**Withholds Stand On Arab Federation**

**CAIRO** — Solution of the Palestine question must precede any measures relative to establishment of an Arab federation, King Ibn Saud of Saudi Arabia has advised Egyptian Premier Mustapha Nahas Pasha, according to the N. Y. Post.

The Arabian monarch was said to have set forth his views in a letter to the Egyptian mission sent to Saudi Arabia to obtain his participation in the Cairo talks on federation, scheduled to be resumed this week.

The letter, which purportedly clarified Ibn Saud's decision not to participate in the parleys, expressed the views, according to the local press, that an Arab union already exists "morally" as exemplified by a common language and religion.

The B'nai B'rith committee planned the dedication of the room as its part in the 100th anniversary

**STOCKHOLM** — German soldiers, expressing disapproval of the Nazi persecution of Danish Jews, have been assisting them to escape to Sweden, according to statements made by refugees to the Swedish press this week.

The refugees said German soldiers in some instances had changed into civilian clothes in order to help the Jews without drawing attention to themselves. This assistance, coupled with aid by members of the Danish police force, might explain how more than 3,000 Jews had been able to reach Sweden.

**CHICAGO** — The Chicago Sun, in a cable from London, reports that Britain is considering creation of a Jewish army of possibly one or more divisions assigned to help drive the Japanese from Burma.

"The idea, which has found favor in certain responsible military quarters, is that the Jewish soldiers would be recruited mainly from the British Army in the Middle East, especially Palestine," the cable says. "Included among those who might volunteer would be Jews from Algeria, whom Gen. Giraud refused to admit into French combat units. Jewish formations drawn from the Middle East would be brigaded into a special army under their own Palestinian flag. Enlistment might be thrown open throughout the British Empire and possibly to U. **WASHINGTON** — Manifestations of race prejudice and discrimination in the United States furnish the basis for "one of the strongest weapons in the hands of Hitler," Clyde E. Miller of the Institute for Propaganda Analysis declared here.

Testifying before the President's Fair Employment Practice Committee, which is now conducting hearings in cases involving alleged discrimination against minorities by twenty-two railroads and fifteen labor unions, Mr. Miller cited Axis short-wave broadcasts which capitalized on "what anthropologists call the myth of racial superiority." He said that such propaganda was "extraordinarily and almost immediately effective, dynamic and dangerous," remarking that "American propagandists consciously or unconsciously are following the Hitler pattern."

## WAR THIS WEEK

### Franco's Fears

Generalissimo Francisco Franco told the Spanish people in a radio-cast that as the war continues, the possibility of the spread of Communism appears more clearly. He said there was a latent spirit of rebellion among the people of the countries engaged in or overrun by the war, and attributed this to a mass consciousness that leaders had abandoned social reform, Finland and Italy.

Finland will take no steps toward recognizing Mussolini's new Fascist Republican Government in Italy, the Helsingfors correspondent of the Svenska Dagbladet predicted. Finnish citizens also are emphasizing that the Italian Legation in Helsingfors has announced that it would remain loyal to King Victor Emmanuel, the correspondent added.

### Nazis Draft Youth

Germany has made all 16- and 17-year-old German boys and girls subject to labor service in the Baltic States, Poland, and the Ukraine, Berlin dispatches said. Ac-

tion followed new efforts to mobilize German women to meet the Reich's manpower shortage.

### To Film Churchill's Book

A film based on Prime Minister Winston Churchill's book "Marlboro, His Life and Times," which the present Prime Minister finished writing in 1938, is to be produced by the British studio Two Cities Films, Ltd.

### "Fascist Treason"

Mussolini's "Fascist Republic" has set up special tribunals to try for high treason Party members charged with "passing to the enemy at the moment of trial." Among them is Mussolini's son-in-law, Count Galeazzo Ciano.

### Russians Investigate

German crimes are being investigated by a Russian State Commission which reports the finding of more than 40,000 Russians who had been slain and "buried" in a mine shaft.

### Juvenile Delinquency

A study of juvenile delinquency by the Children's Bureau of the Labor Department discloses that despite a 16 per cent increase in delinquency between 1940 and 1942, as shown in reports from 82 courts serving areas of 100,000 or more population, American boys and girls, "by and large, are standing up magnificently."

### King Is Angry

King Victor Emmanuel called upon the Italian people to rally to Marshal Pietro Badoglio, Premier, and denounced the Germans as an "inhuman enemy."

