Deny Roosevelt Made Pledge To King Ibn Saud on Palestine

WASHINGTON — Reporters here who accompanied President Roosevelt home from Yalta said neither he nor his press aides made any mention of a pledge to King Ibn Saud that "he would not support the Jews in Palestine" as was declared by Azzam Bey, secretary general of the Arab League. They recalled, however, that Mr. Roosevelt and the Saudi Arabian King held long conversations aboard a warship with no other persons present.

President Truman asserted last week he had discussed the question at Potsdam and that the American view is that as many Jews as possible should be let into Palestine. Azzam Bey's statement expressed bewilderment why Mr. Truman would discuss the Palestine question with British leaders at Potsdam and reminded him of one of the last promises made by

President Roosevelt, when he put his hand in the hand of King Ibn Saud and promised him he would not support the Jews in Palestine.

Azzam Bey declared that the problem of the immigration of Jews into Palestine would "only be a very small factor" toward solving the Jewish world problem.

"The Arabs," he said, "will never give up their rejection to Jewish immigration which would destroy their nation."

"We believe all Arabs have the complete right to object to Truman's statement."

Azzam Bey also commented that Mr. Truman in his statement last week said the Palestine problem had been discussed only with British leaders at Potsdam and made no mention of Russia.

"That Russia was not consulted," Azzam Bey commented, "is not understandable here because if the Palestine problem is an international one, then how could they ignore a big country like Russia? And if it is not an international problem why then is the United States interfering in such a delicate problem."

Azzam Bey asserted the Palestine problem "is an Arab problem and the establishment of a Jewish national home in an Arab country would ignore the desire of all Arabs and Moslems and would not be a good factor for establishing a new peaceful world."

Political Prisoners On Hunger Strike

CAIRO — Two hundred seventy-nine prisoners who were deported from Palestine to a concentration camp in the Anglo-Egyptian Sudan, to exist on starvation rations, unsanitary conditions and unbearable tropical climate, have informed the British Inspector of the Camp that they will begin a "hunger strike" unless they are released or brought to trial, Samuel Merlin, Secretary General of the Hebrew Committee of National Liberation, revealed.

Propose Free Medical School

NEW YORK — A proposal to establish a free medical school, operated by the City Board of Higher Education and which would admit all qualified students regardless of race or religion will be introduced in the next session of the New York State Legislature. The announcement, made by Assemblyman Schupler (D., Brooklyn), came in a statement sharply criticizing Dr. Ernest M. Hopkins, president of Dartmouth College, who recently declared his approval of quotas against Jews.

Liaison Officers To Enter Germany

WASHINGTON — The American Jewish Conference has been authorized by the War Department to send a limited number of special representatives to Germany and other areas occupied by American Forces in Europe to act as liaison officers for the Jews still confined in camps.

These representatives, some of whom may leave within a fortnight, will work under the auspices of UNRRA and assist in solving the problem of the Jewish stateless and non-repatriable persons.

Move to Oust Senator Bilbo Stalled for Lack of Votes

WASHINGTON, D. C. — Impeachment proceedings against Senator Theodore G. Bilbo (D. Miss.) for his attacks against Jews, Negroes and other minorities, have been considered by several United States Senators, but they doubt that they can obtain the votes necessary for his removal, Senator Robert A. Taft (R. Ohio) has revealed.

Answering a letter from A. L. Kamen, of New York, who wrote that he was shocked by Bilbo's hate outbursts, Senator Taft branded the Mississippian "a disgrace to the Senate," and wrote: "We have considered filing a

Garden Supplies Fresh Vegetables at Home

Four residents of the Jewish Home for Aged are pictured above harvesting tomatoes from the Victory Garden, located on a plot of land adjacent to the institution. In the foreground, left to right, are Mrs. Hinda Gertz and Mrs. Bertha Daranshoff; in the background are Mrs. Chava Davidson and Mrs. Chana Shore. Thus far the residents have harvested 340 ears of corn, 184 cucumbers (with more than 200 yet to be picked), 200 carrots, 110 pounds of stringbeans (an estimated 30 pounds still remain), one bushel tomatoes (with at least 12 more bushels on the vines), and two dozen squash.

