Hungarian Premier in Hiding

Hungarian Premier Nicholas von Kallay has taken refuge in the Turkish Legation in Budapest, according to the British Radio in a broadcast picked up by CBS. The Turkish Government is said to be insisting upon the Premier's right of asylum and demanding his safe conduct to Turkey.

Defends OWI

Elmer Davis, chief of the Office of War Information, denied before the House Rules Committee that the OWI is engaging in partisan political activity. He also denied that the OWI employs any "Communists or fellow travelers." Mr. Davis appeared to testify on a bill proposing to set up a special committee to review OWI's activities.

Cancel Plebiscite

Plans for a plebiscite in Southern Italy on the issue of King Victor Emmanuel's abdication and replacement of Premier Badoglio's Government have been suspended by the six leading Italian political parties. Lack of funds was given as reason for its abandonment, but it is thought that Russia's recognition of the Badoglio Government may have decreased Italian opposition to it.

Refutes No-Strike Pledge

Urging labor to regain a bargaining weapon, Jess Ferrazza, president of Detroit's Local 212, United Automobile Workers, C. I. O., said 2,000 members who are employees of the Briggs Manufacturing Company had asked the international union to revoke its wartime no-strike pledge.

Arrives in Cairo

Herbert Lehman, Director General of the United Nations Relief and Rehabilitation Administration, arrived in Cairo from Algiers for conferences on UNRRA plans for the Balkans, it was reported here.

Britain's Foreign Policy

Criticism of Britain's foreign policy was voiced in a long editorial in the Daily Mail which called for an authoritative definition of policy. It charged that present policy "seems to be based on the need for treading delicately between the United States and the U. S. S. R."

Canada Coal Subsidy

Subsidies to Western Canada coal mine operators will be paid by the Government beginning April 1, Munitions Minister C. D. Howe told the House of Commons. The subsidies will range from 15 cents to 65 cents a ton, he said.

Weizmann Denies Change in Policy

LONDON — Refuting charges made by "enemies of Zionist aims in Palestine, that the Zionist program has changed from a national home to a commonwealth, since the days of the Balfour declaration," Dr. Chaim Weizmann, president of the Jewish agency, declared while it would be "legitimate to make such a change under certain circumstances" in this particular instance there has been "no factual change, since the term Jewish commonwealth states explicitly what is implicit in the term Jewish national home."

Palestine Comment

Anne O'Hare McCormick, (N. Y. Times) suggests that Zionists have a better prospect of agreement with the Arabs than with the British, "because the young Arabs are in revolt against the past and real statesmanship can show them co-operation will pay."

"The British Government may be induced to abrogate the White Paper and raise the immigration quota, but there is little hope that in the troubled years after the war it will change its present attitude on The Homeland. More and more, indeed, the future of Palestine seems to be a question for direct negotiation between the Arabs and the Zionists."

"Acts of terror will not open the doors," Mrs. McCormick remarks, in discussing the extremists' outrages against the British. "They will harden the British, encourage the Arabs and poison the atmosphere in which the problem of Palestine has to be solved. On the other hand, the crimes of these lawless bands, repudiated by every serious Zionist, should not prejudice the solution."

National Labor Committee Launches Drive for \$21,000

Adopting the slogan "we fight for freedom and homeland," 200 representatives of local leading organizations launched the annual campaign of the National Labor Committee for the Pioneers in Palestine with a quota of \$21,000 to aid the Histadrut and its 140,000 pioneer-workers comprising Labor Palestine at the annual conference held last Sunday afternoon at the Biltmore Hotel.

The conference pledged fullest support to President Roosevelt in defense of this country, and support to 140,000 pioneer-workers in their dual task of safeguarding and defending Palestine as a vital stronghold of the United Nations, and building and colonizing for hundreds of thousands of homeless, destitute European refugees who will find their way to the shores of Palestine.

The conference deploras the ill-advised obstinacy of British officialdom in adhering to the infam-

PIERRE VAN PAASSEN

Calls Save Jews Committee a Hoax

NEW YORK — "To speak bluntly, the 'Committee to Save the Jewish People of Europe' is a hoax, in my judgment a very cruel hoax perpetrated on the American public, Jewish and non-Jewish alike," according to Pierre Van Paassen, writing in the Protestant, a monthly, of which he is an associate editor.