## Chaplains Conduct Overseas Service

NEW YORK — Fifty Jewish chaplains, regularly assigned to overseas stations, will be conducting services on Rosh Hashonah and Yom Kippur on every front from New Guinea to Italy, it was announced this week by the Jewish Welfare Board. Last Rosh Hashonah there were only thirteen Jewish chaplains serving overseas.

## Russian Flier Gets Red Banner Order

MOSCOW — Alexander Fleishman Russian Jewish flier who lost his life after having participated in 306 air battles, was posthumously awarded the Order of the Red Banner.

## Edward S. Smyth Forms Republican Nationalist Party

NEW YORK — Almost penniless because of the failure of his past fascist organization efforts here, Edward James Smyth, one of the 33 persons under indictment in Washington for sedition, has begun soliciting supporters for his latest creation, the Republican Nationalist Party, the N. Y. Post revealed this week.

Smyth has elected himself national chairman and is distributing long leaflets nominating Col. Robert R. McCormick, isolationist publisher, for President in 1944, and Sen. Burton K. Wheeler (D-Mont.) for Vice-President. Wheeler denounced Smyth's nomination as "the inspiration of some fool looking for notoriety."

In his nominating leaflet, Smyth hails McCormick as "one of the outstanding citizens of the republic," and "a friend of honest labor." Somewhat confused, the

### Workers Still Aiding Refugees

NEW YORK — The American Jewish Joint Distribution Committee has been licensed by the U. S. Treasury Department, permitting it to pay in this country a note for \$138,500 borrowed after Pearl Harbor, by its American representatives in Shanghai, to bring vitally needed food, clothing and medical supplies to many of the 22,000 Jewish refugees now in that city, it was announced this week by Joseph C. Hyman, executive vice-chairman of the organization. The note was brought to the United States early this year and was payable to relatives of the Shan-

### Rowboats Used To Cross Channel

#### Swedish Papers Denounce Nazis

STOCKHOLM — A report received here this week from Malmo, Southern Sweden, said Dr. Niels H. D. Bohr, Danish physicist and Nobel prize winner in physics in 1922, was among the refugees to reach Sweden from German-occupied Denmark. No details of his flight from Denmark were available. His fame as a physicist rests largely on his theoretical work in the field of atomic structure.

The nation opened its arms to the refugees, who used rowboats and fishing smacks to run the gauntlet of alert Germans across the narrow channel which separates the two countries. Offers made by the Swedish Government to Berlin to provide a haven for 8,000 of the 10,000 Jews in Denmark have been ignored by the

## Kaufman Warns Fascists May Try Armed Revolt

NEW YORK — In his weekly column for the Anglo-Jewish press, Benjamin H. Kaufman, retiring president of the Jewish War Veterans of the United States, declares openly that fascist supporters will "try armed revolt" if they are not able to prevent the President from carrying out his plans for "government aid and co-operation" for the demobilized soldiers.

Declaring that: "Right now and here and all over the country, the employees and stooges of the native American Fascists are working hard." Commander Kaufman points out that "wealthy malefactors.....if they don't win by legal—or half-legal—means, by bri-

bery and bought legislators and corrupt newspapers and all the machinery they knew so well how to use, they will try armed revolt."

"They wanted to try it in the past," he continued, "We know that they tried to hire General Smedley Butler to lead a Fascist attack on Washington. He revealed their plot. They were more successful with General Moseley Van Horn, who was anxious to try it but didn't get the chance—as yet, Lindbergh was being built as the man on a white horse. Now they are training and preparing the future rank and file of their future Fascist troops."

## Wise Predicts War Will End in April

NEW YORK — War against Germany will end on April 12, 1944, it was predicted this week by Rabbi Stephen Wise. Dr. Wise voiced his prediction in connection with the nation-wide "Time for Victory" contest, the sponsors of which are offering \$2,500 in war bonds to the person making the most accurate guess.

## Vichy Takes Heed Of Allied Warning

LONDON — Allied warnings of immediate and severe retribution should Vichy officials continue to carry out the restrictions on Jews ordered by Nazis have resulted in a slight alleviation of the plight of French Jewry. French authorities have postponed the levy on Jews until November 1st in defiance of Nazi commands, and generally are showing a somewhat softer attitude toward the Jews. At the same time the Nazis, acting in concert with the police, have intensified the deportations and mass arrests of Jews and continue their systematic raiding of Jewish homes and institutions.

## Protect Minorities Willkie Demands

NEW YORK — The "protection of minorities" was listed by Wendell Willkie as the first of five essential planks for a liberal platform under which he would be willing to become the Republican candidate for the presidency in 1944.