The garden is taken care of by John H. Kempf, maintenance man, assisted by Max Alexander, superintendent of the Home, and many residents. A second picture of the garden appears on Page 6 of this issue.

Proof of Guilt for Murders is Found

BERLIN — Conclusive proof that the extermination of Europe's Jewry was plotted by the Nazi inner circle was discovered in the files of SS Gruppenfuhrer Philip Hoffman, chief of the infamous SS Race and Resettlement Office, it was announced this week by U. S. Army authorities.

The files revealed that Reinhard Heydrich, notorious "hangman" of the Nazi Party, later assassinated in Czechoslovakia, extended invitations to a luncheon on January 20, 1942, to 13 high Nazi and government officials to discuss the complete liquidation of "the Jewish question."

Attached to the invitations were photostatic copies of a letter from Hermann Goering charging Heydrich with its solution.

Number of Foreign Born is Reduced

NEW YORK — The number of foreign-born persons in the United States is fast approaching the vanishing point, and under current immigration restrictions the number of foreign-born whites in this country will, in 1980, constitute only one per cent of the population, compared to 14.5 per cent in 1920, statisticians of the Metropolitan Life Insurance Company report.

"In the decade from 1930 to 1940 our net alien immigration averaged only 7,000 a year," the statisticians say, while deaths of foreign-born totaled 264,000 in 1940 alone.

Disclaims Intent To Keep Children

PARIS — The Catholic clergy has no intention of holding onto the Jewish children its members helped to rescue during the German occupation, Father Chailley, noted resistance leader, and head of the resistance welfare organization, said this week.

Groups Act to Forestall Racial Outbreaks in Country

BOSTON — The recognition of early signs of racial, religious and class hatreds which may grow during the period of postwar strain, is spurring widespread activities on the part of churches, schools, universities, political parties and private organizations to promote good-will and understanding among persons of various religions, races and national origins, R. H. Markham Christian Science Monitor Staff Writer, reports.

In Detroit, regarded as a major potential trouble spot, the Superintendent of Schools appointed an Administrative Committee on Intercultural and Interracial Understanding to prevent outbreaks of race hatred or class war.

In Philadelphia, Fellowship

House, a social service center for all faiths, takes up the cudgels of minority groups whenever acute racial or labor strife breaks out in that city.

Intercultural workshops, where people of various races and creeds meet, are being conducted at Columbia University, in New York City, Goddard College in Vermont, the University of Minnesota and Stanford University in California, Mr. Markham reports.

Services Broadcast To Navy via Guam

GUAM — Every Saturday at 9 p. m. Jewish religious services are beamed from this island to ships at sea, those tied up in the harbor and every unit and hospital on Guam.

The broadcast, the "Jewish Hour," is under direction of Lt. Philip Lipis, Chaplain Corps, USNR. Chaplain Lipis, former rabbi of Bethel Synagogue, Camden, N. J., is assisted by Chaplain E. H. Riekel, USNR, of Temple Beth-el, Buffalo, N. Y., and by Army Chaplains A. E. Michelson of Charlotte, N. C., and D. I. Cedarbaum of New York City.

JDC Opens Jewish Orphanage in Greece

NEW YORK — An orphanage for Jewish children who lost their parents during the German invasion and occupation of Greece has been opened with funds supplied by the Joint Distribution Committee.

Editorials

President Truman's Declaration

Believers in justice every where are deeply gratified by President Truman's announcement that the proposal to establish Palestine as a Jewish State is being given active consideration. This pressing human problem, the solution of which is a matter of life and death for the Jewish people, cannot be side-stepped, and President Truman's expressed desire to deal with the question without delay gives new hope to the shattered remnants of European Jewry who look to Palestine as their only salvation.

In declaring that the American Government desires to let into Palestine as many Jews as possible and re-establish a national state there, President Truman has reaffirmed the traditional American position on Palestine.

Arab leaders—the same individuals who actively supported the Axis in this war and who proclaimed their allegiance to the United Nations only after the Germans were beaten beyond recovery—intent upon halting the wave of progress which would inevitably follow the establishment of Palestine as a Jewish State, and prompted by those forces responsible for the White Paper policy, are now engaged in an all-out effort to terrorize the democratic world into denying the just claims of the Jewish people. It is to be hoped that the rantings and idle threats of a few feudal chieftains will not be taken seriously by those charged with the responsibility of creating a new and better world wherein all men may be given the opportunity to live in freedom and security.