He identifies its leaders with the "Committee for a Jewish Army," with which he "was associated for a short time in the capacity of national chairman," and charges that "they are both sponsored by the same Palestinian body through its delegation here in America: the fascist, terrorist Irgun."

Balkan Jews Panic Stricken As Hitler Moves in Troops

LONDON — The fate of thousands of Jews in the Balkans was hanging in the balance this week as Hitler seized actual military control of Hungary, Rumania and Bulgaria in an effort to defend his Balkan flank against the on-rushing Red army.

It was a race between Hitler's extermination campaign against Jewry, and the Soviet armies of liberation.

Presented in cooperation with the Synagogue Council of America, the program will open with a short address by Justice Meyer Seibrink of the New York State Supreme Court.

Narrator on the broadcast will be Rabbi Ahron Opher.

The program concludes with a talk by Dr. Israel Goldstein, president of the Synagogue Council.

Palestine Bars Mauritius Refugees

LONDON — Col. Oliver Stanley, British Colonial Minister, this week reported to the House of Commons that the 1,400 Jewish refugees who have been interned on the island of Mauritius cannot be permitted for the time being to proceed to Palestine.

Danger of Serious Riots In Palestine Decreases

Action on White Paper Watched

To Fight Change in Immigration Quotas

CAIRO — There is small danger of serious outbreaks of terrorism in Palestine despite the official deadline of April 1 for halting Jewish immigration according to the view of one of the best-informed neutral authorities on the Holy Land in the Middle East.

The simple reason is that deadline won't take actual effect until the big immigration quotas, unfilled because of the strictures on war travel, become exhausted and with the present trickle of immigration amounting to not more than 50 to 100 persons from the Balkans through Turkey weekly the quota backlog won't soon be depleted.

However once the Balkans are reopened and the tide of Jewish refugees floods to Palestine, and the British seek to halt illegal entrants, then, according to this same expert source, there is a possibility of outbreaks of violence if the calmer counsels of moderate elements in and out of Palestine remain unheeded.

Strict Curfew Halts Bombings

JERUSALEM — A strict curfew gave Jerusalem and Tel Aviv a quiet week end after the recent bombings and shootings which killed nine policemen, six of them British, as authorities pressed a roundup of terrorists and a wide search for illegally held arms.

With a reintroduction of the capital penalty for illegal possession and use of firearms, police searched residents of Jerusalem, Tel Aviv, Haifa, and Bethlehem, making numerous arrests.

Protest Cuba's Freezing of Funds

HAVANA — Refugees in this country will present a protest to President Batista against his order, to become effective soon, freezing until three years after the war all cash and bonds put up as security for European refugees on their arrival in Cuba.

The bonds amount to more than a million dollars, and American citizens are reported to have put up 80 per cent of the money to facilitate the entrance of their relatives into Cuba.

Theodore Dreiser Given Merit Medal

NEW YORK — Novelist Theodore Dreiser will be presented the Award of Merit Medal and \$1,000 cash prize for 1944 of the American Academy of Arts and Letters at the organization's annual ceremony here in May, Dr. Walter Damrosch, President of the Academy, has announced.

The annual award is presented only once in every five years to a writer of fiction.

Goldman Reviews Activities Of Rabbinical Association

During the past year extending from Passover 5703 to Passover 5704, the Rabbinical Association of Rhode Island has continued its program of united service to the Jewish community of Rhode Island, as well as its regular bi-weekly meetings for the members of the Association for purposes of Talmudic study and fellowship, it was stated this week by Rabbi Israel M. Goldman, retiring president, in his annual report.

"It is a pleasure," he continued, "to list the following activities which have been carried on through the year for the welfare and well-being of the Jewish people of Rhode Island.

"There has been established the weekly broadcast known as 'Sabbath Welcome,' over Station WEAN every Friday afternoon from 2:45 to 3 o'clock. It is hoped that this radio program will continue as a permanent feature of the religious life of our community and will help to strengthen Sabbath observance in our midst.