## Argentina President Confirms Decree

BUENOS AIRES — The new president of Argentina confirmed the decree of his predecessor allowing the entry into Argentina of 1,000 Jewish refugee children from France.

## Mulvey, Braude Win In School Board Caucus

Gordon F. Mulvey and Rabbi William G. Braude polling 2203 and 972 votes, respectively, were winners in the school board caucus held in District G last Tuesday. Mrs. Kathryn Armstrong, the third caucus contestant received 436 votes. The total vote of 3611 was but 21.7 per cent of the eligible vote of 16,609.

Mulvey and Rabbi Braude will be the candidates for election for school committeeman on November 2.

At the Branch avenue school, Mulvey polled a total of 1122 against 51 for Rabbi Braude and 21 for Mrs. Armstrong.

At Jenkins street school, the race was much closer. Mulvey received 740 votes to 719 for Rabbi Braude and 401 for Mrs. Armstrong.

At the Candace street school Mulvey led the group once more with 304 votes, Rabbi Braude, 202, and Mrs. Armstrong, 14.

Watchers for Dr. Braude charged that at the Branch avenue school a supervisor, James Lepore of 82 Ledge street, guided many voters into the voting machines and, without being invited, went behind the curtains to help them with their vote. Under the law, two supervisors of opposite party alliance must accompany a voter into a machine, but only when the voter requests their assistance. Lepore denied the allegations.

## Name Cassin to War Crime Committee

LONDON — Prof. Rene Cassin will represent the French Committee of National Liberation on the Inter-Allied Commission to investigate war crimes which is scheduled to meet in London shortly. Prof. Cassin, a famous Jewish lawyer of Paris, joined the French Council for the Defense of the Empire three years ago and was appointed Commissioner of Justice and Public Instruction by De Gaulle in 1941.

## Editorials

### Succoth

Succoth, the Feast of Tabernacles, which begins on Wednesday evening, October 13, has a twofold significance.

Primarily it was a harvest festival, the character of which was for ancient Israel much what our national Thanksgiving Day is to us. Then, too, it was intended to remind the Jewish people of the providence of God, in that during their march into the Holy Land, they were protected from every danger, even though they were compelled to dwell in frail huts.

Involved in the celebration of Succoth this year is the reminder of the obligation of prosperous peoples to care for those who are less fortunate than themselves.

During this war period, the Festival of Succoth takes on added significance because the production of food will play an increasingly important part in the winning of the war. Thus a celebration of a very ancient Festival, which praises the bounty of God, becomes especially important in these times.

### Day of Atonement

Yom Kippur, the Day of Atonement, is essentially a day for self-examination. It calls the Jew in judgment before the bar of his own conscience.

Traditionally, the day is marked by special prayers and the abstinence from food and drink from eventide to eventide. The purpose of the fast is to turn man's thoughts away from material things and to emphasize spiritual values.

The scripture reading for the morning of Yom Kippur is taken from the 58th chapter of the Prophet Isaiah, who says "Is not this the fast that I have chosen? To loose the fetters of wickedness, To undo the bands of the yoke,....Is it not to deal thy bread to the hungry, And that thou bring the poor that are cast out to thy house? When thou seest the naked, that thou cover him. And that thou hide not thyself from thine own flesh?"

In a sense, this scriptural quotation sounds the keynote to a day that every Jew is taught to hold sacred.

**Rehabilitation is Post-War Problem**

**Mass Dislocation Was Deliberate**

MONTREAL — Rehabilitation of about 30,000,000 European refugees will be "one of the most urgent tasks of postwar reconstruction," the International Labor Office declared this week in making public an exhaustive study of displaced populations and their resettlement.

The problem is far "beyond the powers of any single country," the report pointed out. Predicting that a redistribution of labor may become necessary if full employment is to exist, the report went on to say that such redistribution "would call for nothing less than the organization of an international employment office."

This mass dislocation of population by the German Government was deliberate, the I. L. O. study declared, the aim being to "redistribute the population of Europe so as to establish German influence and leadership over the largest possible area."

Transfers of populations have assumed "enormous dimensions," it shows, since the program began.

The massed displacements of non-German populations, it points out, were matched by the transplantation of Germans and of people of German origin into the zones assigned to German settlement.