Curb on German Immigration Asked

Sheldon Testifies Before Committee

WASHINGTON — A curb on German immigration to the United States and the admission of Nazi torture victims instead was urged by Professor James H. Sheldon, administrative chairman of the Non-Sectarian Anti-Nazi League, speaking at a hearing of the House Immigration and Naturalization Committee.

Said Professor Sheldon: "The entire German population has been subjected to a scientific process of control and indoctrination.....As a nation, psychologically and spiritually, they are so sick and so dangerously infected, that it would be better to take down the bars against aliens who are only infected with small-pox than to admit 28,000 of these dangerous carriers of Nazism into our America each year."

Wants Displaced Persons to Return To Homelands

LONDON — An ingenious "softening up" process has been developed, according to Sir Herbert Emerson, chairman of the Intergovernmental Committee for Refugees, designed to change the mind of those displaced persons who do not wish to return to their former homelands.

The individual who does not wish to return to his former homeland, says Sir Herbert "really does not have sufficient information with which to pass judgment."

The displaced person is therefore permitted to remain "in a camp for a year or two under something less than ideal conditions." He is then ready to listen to suggestions that he return to his country of origin.

Hamilton Warns Of Rankin's Tactics

WASHINGTON — The revival of the Dies Committee, on un-American activities, though accomplished by Republican votes, was proposed by "a reactionary Democrat," Representative John E. Rankin of Mississippi, John D. M. Hamilton, former Republican National Chairman, declares in an article titled "What the GOP Needs," appearing in the Liberty magazine.

"The fact that our party's representatives were willing to follow the leadership of a man who has a nation-wide reputation as a racial bigot has not been helpful and the next campaign will prove it, particularly in marginal city districts," he warns.

Classes to Start With Fall Term

The Orthodox Rabbis in Providence in a statement issued this week said that the proposed Hebrew Parochial School, "Yeshivah Parochial Achei Tmimim Lubavich", to be located in the Sons of Zion Talmud Torah Building on Orms street, had their fullest approval and urged that Providence Jewry consider the school for their children. The Rabbis endorsing the program included Rabbis Carol Klein, Morris G. Silk, David and Joshua Werner.

Rabbi Groner, who will act as general supervisor for the school, said this week that the Providence Board of Education had approved the curriculum. "School will open at the beginning of the new term in September and children of all grades—1b to 8a and Kindergarten, ages 4 to 6 years—are accepted. There will be free bus service, physician's care, hot lunches and playground activities."

A member of President Truman's Cabinet was as surprised as were most civilians by the announcement of the efficacy of the new atomic bomb. Three times he had tried to cut the appropriations for the development of the bomb. Each time he had said: "This looks like another WPA project." Each time, fortunately, he had been overruled. The new building for the New York Times, which will go up on the site of the old 44th Street Theatre, will be 14 stories high. Four additional floors will be underground.

Louis Johnson, the ex-Asst. Sec-

retary of War, has the American Legion's backing for Henry Stimson's post. Adjutant General Ulio is expected to retire shortly. Despite the ending of the war the Senate's War Investigating Committee will continue to function, and will not drop its proposed investigations on the West Coast. The Committee will operate on the theory that it was authorized as a National Defense Committee, starting in 1941 before the war began, and will continue to investigate all phases of our National Defense after the war ends. Its budget appropriation will carry it through 1946.

The citizens of Munich soon will have a new mayor. Robert Merrill, the 25-year-old Metropolitan Opera singer, was asked how the opera differed from other New York presentations. "This ought to give you an idea," said the youngster. "I played Martinelli's father-in-law in 'Aida'." The Earl of Halifax will not remain in Washington longer than three months. He may be succeeded as Ambassador by Clark Kerr, Britain's Ambassador to Moscow.

Giuseppe de Luca, the veteran opera singer who returned to Italy many years ago, is anxious to come back to the Met. Esquire will feature an adaptation of Vanity's Fair's "We Nominate for Oblivion" department. A playwright, a radio star, a labor leader and a Congressman will be among the first so nominated. Almost every enlisted man and officer from Spartanburg, who was in Germany when the President's party arrived from the Potsdam conference, managed to visit with South Carolina neighbor Jimmy Byrnes. An important speech on postwar unemployment will be delivered by U. S. Supreme Court Justice William O. Douglas before the Missouri Bar Association at Columbia on Sept. 18.