"We have established a system of hospital visitation through which the Rabbis visit regularly all the hospitals of the city and thus bring a religious ministry to the sick beds of a great many people.

"During the first half of the year the members of the Association conducted religious services every Sunday morning at Camo Endicott. These services were finally taken over by a resident Jewish Naval Chaplain.

"We convoked and conducted the State-wide Service of Mourning and Intercession for the victims of Nazi tyranny on Sunday afternoon, May 2, 1943, at the historic Touro Synagogue in Newport. This Service was attended by delegates from almost every Congregation in the State. In connection with this Service we also issued a Proclamation to the Jewish people of Rhode Island calling for a period of Mourning and Intercession in behalf of the

Mass Demonstration

"We conducted the Religious Service at the Mass Demonstration of Remembrance and Sorrow held on Sunday afternoon, May 30, 1943, at the Rhode Island School of Design Auditorium.

"We issued holiday and festival messages attempting to interpret to our people the current meaning of these occasions.

"We carried on negotiations with Church and Ministerial groups during which we stated our objections to the introduction of religious education in the Public Schools of Providence, and we were largely instrumental in delaying any further action on this matter. In addition, we cooperated with the Synagogue Council of America and with other local community agencies."

The members of the Association are as follows: Rabbi Albert T. Blugray, Rabbi William G. Braude, Rabbi Abraham Chail, Rabbi Aaron Goldin, Rabbi Carol Klein, Rabbi Samuel Ruderman (now a Chaplain in the Navy), Rabbi Morris Süssenheim, Rabbi Morris G. **F D R Approves
Army Stand on
Immigration Ban**

WASHINGTON — Last hopes that the doors of Palestine would remain open to Jewish refugees from fascist oppression faded this week.

President Roosevelt told his press conference that he could find no fault with the opposition of the Army to continuation of Jewish immigration into Palestine. Recently the President had caused great satisfaction among Zionists when he was quoted by Rabbi Stephen S. Wise as saying that "The American government never has given its approval" to the British White Paper.

Asked how he reconciled his latest statement with his previous position, the President replied, in effect, that his position remained the same, but that the British White Paper was a civilian matter for the future to be worked out when there is a more permanent peace. This is scant solace for Jewish refugees, because under the White Paper all immigration above the goal of 75,000 set five years ago will be halted today.

Rabbi Carol Klein, of the Sons of Jacob Synagogue, will address members of the Ladies' Association of the Jewish Home for Aged next Wednesday afternoon at 2 o'clock at the Home.

NEW YORK — Miss Laura L. Margolis of Cleveland and Miss Gertrude D. Pinsky of Cincinnati, the only two women on the overseas staff of the Joint Distribution Committee, will leave shortly for foreign posts. It was announced by the JDC this week. Their departure will bring to nine the number of additional Joint Distribution Committee aides who have sailed for overseas stations within the past year.

Miss Margolis will leave for the JDC's European headquarters at Lisbon. Miss Pinsky, former secretary of the National Council of Jewish Women, is bound for Montevideo, Uruguay.

**Palestine Announces
Stiff Tax Schedule**

JERUSALEM — The Palestine Government this week announced a new tax schedule which, it said, will partially offset the expected \$16,000,000 deficit for the fiscal year 1944-45. The announcement of the new measures pointed out that expenditures during the fiscal period of 1943-1944 were about \$53,000,000, of which \$14,000,000 went to subsidize the cost of bread and \$10,000,000 to provide cost-of-living allowances for government employees.

The primary aim of the Histadrut is the creation of a cooperative Jewish Palestinian Commonwealth in a free and democratic world. For the realization of this purpose, 30,000 of its members are serving with the United Nations in Palestine and on far flung fronts; 35,000 are working at lathe and bench in the war factories of Palestine; 40,500 are tilling the soil and constantly increasing the production of vital food supplies and medical plants; 20,000 are in home and coast-guard training to defend as they build.

In the manifold activities of the Histadrut, the groundwork is being laid for the post-war future. Plans and instruments have been fashioned for the creation of more industrial and agricultural projects, more urban and rural co-operatives, more training centers, more homes, more schools—all in preparation for the reception and absorption of the mass aliyah to come.