**Mr. and Mrs. Lues Reiter**

87 WHEELER AVENUE

**FELLOW AMERICANS**

Louis Criscuolo: Sergeant U. S. Air Forces.....Hails from New Haven, Ct.....During the Battle of Guadalcanal Criscuolo was a member of the ground crew that kept American planes flying from Henderson Field—kept them flying despite lack of sleep, constantly threatening Jap landing parties and endless enemy bombings.....At one time bombs rained on the field for four consecutive nights, but at dawn each morning Sergt. Criscuolo's planes were ready to take off—for which "exceptionally meritorious conduct" the War Department awarded him the "Legion of Merit."

Luigi Criscuolo: Investment banker of New York City.....Prolific letter-writing apologist for Fascist Italy.....Naturalized American citizen, hailing from Salerno, Italy.....Though now an American, he still sports the royal title of "Count".....Lectured on the "miracles" of Fascist Italy and was a columnist for "Il Grido Della Stirpe," Black Shirt propaganda sheet, which was banned by the U. S. Government and whose publisher-editor was denaturalized.....

One Criscuolo fills the sky with bombing planes, the other fills it with hot air.

**DARTMOUTH MAN**

D. W. Rogers: Capt. U. S. Army Air Forces.....24-year-old Dartmouth honor student.....In taking off for a mission over Europe, the bomber he piloted was fatally crippled by accident.....With uncanny skill he kept his ship over the airdrome so that an injured crew member could bail out.....Then, to avoid crashing his bomb-laden plane on friendly territory, Rogers flew out to sea, dropped his cargo, returned to the field so his crew could bail out, flew back to sea and crashed his plane.....When picked up by a rescue boat he was dead.

N. W. Rogers: Tompkins Corners, New York.....Has been calling himself "Judge" Rogers ever since presiding, for a very short time, as a Justice of the Peace in his town of 300 residents.....Began his subversive career by distributing copies of "The Hidden Hand," a hate pamphlet written by "Col." Eugene Sanctuary, one of the 34 named in the Washington conspiracy indictment for alleged sedition.....This Rogers wrote a pamphlet glorifying Gen. George Van Horn Moseley, the man touted for the Presidency of the U. S. by jailbird William Dudley Pelley and rabble-rouser Joe McWilliams.....

One gave his life to his countrymen, the other gave lies.  
**TYPICAL AMERICAN BOY**

Jay Noble: Junior grade lieutenant in the U. S. Navy.....A typical American boy.....he might have been any one of the thousands of "boys next door"—brought up in a typical American small town, Lockport, New York.....On Sept. 9, 1942, from Washington, the Navy Department released its 11th casualty list, and the memory of this Noble became inscribed forever in the hearts of the American people.....On that day, without telling when, where or why, the Navy reported Lieut. Jay Noble "missing in action."

Robert Noble: Convicted seditionist from California.....Was dishonorably discharged from the United States Navy and then embarked on his "career".....In 1941 at a legislative committee hearing he declared: "Yes, I'm for Hitler".....Became the Los Angeles leader of the "Friends of Progress,"

**To Mobilize U. S. Jews  
Against White Paper Edict**

NEW YORK — American Jews will be mobilized in a battle to smash the Chamberlain White Paper which "erects an illegal wall about Palestine" and closes its doors to Jews forever in April, 1944.

The fight was opened here by Dr. Abba Hillel Silver of Cleveland, new chairman of the executive committee of the American Zionist Emergency Council, who denounced the White Paper as "the greatest miscarriage of justice in our day and the most brazen repudiation of the sanctity of covenants."

The Council is spokesman for all major Zionist organizations in the United States: the Zionist Organization of America, Hadassah, Mizrahi and Peale Zion. Dr. Silver, spiritual leader of the Temple, in Cleveland, recently assumed

political leadership of the Zionist movement and his call for a war on the Palestine White Paper is his first declaration of policy.

Proposing an incessant and uncompromising drive to set aside the "manifestly unjust and illegal" Chamberlain policy during the seven months which remain before it becomes completely effective, Dr. Silver declared that American Jews will appeal to the United States Government to seek its suspension.

**Dramatize Battle  
Of Warsaw Ghetto**

NEW YORK — The most solemn day in the Jewish calendar, Yom Kippur, Day of Atonement, will be observed on a special program to be heard over NBC Saturday in cooperation with the American Jewish Committee (2:00 p. m., EWT).

The program will present the dramatic story of the Battle of the Warsaw Ghetto in Poland where, early in the summer of this year, the Jews made a last stand against their Nazi persecutors. Script is by Morton Wishengrad.