James V. Bennett, director of Prisons for the Dept. of Justice, has left for Germany to inspect the prisons. Maj. Gen. Bull, Eisenhower's acting chief of staff during the illness of Lt. Gen. Smith, lives in a villa which is called Case del Toro—House of the Bull. The 1945 Neiman-Marcus Awards for distinguished service in the fashion field will go to Dr. Francis Taylor, director of the Metropolitan Museum of Art;

Senator Barkley of Kentucky, in discussing the many jobs held by Secretary of the Treasury Fred Vinson, told the story of a dealer who sold some merchandise to a small-town merchant and couldn't collect. The dealer wrote to the town's stationmaster to make sure the goods had been delivered, wrote to the president of the local bank to check on the merchant's credit, then wrote to the town's mayor asking him to recommend the best lawyer. The dealer received this reply: "As stationmaster I can assure you the goods were delivered to me. As president of the bank I can assure you my credit is good. As mayor I can tell you I'm the best lawyer in town, and if it weren't for the fact that I'm the pastor of the church I'd tell you to go to hell."

One of our Ambassadors is fretting in Washington, declaring that he won't return to his European post unless he can take the Four Freedoms to that country. Ethel Merman's son will be named Robert Daniels Levitt Jr. The British Zone of Occupation in Germany will supply the American Zone with coal, in return for food. The wheat now being shipped into the American Zone will assure the Germans of food this winter. Mrs. Maria Martins, wife of the Brazilian Ambassador, will have a decoration for Eleanor Roosevelt. Louis Calhern is sporting a patch above his left eye, after an adventurous visit to Coney Island.

Ed Prichard, Asst. to the Sec'y of the Treasury, will retire from the government Oct. 1, and return to his native Kentucky to practice law. Prichard, who was discharged from the Army because he weighed over 300 pounds, now is down to 225. Ahavath Sholom Synagogue Victory Memorial Service

At a victory service held Wednesday evening, August 15, at the Ahavath Sholom Synagogue in conjunction with President Harry S. Truman's proclamation of V-J Day, Rabbi Morris T. Silk offered a prayer for lasting peace and Samuel H. Levinson, vice president of the congregation, gave an address in Yiddish.

A memorial service for the late Franklin D. Roosevelt and nine boys of the congregation who lost their lives was held, Rabbi Silk in his sermon stated that: "Victory over Germany and Japan marks the definite triumph of a

freed humanity and means the final disappearance of fascist ideology. Freed nations will now have to meet in conference to contrive means to rid the world of conflict. "It must now be recognized that might cannot conquer and may the day come when it will be acknowledged by all peoples that right is might."

Cantor David Einstein chanted the liturgy and Cantor Henry Katz-Jerech of Newport, sang the traditional hymns.

A member of President Truman's Cabinet was as surprised as were most civilians by the announcement of the efficacy of the new atomic bomb. Three times he had tried to cut the appropriations for the development of the bomb. Each time he had said: "This looks like another WPA project." Each time, fortunately, he had been overruled. The new building for the New York Times, which will go up on the site of the old 44th Street Theatre, will be 14 stories high. Four additional floors will be underground.

Ahavath Sholom Synagogue Victory Memorial Service

At a victory service held Wednesday evening, August 15, at the Ahavath Sholom Synagogue in conjunction with President Harry S. Truman's proclamation of V-J Day, Rabbi Morris T. Silk offered a prayer for lasting peace and Samuel H. Levinson, vice president of the congregation, gave an address in Yiddish.

A memorial service for the late Franklin D. Roosevelt and nine boys of the congregation who lost their lives was held, Rabbi Silk in his sermon stated that: "Victory over Germany and Japan marks the definite triumph of a

freed humanity and means the final disappearance of fascist ideology. Freed nations will now have to meet in conference to contrive means to rid the world of conflict.

"It must now be recognized that might cannot conquer and may the day come when it will be acknowledged by all peoples that right is might."

Cantor David Einstein chanted the liturgy and Cantor Henry Katz-Jerech of Newport, sang the traditional hymns.