The scope and success of the above program depends upon the availability of necessary funds. You can strengthen the hands of the Jewish pioneer workers by contributing to their urgent appeal.

SPY STUFF

One of the most bitter ironies of modern history is the fact that Britain Intelligence had evidence proving that Hitler intended to start a war in Europe. But Chamberlain refused to believe it. Instead of believing his own Intelligence—Chamberlain took Hitler's word when he said that he wanted peace. . . When the war is over the story will be told: It will reveal how an American newspaper man gathered the evidence that resulted in America kicking out Nazi diplomats—because they were working as Nazi espionage agents. . . Each Nazi chief has a private spy ring that he uses to keep tabs on other Nazi biggies. That's why Goebbels has a switchboard which is used to listen in on every conversation in his building.

Glamorous Mata Hari are seldom used these days. The Nazis train ordinary looking people for spy work so that they won't stand out in a crowd and excite suspicion. . . In Argentina the Nazis control more than a dozen widely circulated daily newspapers and distribute over 300,000 pamphlets weekly. . . Each Nazi spy gets certain tricks to use. As soon as he is nabbed those tricks go on a blacklist to make certain another agent won't use the same act.

Germans in America who refused to work for the Bund were kidnaped—shipped back to Germany and shot. Yet we still have many Bund supporters in this country who aren't in cells! . . . The Nazi espionage network is a tremendous organization: The

British discovered that there were 14,000 Nazi agents in Britain who were posing as servants. . . Five years ago the Nazis spent more money on espionage activities than we spent for our army and navy.

The Jap system is to educate every Jap with the idea of being a sneak. When a Jap returned from a visit to another nation he promptly went to the Jap foreign office and told them everything he saw and heard. . . Even the most innocent type of information is vital to spies. Something that may seem unimportant to you could supply the missing link to a vital secret for a trained spy. . . One of the duties of Nazi agents in this country was to jot down overheard conversations. It served as a guide to our morale. If they heard many Americans in one part of the country spouting racial hatred—that's where the Nazis concentrated their hate propaganda.

Nazi agents run many schools in Argentina—where Argentine children of German descent are given military training. They used to run similar schools in California until this reporter exposed the recently indicted Nazi agent behind that plot—F. K. Perenz. Mata Hari was as great a spy as legends assert.

Espionage a la Hollywood thrillers is old hat. The best weapon of Japanazi agents is propaganda. The Nazis have discovered that destroying a nation's will to fight, by spreading confusion and disunity, helps them more than destroying war plants. . . A Nazi outfit named World Service draws up the propaganda blueprints to be used by their supporters in democratic nations. Many American rabble-rousers were on its mailing list. Some Americaners are still making use of the propaganda lessons they learned from the Nazis. . . As far back as

Swedes Lack Ships To Transport Jews

STOCKHOLM — Sweden has refused an American Government request that some Swedish shipping be used to evacuate Jewish refugees from Rumanian Black Sea ports to Palestine, it was learned on reliable authority.

The proposal was made through the Swedish Minister in Washington. It was understood to have been turned down on the grounds that Sweden has no shipping available.

1936, Congress was given evidence of Jap espionage in America, but it was ignored. . . When American newspapers and mags arrive in neutral countries, everything written about Naziism is clipped by Nazi agents and sent to Goebbels.

The international spy exchange does a thriving business inside neutral nations. It is composed of espionage agents who gather information about any country and sell it to the highest bidder. . . A skunk disguised as a dove isn't anything new. When Franz Von Papen directed German sabotage and espionage activities (in America before the last war) the outfit he used as a front was labeled The National Peace Council.

One of the unknown home-front heroes is Walter Morrissey. He was the superintendent at the Nazis' New York consulate. When the Nazis gave him documents to burn in the furnace he turned them over to the FBI. Evidence from those documents helped the G-Men crack one of the biggest spy rings in America.