**For First Time,  
Non-Jew to Direct  
Appeal Campaign**

NEW YORK — Non-Jews have contributed on numerous occasions to local campaigns for the rescue of Jews abroad, for Palestine reconstruction and for refugee aid in the United States, but this week time in the five-year history of the United Jewish Appeal for Refugees, Overseas Needs and Palestine was reported that for the first time, a Christian has assumed the chairmanship of a Jewish community's drive. In Hammond, Indiana, James Post, a non-Jew, heads the campaign "High Command" for the unified drive in behalf of the Joint Distribution Committee, United Palestine Appeal and National Refugee Service.

Putting his business obligations aside, Mr. Post in these days spending all his time in organizing the Jewish communal forces, conferring with Jewish leaders, studying prospect cards and going over the general campaign strategy.

**Zionists to Have  
New York Office**

NEW YORK — A "President's Office" of the Zionist Organization of America is to be established here, it was announced by Dr. Israel Goldstein, newly elected head of the ZOA. Dr. Goldstein made his announcement at a luncheon at which he was host to representatives of the Yiddish and Anglo-Jewish press at the Commodore Hotel. The principal headquarters of the organization, will, of course, remain in Washington.

**Earthquake Hits  
Palestine Area**

WASHINGTON — An earthquake which destroyed several buildings in northern Palestine and drove the inhabitants of Tel Aviv from their homes occurred over the week end according to London broadcasts reported by the Office of War Information this week.

The earth tremors were felt in Jerusalem, Haifa, Tel Aviv, Tiberias, Nablus and Nazareth, the broadcasts said. In Jenin, in the northern part of the country, many buildings were destroyed.

**Marine Corps Has  
Jewish Chaplain**

NEW YORK — The first Jewish chaplain to serve with the Marine Corps, Chaplain Leon Wolf Rosenberg, has reported for duty at a West Coast station, according to the Jewish Welfare Board.

## Nazi Policy on Jews Worries Reich Civilians

LONDON — With German armies retreating on the Russian front and with the Anglo-American armies smashing the German positions in Italy, anxiety is growing among the civilian population of Germany as to the consequences of the relentless Nazi extermination of Jews, reports reaching here through neutral countries indicate.

In an attempt to counter-act this anxiety which is especially noticeable in provincial towns, the German Ministry of Propaganda has distributed an article to the provincial press warning against the spread of "pro-Jewish defeatism," and emphasizing that the Nazi fight against the Jews must continue unabated.

## First Woman Doctor In Palestine Dies

**Chelsea Approves Release  
Time for Religious Teaching**

CHELSEA, Mass. — After debates and conferences with the local clergy which extended over a period of months, the Chelsea school committee went on record as favoring the one-hour release time plan whereby pupils in the public schools will be released from their classes to receive religious instruction in churches or synagogue religious schools. The vote was 5-2 with Aaron Cohen and Julius Alpert, the two Jewish members of the board, opposing the measure. The issue oc-

casioned wide comment in the community. The local press carried letters, editorials and comments on the question.

Early in the discussions the school committee conferred with members of the Protestant, Catholic and Jewish clergy. The controversy was especially interesting from the Jewish viewpoint since Chelsea has a Jewish population of some 18,000 in a total of about 40,000.

**JEWISH POPULATION**

LONDON — The Jewish population of Hungary numbered 724,000 persons according to the official census of 1941, now made public. 20% of them declared that they belong to the Jewish nationality.

**Intensify Drive  
On Danish Jews**

NEW YORK — Having arrested a number of leading Danish Jews, the Germans continue their campaign against the small Jewish community.

The Jews were deprived of radios and cameras and forced to contribute 10,000 kroner towards the collective fine imposed on the city of Copenhagen following the assassination of a German officer. A reward of 500 kroner is being offered by the Nazis in Denmark for information leading to the arrest of "Jewish saboteurs."

**Belgian Patriots  
Save 15 Jewish  
Girls from Nazis**

LONDON — Belgian Government circles here this week received a report from the underground movement in Brussels describing how Belgian patriots saved fifteen Jewish girls from the Gestapo.

The girls were given refuge in a convent near Brussels, but the Gestapo got wind of it and ordered the nuns to prepare the girls for deportation within several hours. The news of the Gestapo order spread within a few minutes throughout the suburb where the convent is located, and unknown persons suddenly appeared in the convent, tied up the nuns who were in charge of the girls, without harming them, and took the latter along with them. When the Gestapo officers came to the convent, they found the nuns tied to chairs but no clue to the intruders. The girls are now hidden in a safe place, the report concluded.