**Rabbis Endorse
Parochial School****Classes to Start
With Fall Term**

The Orthodox Rabbis in Providence in a statement issued this week said that the proposed Hebrew Parochial School, "Yeshivah Parochial Achei Tmimim Lubavich", to be located in the Sons of Zion Talmud Torah Building on Orms street, had their fullest approval and urged that Providence Jewry consider the school for their children. The Rabbis endorsing the program included Rabbis Carol Klein, Morris G. Silk, David and Joshua Werner.

Rabbi Groner, who will act as general supervisor for the school, said this week that the Providence Board of Education had approved the curriculum. "School will open at the beginning of the new term in September and children of all grades—1b to 8a and Kindergarten, ages 4 to 6 years—are accepted. There will be free bus service, physician's care, hot lunches and playground activities."

Further information concerning registration for the Parochial School and the Talmud Torah, now being conducted at 129 Chester avenue, may be obtained from any of the above Rabbis.

**Jewish Girls
Police Berlin**

PRAGUE — Hundreds of Jewish girls from Russia, Bukovina and the Baltic countries, many recently liberated from Nazi concentration camps, are now police-women in the Soviet-occupied zones of Berlin, Vienna and other towns in Germany and Austria. Off duty the girls engage in helping Jewish survivors to cultural and social rehabilitation.

Most of the girls have mastered the German language and are highly praised by Soviet authorities. They usually receive promotions after three months service.

NEW YORK — A. B. Kapplin, veteran newspaperman and Duluth (Minn.) civic leader, who has been appointed national director of B'nai B'rith's Americanism department. Mr. Kapplin is now head of the veterans relations program of the Anti-Defamation League, a post which he will retain.

**Mizrachi Leaves
Zionist Conclave**

LONDON — The Mizrachi delegation "took a walk" last week, at the World Zionist Conference meeting here, charging the Zionist leadership with lacking any definite policy.

In a statement issued by the delegation at the time, the Mizrachi announced they would not return to the Executive, until it was thoroughly reorganized.

**Hamilton Warns
Of Rankin's Tactics**

WASHINGTON — The revival of the Dies Committee, on un-American activities, though accomplished by Republican votes, was proposed by "a reactionary Democrat," Representative John E. Rankin of Mississippi. John D. M. Hamilton, former Republican National Chairman, declares in an article titled "What the GOP Needs," appearing in the Liberty magazine.

"The fact that our party's representatives were willing to follow the leadership of a man who has a nation-wide reputation as a racial bigot has not been helpful and the next campaign will prove it, particularly in marginal city districts," he warns.

**Curb on German
Immigration Asked****Sheldon Testifies
Before Committee**

WASHINGTON — A curb on German immigration to the United States and the admission of Nazi torture victims instead was urged by Professor James H. Sheldon, administrative chairman of the Non-Sectarian Anti-Nazi League, speaking at a hearing of the House Immigration and Naturalization Committee.

Said Professor Sheldon: "The entire German population has been subjected to a scientific process of control and indoctrination.....As a nation, psychologically and spiritually, they are so sick and so dangerously infected, that it would be better to take down the bars against aliens who are only infected with small-pox than to admit 28,000 of these dangerous carriers of Nazism into our America each year."

**Wants Displaced
Persons to Return
To Homelands**

LONDON — An ingenious "softening up" process has been developed, according to Sir Herbert Emerson, chairman of the Intergovernmental Committee for Refugees, designed to change the mind of those displaced persons who do not wish to return to their former homelands.

The individual who does not wish to return to his former homeland, says Sir Herbert "really does not have sufficient information with which to pass judgment."

The displaced person is therefore permitted to remain "in a camp for a year or two under something less than ideal conditions." He is then ready to listen to suggestions that he return to his country of origin.

4 Colleges State Stand on Quotas

Harvard, Princeton Don't Discriminate
NEW YORK — Harvard, Columbia and Princeton universities were quick to announce that they have no quota against Jews following justification by Dr. Ernest M. Hopkins, president of Dartmouth College, in New Hampshire, of an arbitrary quota against Jewish applicants for admission to that institution.