This is how Nazis trust each other: The Gestapo spies on the Germany Army, and the German Army has spies in the Gestapo. . . Himmler has every newsreel that

depicts an assassination. He runs them off hundreds of times—in order to observe how best to guard Hitler against a similar attempt. . . When German militarists try to save themselves by getting rid of Hitler they will discredit him in the eyes of the German people by offering evidence proving that in 1919 Hitler was a spy.

Cpl. Aptel Describes Plans For Purim in North Africa

Cpl. Raymond Aptel, stationed with a hospital unit somewhere in North Africa, in a letter to his parents, Mr. and Mrs. Joseph Aptel, of 128 Holden street, discusses plans his outfit made for a Purim celebration.

"Tomorrow evening, which is Friday," he wrote, "we are to have a Purim celebration, after services. We are now holding our own services here each Friday night. One of our boys who, incidentally, was born in Russia, acts as cantor and conducts services. Though some

of the boys cannot attend the services because they are on night duty we do have a fair turnout.

"The commanding officer has given us permission to conduct our services in one of the buildings which is very convenient. I understand that arrangements have been made to have fruit, nuts, figs, dates and homantashen, so though we are in far off Africa we will celebrate the holiday as we use to, back home."

Names of other Providence boys were mentioned in his letter when he said, "I received a letter from Harry Mittleman, the other day. He is trying to locate his brother Joe who is now stationed somewhere near him. He has not been able to see Bob Lackin or Roy Kamaras as yet."

In closing he casually mentions that he has been promoted to Technician, 5th grade.

that many thousands of Jews will trek to Palestine, although some members of the Palestine intelligentsia and professional classes will return to their former homelands.

While the Arabs are maintaining a mouselike quiet the situation remains explosive for the future because Zionist Jews are not giving up their dream of a Jewish Palestine state, and militant revisionists among them are continuing to receive strong financial support from American Jewish organizations.

It Happened This Week

Pie-Alley Philanthropist

There's a big brown bottle standing near the counter of Harry's Delicatessen into which servicemen and patrons of the place toss their spare pennies, nickels and dimes. Whenever a serviceman goes broke—if he's not shaming or on the bum—Harry Mineoff is ready with an open pocketbook to stake the sailor, soldier or marine. The money that he has given out exceeds, in total, the sum that has been deposited in the brown bottle. But Harry isn't worrying. He believes in the innate honesty of our men in service—and so far that faith has been justified. Five and ten dollar bills have been loaned to individuals or groups for dates, chow or transportation. Daily Harry receives letters of appreciation from all over the universe—except Nazi Germany—and included with the note of thanks is usually a money order for the amount borrowed with the suggestion that it might help another who might be broke and stranded in Providence. There's a large guest book, near the bottle, in which hundreds of men have signed their names with good wishes for the work Harry is doing. A number of service papers have given Harry a write-up and we hear he's now being called the "angel of pie-alley".

About People

Mrs. Avis Shulman who recently completed a series of four lectures for Senior Hadassah and who also pinch-hitted for the Zionists last week when Ludwig Lewisohn was unable to make his scheduled speech has been chosen to participate in a "Religion in Life" program to be held next week at Bucknell University, Lewisburg, Pa. Ben Premack, well-known in musical circles in our town, was guest of honor at a farewell party given last Wednesday night at the Center. Ben will enter the Army shortly. The Ben Kaplans are back from Florida. The Jack Cerels will leave this week-end for Los Angeles, Cal., where they plan to stay for four or five weeks. The Paul Bergmans had as their guest last week, Betty Kaplan, Paul's sister, who lives in Worcester.

There have been a good many

servicemen in town on furloughs this past week. Bob, Lloyd and Ian Rosenbaum, sons of the Louis Rosenbaums, all in the Army, were home. Burton Goldberg, son of the Herman Goldbergs was also given time off from soldiering. Pvt. Zelda P. Shepard, CWAC, is spending a portion of her furlough with her grandmother, Mrs. Ida Manekofsky. And from California, Pvt. Simon Schechtman, son of the Isadore Schechtmans, is home from Camp Haan, on a 15-day furlough. And from England we've received word that PFC Gilbert Resnick, son of the Benjamin Resnicks, has been promoted to Corporal. Pvt. Abraham Charles, son of the Samuel Charles, is spending his 15-day furlough from Camp Greeley, Denver, Colorado, visiting his parents. Here's one soldier who's been away from home for a long time—three years in fact. He's Pvt. George Glantz, son of Mrs. Samuel Glantz, has been given a three-week furlough from his post in Panama.