**State Casualties  
In Ghetto Battle**

KUIBYSHEV — Three hundred Germans were either killed or wounded by Jews who resisted the Nazis when the latter were engaged in liquidating the Bialystok ghetto, according to reports reaching here.

The Soviet Government has obtained documents of the German military police describing the extermination of ten thousand Jews in the Brest-Litvosk ghetto in October, 1942.

**RESTRICT MOVEMENTS**  
GENEVA — Jews in Plovdiv, Bulgaria, have been forbidden to appear in leading streets of the city at any time and in all streets between seven o'clock in the evening and seven in the morning, it is learned here.

**UP THROUGH RANKS**

Lieut. Paul L. Schwartz: 24-year-old Army officer from Syracuse, N. Y. ....Enlisted two years ago as a private and came up through the ranks. ....Led a daring patrol through the jungle, killing and wounding a large number of Japs. ....His patrol captured and destroyed considerable ammunition and equipment and then withdrew in the face of a strong Jap flanking movement because "we had less than a dozen men left and didn't have much defense in depth"..... Lieut. Schwartz was decorated with the DSC for "extraordinary heroism in action" in New Guinea and received the Silver Star for "leadership and courage during an attack on Buna Village."

E. Ferrin Schwartz: President and editor of Social Justice, a weekly magazine hailed by the Nazi propaganda machine. ....Under Schwartz' guidance this paper, on Feb. 23, 1942, implied that the U. S. "planned" the Japanese attack on Pearl Harbor. ....This foremost fifth column publication in America, after too long, was finally barred from the mails by the U. S. Postmaster.

One Schwartz was honored with The Order of the Purple Heart, the other by Hitler's New Order.

**Shelve Statement  
On Zion Future**

WASHINGTON — The proposed Anglo-American statement prescribing all discussions of the Palestine issue for the duration of the war has been shelved, according to reliable information reaching Zionist leaders here this week.

The statement, a draft of which was reported to have been on President Roosevelt's desk for approval when Dr. Stephen S. Wise called on the Chief Executive sometime ago, would have been a severe blow to the Zionist cause. Its postponement was due to representations made by the American Emergency Committee for Zionist Affairs.

**107 Children  
Enter Palestine**

JERUSALEM — One hundred and seven Polish Jewish child refugees ranging in age from 6 to 16, accompanied by 15 adults, have reached this country. Most of these refugees left Russia six months ago while 22 of them had been in the U.S.S.R. only two weeks before their arrival here. The Jewish Agency's Youth Aliya Department, which has previously been entrusted with the care of refugee children, is similarly caring for this party.

**Charge Fascists  
With Extortion**

LONDON — Accused of pocketing huge sums of money which they obtained from Fascist buyers of "Aryanized" Jewish property, nine ministers of Mussolini's cabinet, 220 prefects and 146 leading Fascists were arrested in Italy, according to a report of the Free Italian Radio.

Among those said to be involved in the "Aryanization scandal" were Roberto Farnacci, Virginio Gayda, Count Ciano, Carlo Scorza and even the fallen Fascist dictator.

## To Prevent Loot Transfer by Nazis

### United Nations Issue Statement

WASHINGTON — Britain and the United States struck this week at a plan for safeguarding Nazi loot by fake transfer to neutrals.

In a statement issued simultaneously here and in London, the State Department and Foreign Office said that "the two Governments reserve the right to treat as invalid any transfer to neutral ownership of any enemy-owned rights or interests in property in Italy." It emphasized that "nationals or firms in neutral countries acquiring or purporting to acquire such rights or interests render themselves liable to all sanctions at the disposal of the Governments of the United States of America and the United Kingdom."

The Nazis have regularly acquired choice property of all kinds—from sculptures to securities—in occupied countries, following "strictly legal" forms, but using extra-legal pressures including torture and threat of torture of the property's owner. This system was first applied in Germany itself to Jews and anti-Nazis, who were thoroughly looted before they were driven from the country or imprisoned.

### Russian Concert On Radio Sunday

The dual premiere in 1882 of two of Tschaiakowsky's major works will be re-enacted on the General Motors Symphony of the Air program Sunday, October 10, when Dr. Frank Black conducts the NBC Symphony in the great Russian composer's Concerto for Violin in D Major, followed by the "1812 Overture."

The program will be heard over the NBC network, 5 to 6 p. m. EWT. The Russian premiere of the violin concerto and the world premiere of the vividly descriptive and enormously popular "1812" on the same program in Russia in 1882 was an event that created musical history.

Soloist for the concerto will be Mischa Mischakoff, concertmaster of the NBC Symphony since its organization in 1937.