Dr. Hopkins contended that if the quota were lifted it would set off widespread resentment and anti-Semitism in the college, Robert G. Spivack and Leo M. Swain, Jr. reported in the New York Post, after a telephone interview with Dr. Hopkins. He said that Dartmouth was essentially a "Christian college."

On learning of Hopkins' statement, Fordham University, a Catholic University in New York, proudly pointed to its large Jewish enrollment.

Hebrew U. Asks For More Support

LONDON — The Board of Governors of the Hebrew University will meet shortly in the United States to widen American support for the institution.

The announcement also disclosed that the board, which met here last week for the first time since the war, had elected four Americans to the governing body. They are Mrs. Judith Epstein, Hayim Greenberg, Robert Nathan and Harry Scherman. The London meeting ratified the plan for a joint fundraising drive with the Hadassah for the projected university medical school and voted salary increases for the majority of the university's staff.

SHOE RATIONING

NEW YORK — A WPB spokesman said that shoe rationing may end within the next 2 to 8 weeks.

Wheeler Scores Charter's Aims

"Does Not Solve Plight of Jews"

WASHINGTON — Senator Burton K. Wheeler, arch-isolationist frequently accused of association with the "unatic fringe", touched on the plight of the Jews in the course of his criticism of the UNICO Charter as a "declaration of pious intentions."

"Only one of the many problems we confront is the Jewish question both in Germany and throughout Europe," Senator Wheeler said. "The war would in large measure have been fought in vain and all the 'principles', 'charters', 'declarations', and other pious shibboleths would be mere mouthings of insincerity unless and until the sufferings of the first and most acute victims of Hitlerism be healed and their problems solved by the councils of the world. These victims are admittedly in no position to help themselves or to effectuate a satisfactory solution to their problems.....While Hitler has lost the war, he undoubtedly would have proved victorious in his fight against the Jews, perhaps even of a degree greater than he had planned or even hoped for, if some satisfactory solution of their problems is not found."

Camp Endicott Victory Service

A special victory service was conducted at Camp Endicott Chapel last Friday night by Chaplain Benjamin Kreitman assisted by Cantor S. Robert Suchman. S 1/c and the Jewish choir. Chaplain Kreitman's sermon was entitled "On a Note of Triumph."

A number of visitors and guests from Providence attended the service and the celebration which was held in the Enlisted Men's Lounge after the services. Refreshments were served by the Temple Beth-El Sisterhood in cooperation with the Providence Army and Navy Committee of the Jewish Welfare Board. Hostesses included the Mesdames Bertram Bernhardt, Jack Davis, Benjamin Ruttenberg, Benjamin Salter, William Silverman and Stanley Shein. Junior hostesses from the War Activities group of the Temple Beth El were the Misses Lillian Slatoff, Belle Axelrod, Betty Gould, Evelyn Freid and Charlotte Rakatansky.

Catholic Paper Says Race "Tolerance" is Not Enough

HARTFORD — Declaring that tolerance is "not enough" to eliminate prejudice and bigotry, the Catholic Transcript, of Hartford, Conn., editorially denounced as "sickening" a letter written by Thomas B. Dawson, publisher of the Metropolitan News in West Hartford, praising Senator Theodore G. Bilbo, (D. Miss.) for his anti-FEPC stand and his attacks on minority groups.

Dawson's letter, lauding Bilbo and "his friends" for trying to "save" America and complaining that "real White Christian Americans" in the North are outnumbered by Johnny-come-latelys from Europe" who speak with "broken accents", was read by Bilbo on the Senate floor and was inserted onto the Congressional Record.

The editorial in the Catholic Transcript asserts that Dawson's letter may shock some readers into making an "impassioned plea for tolerance". The editorial adds, however, that "to tolerate Jews or Protestants or Catholics, Negroes or Asiatics or Eskimos means simply to put up with them temporarily in the expectation of being eventually rid of them. Tolerance, then, is not enough. It is not worthy of human beings. What is required is justice and charity".

Unveil Hebrew Tablet at Belsen

LONDON — A Hebrew tablet has been unveiled at Belsen Bergen camp on the spot of a mass grave in which 30,000 Jews were buried after their extermination by the Nazis. The tablet was unveiled by Rabbi Baumgarten, the representative of the Chief Rabbi's Emergency Council who visited the camp. The Emergency Council has now established a permanent office at Bergenbelsen.