High Finance

A waiter at one of the hotels told us this story. Three business men were dining and when the waiter presented the bill, the

first man grabbed it, and told the others: "I'll charge it as a business expense, and since I'm in the 53 per cent bracket, the government would be paying for more than half of this check." "No, let me pay it," said the second. "I've got war contracts and I'm in the 90 per cent bracket—so the government would be paying for almost all of it." "No, let me pay it," the third man insisted. "I'm doing government work on a cost-plus basis, and I can make five bucks out of it."

More Notes

PFC Malcolm Mickler, son of the Moses Mickler, is now stationed with the Army Air Corps in New Guinea. Henry Jacober, son of the Sol Jacobers, stationed in the Aleutians, has been promoted to Staff Sergeant. Abner Suvall, who's in the Central Pacific fighting zone, son of the Nathan Suvalls, has also been promoted to Staff Sergeant. The Cranston Community Group will hold their second annual Seder next week-end. Incidentally the group has big plans in mind, including the purchase of a building to start a center. Pvt. Abraham Seidel, son of the Nathan Seidels, is on duty as a motor mechanic in Northern Ireland. He has a brother Leon who's also a member of the AAF.

Latin-American Arabs Ask S. America to Back Stand

BUENOS AIRES — Spokesmen for the "Pan-Arab Congress of America," which claims to represent the approximately 300,000 Arabs living in Latin-America, have sent a memorandum to the foreign ministries of all Western Hemisphere countries asking support for the Arab position on Palestine, it was learned here.

The memorandum was drafted at a meeting here last week of 20 representatives of the Arab communities in Argentina, Brazil, Chile, Uruguay and Colombia called to discuss the projected pan-Arab congress in Cairo and intensified political activity by Argentine Zionists. The Arab note, it is understood, makes the following points:

(1) The Palestine problem is exclusively an Arab question and

must be solved by Arab nations only; (2) Arabs reject foreign intervention in their affairs; (3) The Arabs have never recognized the project for the establishment of a Jewish state in Palestine and reject Zionist demands; (4) Unlimited Jewish immigration would reduce Palestine Arabs to a minority status; (5) Arab groups object to the formation of Jewish defense groups in Palestine, and deny the necessity of any such organizations; and (6) The Pan-Arab Congress of America urges the creation of an independent Arab national government in Palestine and Transjordan.

The Arab "Congress" was formed here in April of 1941 as a result of a meeting of delegates from the Arab communities in the countries mentioned above.

Wallace Praises Chaim Weizmann

Saved U. S. War Effort from Errors

WASHINGTON — Serious errors in the production of rubber were avoided thanks to the advice of Dr. Chaim Weizmann, president of the Jewish Agency and internationally famed chemist, it was revealed by Vice President Wallace in his speech at the dinner of the American Palestine Committee.

Dr. Weizmann's observations have saved the United States immeasurable wasted effort and accelerated this country's war production, the vice president said. He did not, however, go into the details of Dr. Weizmann's war contributions. In World War I, Dr. Weizmann's chemical discoveries were of great value to Britain's war effort and, according to legend, were a factor in obtaining the Balfour Declaration.

Get the Best Mortgage Contract for Your Protection

There are mortgages, and mortgages. Most people have occasion to deal with the subject only once in a lifetime. Hence they are often unfamiliar with important details that can make a great difference to them in the long run.

Did you know that you need not pay more than 5% interest for a good first mortgage?

Did you know that Old Colony's mortgage note is written on the "direct reduction" plan, so that every payment lessens the amount of interest due the following month — which means that

a larger proportion is credited on principal, until the mortgage is completely paid off?

Did you know that — as long as the definite terms of the Old Colony contract are carried out, including your regular monthly payment — no demand for full payment of the balance can be made? This is not true of many other mortgage forms.

This is the modern way to acquire a home of your own, free and clear — without worry or strain.

Come in and let us explain the details.