### Publish Book On Armed Forces

NEW YORK — The United Jewish War Effort announces release of a book containing a compilation of tributes, by prominent Americans, to the valor of Jews in the armed forces of the United States.

The purpose of the book, as stated in the preface by Dr. Stephen S. Wise and Dr. Joseph Tenenbaum is "to strengthen the ties of solidarity among all loyal Americans and to refute the vicious propaganda of our common enemies, undermining our national unity."

## They Loved Benny in Africa Doctors Praise Comedian for Tour

NEW YORK — "Nothing spectacular ever happens to me," Jack Benny complained in his suite at the Sherry-Netherland when PM interviewed him the day after he returned from a ten-week USO tour of North Africa. "The plane didn't get bombed, we had smooth weather except for a sand storm over the Gulf of Persia and we always got the shows on for the boys," Jack, who is some 12 pounds heavier and slightly grayer explained.

But Benny did get into Italy. This is how it happened: His USO party, including Larry Adler, harmonica player, and singer Wini Shaw, was scheduled to play in Sicily a week ago last Saturday but found upon arrival that the men had crossed over into Italy. Benny's party was given the "go ahead" and flew on to catch up with the troops. They did, about 75 miles from the fighting at Salerno. When Benny landed he was greeted by a Major with, "What the hell are you doing here?" But the surprised troops demanded the show and then went to battle.

Benny reports that U. S. soldiers are crazy about the shows. They like to anticipate a star's arrival, talking about him for days, planting gags like the boys in Egypt who erected the signs, "Waukegan Airport" and "Welcome Fred Allen." They repeatedly demanded St. Louis Blues and the Bolero from Larry Adler, two of the harmonica players specialties, and from fiddler Jack, The Bee and Love in Bloom.

Once Benny & USO Co. played for about 10,000 men right after a review during which 12 of them were awarded medals for bravery. It was 10:30 a. m., temperature 140, at camp on the Persian Gulf. The men sat right in the blazing sun for an hour and half. Wini Shaw and actress Anna Lee, who always dressed up for the show, climbed into evening clothes and went to work. Benny, Adler and piano player Jack Snyder of The Yacht Club Boys, wore civies for the shows, otherwise khaki.

Benny, playing the pinch-penny jerk, always went over big. If you heard his only shortwave broadcast back to the U. S. A., from Cairo, credit this gag to Goodman Ace of Easy Aces who sent it to Benny as a bon voyage token. It went like this:

### Chanukah Gifts May Be Sent Abroad

NEW YORK — Chanukah gifts to Jewish members of the United States Army may be sent overseas until October 15th and for Navy personnel until November 1st, it was announced here by Postmaster Albert Goldman.

"Say, fellows, I just got a cable from Mary Livingston. Forgive me while I read it. 'Dear Jack, I'm sending you that five you cabled for but it's your own fault you're running short. I told you you couldn't do Africa on \$20.'"

At hospitals and advance medical stations, Benny gagged with the boys and autographed casts on legs and arms. The doctors, whom Benny couldn't praise loudly enough for the job they're doing, told him that a belly laugh was the best tonic for the wounded men. He came back loaded down with home addresses and messages from the boys, mostly "Tell mom I'm swell."

LITTLE ROCK, ARK. — Minna

at the local USO club. Miss Dorn  
may be seen chasing around Little  
Rock these days, hurrying from

trying on wedding and engagement  
rings. It is part of her many  
services to soldiers—men, in this  
case, who are about to enter the  
fast-slammng portals of matri-

Miss Dorn uses her left hand for  
modelling the rings. Quite a few

most grateful."

ten Jews who had been interned in  
Calabria, Italy, since 1940 were re-  
leased by the British Eighth Army  
following its occupation of the city,  
it is learned here. These Jews had  
been enroute from Slovakia to  
Palestine when they were cap-  
tured by an Italian warship, sent  
to Rhodes and then transferred to  
a concentration camp in Calabria.  
The liberated Jews, who are now  
under the supervision of the Eighth  
Army, have addressed an appeal

to replace those they have worn  
ever since their internment, it is  
stated.

## It Happened This Week

### Bit o' News

You may not have known it but Sgt. Philander R. Villany, who telephoned his mother at 3 o'clock in the morning to say that he had arrived on the West Coast, is Jewish. Sgt. Villany had been in the South Pacific and the Far East for more than a year. He was seriously injured more than a year ago in the crash of a bomber. Last May he was decorated with the Air Medal for participating in more than 25 operational flights. His last post was in New Guinea. His mother lives on Balcom street. Harold Hanzel has been promoted to a Captain in the Dental Corps of the Army, we were told this week. Formerly stationed in Sault Ste. Marie, in Ontario, he has just been transferred to Camp Edwards which is much nearer home, his wife, the former Beatrice Goldstein, said.

### Providence Does Well

The campaign to form a Roger Williams Colony in Palestine concluded this week. At the summary report, given last Tuesday, it was revealed that the drive was successful, exceeding the goal set. Lt. Harold Goldenberg, of the U. S. Air Corps, has been seeing quite a bit of the southland. Within the space of a brief time he was stationed in Louisiana, Oklahoma and now Tampa, Florida. The Mortyn Zietz's have pur-

chased a home in Newton, Mass. Another removal from the city is that of Mark Hanopolsky, director of the Talmud Torah at Ahavath Shalom. His new home is in Roxbury. Samuej and Minnie Pavlow are the parents of a baby daughter born last week in the Miriam Hospital.

### Wedding Bells

Temple Emanuel, last Tuesday evening, was the scene of an "I do" ceremony when Rebecca Fuchs and Sumner Silberman were married. Rabbi Goldman officiated. Nothing is impossible for the Army, it seems. Pvt. Sidney Checkanowitz who had only a seven-day leave arrived in New York with the intention of getting married only to learn that his bride was hospitalized with a leg fracture. Undaunted, he secured the services of a rabbi and with a nurse and the bride's mother as witnesses, the knot was tied. He'll spend the remainder of his stay and his honeymoon at the Bellevue Hospital. Someone wisecracked this week that "we're changing the German Air Force to the German Air Farce".

### More Inductions

Sherwin Kapstein, Leo Penn and Paul Litwin are in the Navy now. Inductions into the Army included Joseph Ernstof, Sidney Cantoff, James Shockit, Sol Snyder, Eli Abrams, Seymour Sax and Elisha Robinson. The Maurice Cohens, having sold their house on Lauriston street, will leave next week for Los Angeles, California, where their daughter Ada is now residing. The cleverest Third War Loan Ad was suggested by Eddie Cantor. It displayed representatives of civilian life, the mother, the worker, the children, on one side. Members of the military, the sailor, soldier, flyer, etc., on the other side. and families of War Bonds in the center. The caption read, "There's a Bond Between Us!" The Herald mailing list now conforms with the latest Postoffice instructions. If you're not getting your Herald on time, please telephone our offices.

Nazis.  
The Swedish press was almost unanimous in its denunciation of a German order which decreed capital punishments for Jews caught in attempts to flee the country.

The Danish news service said the Nazis had rounded up 1,600 Jews in Denmark.

Jews, from babies to nonagenarians, were said to have been seized and a Jewish home for the aged raided. Three German transports were anchored off Copenhagen, the news agency said, the ships apparently being intended to transport the Jews east.

Widespread Arrests Made

German officials announced that the Jews were being "removed from public life" in Denmark. Widespread arrests, made only after Storm Troop and Gestapo reinforcements had been sent in to Denmark, were begun on the night of Sept. 30 and early on the morning of Oct. 1 coinciding with the Jewish holidays.

ghai resident who made the loan.

The two J.D.C. representatives, Laura Margolis and Manuel Siegel, were trapped in Shanghai when war broke out. Prior to that time they had been providing relief for 13,000 of 20,000 Jewish refugees in the Chinese seaport. After the Japanese occupation, Mr. Hyman said, Miss Margolis and Mr. Siegel were permitted to a limited extent to continue their relief operations among the refugees, who were totally destitute and living for the greatest part in shabby tenements on the mud flats of the Whangpoo River and even in the small Shanghai synagogue.

**Activities at Jewish  
Community Center**

Sunday school teachers at the Jewish Community Center were named this week. They are Barbara Adelman, Violet Halpert, Shirley Rose, Rose Salk, Harriet Feinstein, Ruth Adler, Hilda Kaplan and Saul Richman. Ruth Lieberman, William Sweet and Edith Sklut are serving as student teachers.

Junior Hostess Course

The Y.W.H.A. began its courses for junior hostesses last Wednesday. The applicants were addressed by Chaplain Charles E. Schulman, USNR, who discussed the functions and duties of junior hostesses.

Yom Kippur Dance

The annual Yom Kippur dance at the Center will be held in the auditorium tomorrow night. Thomas Masso and his orchestra will furnish the music. Miss Sadie Kasper is general chairman of the affair.
